DOUBLY PROVEN.

McConnellsburg Readers Can No Longer  
Doubt the Evidence.

This McConnellsburg citizen  
testified long ago.

Told of quick relief of undoubt-  
ed benefit.

The facts are now confirmed.  
Such testimony is complete—  
the evidence conclusive.

It forms convincing proof of  
merit.

Miss Susan Peightel, Main St.  
McConnellsburg, says: "I was in  
poor health for some time and I  
believe that weak kidneys caused  
the trouble. I suffered greatly  
from severe pains in my back  
which often darted into my head.  
I often became dizzy and had  
chills. I was losing strength  
daily and felt poorly in every  
way. Doan's Kidney Pills, procur-  
ed at Trout's Drug Store,  
brought me quick relief." (State-  
ment given November 5th, 1907).

Over Six Years Later, Miss  
Peightel said: "Whenever I need  
a backache or kidney medicine, I  
use Doan's Kidney Pills. They  
relieve me."

Price 50c. at all dealers. Don't  
simply ask for a kidney remedy—  
get Doan's Kidney Pills—the  
same that Miss Peightel has twice  
publicly recommended. Foster-

A Recital of Facts.

If you are a reader of "The  
Philadelphia Record", daily and  
Sunday, skip this brief article—  
it's a recital of facts with which  
you are already familiar. The  
information it contains is for your  
friends and neighbors who do  
not know why you prefer "The  
Record" to any other city news-  
paper—because they don't know  
"The Record."

There are as many kinds of  
newspapers as there are inter-  
pretations of the word NEWS.  
"The Philadelphia Record's" in-  
terpretation is popular. News,  
in its estimation, is information  
of current events of general in-  
terest, presented without any  
other censorship than that in-  
volved in excluding the unwhole-  
some, emanating tiresome detail  
and triviality, and correctly  
measuring the space allotted to  
each item in accordance with its  
importance and its value to the  
average reader.

"The Sunday Record" is the  
daily's big brother. Its rapid  
strides in circulation are proof  
positive that the publishers have  
struck the right note in furnish-  
ing a bigger and better Sunday  
paper, with an illustrated maga-  
zine filled with the best fiction as  
one of its strongest attractions.  
There are also five pages of com-  
ics, four of them in color, for  
everybody who enjoys a wholesome  
laugh, and an enlarged feature  
section chock-full of interesting  
reading.

No need to take anybody's  
word for these facts about the  
daily and Sunday "Record." Buy  
one copy of each and put the mat-  
ter to a test. That will enroll  
you in the large army who be-  
lieve the "The Philadelphia Re-  
cord," daily and Sunday ought to  
be in every home.

Good Seed Needed For Better Farming.

Poor seed cannot produce large  
crops of superior quality. No  
amount of strenuous work or ex-  
pense can produce a good crop  
unless the seed are good. Cen-  
sus reports show a large differ-  
ence between yields of standard  
farm crops in different states.  
Wheat, for example, varies in  
different states from yields of  
7.2 bushels per acre to 27.8 bush-  
els per acre average. Corn  
varies from 11.8 to 48.6 bushels per  
acre, and potatoes from 83 to  
210.3 bushels per acre. Better  
seed will assist in raising the na-  
tional yield higher than the aver-  
age in most states, and contribu-  
te to greater farm prosperity.

WHY YOU ARE NERVOUS

The nervous system is the alarm system  
of the human body.  
In perfect health we hardly realize that  
we have a network of nerves, but when  
health is failing, when strength is declin-  
ing, the same nervous system gives the  
alarm in headaches, tiredness, dreamlike  
sleep, irritability and unless corrected,  
leads straight to a breakdown.  
To correct nervousness, Scott's Emul-  
sion is exactly what you should take; its  
rich nutriment gets into the blood and  
rich blood feeds the tiny nerve-cells while  
the whole system responds to its refresh-  
ing tonic force. It is free from alcohol.

Make your family  
proud of their home

Your wife and children cannot take a  
pride in their home if the house is faded

paint. And, for mansion or cottage, the  
best paint is

Good Peach Crop in Sight.

Reports received by the Penn-  
sylvania Department of Agricul-  
ture from every section of the  
State indicate that the winter  
apathy over the possible entire  
destruction of the peach crop  
were without foundation and that  
indications point to a crop about  
sixty per cent. of the normal  
yield.

During February and March  
there were reports that the in-  
termittent warm and cold spells  
had caused the peach blossoms to  
push forward and then to have  
been frozen by the cold weather.  
Careful inspection by the crop  
reporters of the Department of  
Agriculture now indicate that  
there will be a splendid crop of  
peaches.

The present indications show  
that the crop of peaches will be  
about sixty-one per cent. of nor-  
mal yield while the apple crop is  
estimated to be about ninety per  
cent. of normal. In Adams  
county, the recognized fruit  
growing county of the State, the  
indications are that the peach  
crop will be about fifty-two per  
cent. of the normal yield and in  
Franklin county, another peach  
growing county, it will be about  
48 per cent.

At the Nation's Foundation.

Gibbon has said: Agriculture is  
the foundation of commerce. He  
might well have added that a  
permanent agriculture would be  
necessary to the modern com-  
merce of the present day. Com-  
merce has grown to enormous  
proportions. Those who take  
part must be fed. The fast in-  
creasing population demands that  
our lands become more produc-  
tive. The man at the nation's  
foundation is the farmer.

**ENJOY  
your  
MEALS**

Can't, if you're too done up to eat. And you're bound to tire, after a morning in the kitchen, over a coal range. For it's wearing, beyond a woman's strength, to carry wood and haul coal from bin to kitchen. And you can't control the heat of a coal range. Most times you've far more heat than you need—a waste of fuel—that turns the kitchen into a nerve-racking furnace.

A New Perfection Oil Cook Stove offers you a way to end kitchen drudgery and at the same time to economize, for the Perfection burns kerosene, the cheapest fuel. Think—no coal, no wood, no shaking, no ashes, no fear of the fire going cold. Instead, heat when you want it and exactly as much as you want. A New Perfection is inexpensive. Ask your dealer to show you its fireless cooker, its separate oven, its combustion chimney, its long-lasting wick. Be sure, though, you use Atlantic Rayolight Oil in your Perfection. That's essential. For it is just as necessary to discriminate in buying kerosene as it is in selecting flour. It takes use to prove either. You don't have to buy a flour on trust; neither need you take a chance on kerosene.

For you can ask for Rayolight with the positive assurance that every gallon will be like every other gallon. A kerosene that will burn without smoke or smell, but that will yield a great and a cheap heat. With all its advantages Rayolight costs no more than ordinary, unreliable kerosene. Buy it by name, where you see this sign:

**Consistency**

YOU want a motor car that will serve you consistently. You want to know that your car can be relied upon day in and day out. You want high mileage per gallon of gasoline and freedom from repairs and readjustments. And you want these things, not occasionally, but continuously—day after day.

On these qualities the Maxwell has made good. It has proved its worth. When the Maxwell stock touring car set the World's Motor Non-Stop Mileage Record a short time ago it travelled for 44 consecutive days and nights and its performance was consistent.

It went about 500 miles each and every day. It went within a small fraction of 22 miles to every gallon of gasoline. It went the whole distance of 22,000 miles—probably further than you would travel in two years—without any repairs or readjustments. Every one of eight tires (two sets) went just about 9,800 miles and the others finished in good shape. For consistency and reliability this record far exceeds anything we ever heard of.

You can get a Maxwell, an exact duplicate of the record breaking stock car, on the partial payment plan we have perfected. All you have to do is to make the initial payment, then take the car and pay the balance as you ride. The unusual value of the Maxwell, together with our easy payment plan of purchase, is bound to dispose of our allotment of cars very quickly. Better make your reservation now, delivery later if you prefer.
