and with pictures of party leaders, past and present, looking down upon them from medallions around the balcony, the delegates to the Democratic national convention assembled on scheduled time Wednesday. The procoedings were formally started when William F. McCombs, chairman of the national committee, ascended the platform and rapped for order. He incited the first burst of enthusiasm of the convention when, in a short address introducing the temporary chairman, he predicted victory for the party in the

A large force of officials was called to the department to perfect the details for transporting the troops. Telegram from General Funston poured into the department saying the situation is be coming hourly more dangerous in many border towns. The situation at Brownsville was most alarming.
