POINTS THE WAY.

The Statement of This Greencastle Resident Will Interest Our Readers.

Our neighboring town Greencastle, points the way in the words of one of its most respected residents:

J. B. Logan, cigar dealer, E. Baltimore St., Greencastle, Pa., says: "I had pains across the small of my back. My kidneys weren't acting right. I am on my feet all day long and I believe that caused the trouble. I got a box of Doan's Kidney Pills and in a short time after using them, I was relieved. I am pleased to recommend this medicine, as it keeps my kidneys in good shape."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Logan had. Foster-Milburn Co., Props., Buffalo, N. Y.

When you have a House to Rent

Give it a coat of good paint before you tack a sign on it. It won't cost much and a well-painted house always rents more readily than a shabby one—rents for more money, too.

DEVOE LEAD AND ZINC PAINT FEWER GALLONS - WEARS LONGER

It is just as essential to use good paint on a house you own and rent as on the one you live in. Therefore, paint with Devoe and increase the value of your property.

We guarantee DEVOE because we know it is pure and because we know that it always gives our customers satisfaction. It contains no whitening, silica, china clay or other adulterants. DEVOE takes fewer gallons and wears longer. We are always glad to show attractive color combinations.

Mr. and Mrs. R. L. McClure and daughter Scottanna, of the Mountain House, attended services at the Greenhill Presbyterian church last Sunday. Postmaster M. H. Hollinshead at Harrisonville is now beautifying his residence by painting papering, etc. Now, Howard, tear down the old house on the opposite west corner, which obstructs the view, and detract from the appearance of your residence, and build something fine, so much needed in your village—a nice business room below, an election office, a township office, with a nice large hall above. Will pay big! Then go in with your townsmen, lay off lots and build houses along Lincoln Highway west Salvia and Greenhill in spirit by your spirit of progressiveness will extend their borders until the Lincoln Highway will be the Main Street through a city extending from Licking Creek to the foot of Sideling Hill! No, this is not bughouse talk, "either."

Wipe the BLUE out of MONDAY

Monday is a hard day. But not so hard that it should give you the blues. Neither should the end of the day find you nervous, done out, fit for nothing but bed.

It's not necessary—not if you'll replace your range with a New Perfection Oil Cook Stove. For it's the range that's responsible for the fuss and the fume and for the terrible heat of the kitchen.

With a coal range there's no way out of keeping a roaring fire going the whole day long and just to heat a few boilers of water. But with a Perfection wash day loses its terrors. The flame is kept going only as long as it is in actual use, your kitchen can't become unduly warm, and meals can be prepared just as usual.

Ask your dealer to explain the conveniences of a Perfection. Then have him tell you how little kerosene it uses and how cheap kerosene is.

Don't think all kerosenes are the same. They're not. No more than all sugars are identical. Of course, you know that cane sugar is better than beet sugar and you buy accordingly.

But what, perhaps, you don't realize is that Atlantic Rayolight Oil differs from other kerosenes in that it burns

without smoke or smell, without charring wicks, but with an intense heat. It never varies. Each gallon of Rayolight is precisely the same. And don't forget that the use of Rayolight lengthens the life of any oil-burning device.

Ask for Atlantic Rayolight Oil by name—at all dealers who display this sign:

Personal Experience in Making Investments

Sound judgment in the selection of investments is based on exact knowledge, and such knowledge can be acquired only in one of two ways—first, by long and intimate personal experience—or, second, by a complete study of the facts.

Ten thousand men and women, residents of thirty-five states, have purchased nearly \$30,000,000, net value, of 7% preferred stocks on our recommendation during the past twelve years, and they have learned by personal experience that it is both safe and profitable to follow our advice.

There are, however, thousands of people who do not know, by personal experience, the facts about our service. If you have \$100 or more to invest and want to form a sound judgment as to the safety and earning power of the 7% preferred stocks we sell, you must make a careful study of the facts.

To assist you in this we have prepared a 32-page "Portfolio of Anniversary Reports," which tells the essential facts about twenty corporations whose securities we have marketed. Write for a copy at once, before forgetting.
