## RECORD OF DEATHS.

### Short Sketches of the Lives of Persons Who Have Recently Passed Away.

#### JOSEPH FIGARD.

Joseph Figard, a lifelong resident of Broad top township, Bedford county, died at the home of his daughter, Mrs. Wm. Wright, June 8, 1916, aged 82 years 5 months and 23 days. After many years of ill health, his home was destroyed by fire several years ago. After that time he lived with some of his children until a few weeks ago, when his condition became worse, he requiring constant attention, and others interfered and had him sent to the Bedford county house assuring them he would have good treatment and care which he failed to get. On Sunday before his death, his children went to see him and found him in a critical and uncareful condition. He was brought home at once, but did not recover, and on Thursday he departed this world to join other loved ones.

His wife preceded him to the grave about sixteen years ago; also, six children. "Uncle Joe," as he was best known, and his violin, will be missed in this community by a host of friends and relatives. He was the father of 12 children, had 56 grandchildren and 40 great-grandchildren. The following children are living: Mrs. Mary E. Neauf, of Saxton; Mrs. Martha E. Shade, of Carlisle; Mrs. Jemima Williams, Mrs. Annie Walters, Miss Lillie R. Wright, and J. L. Figard, of Sixmile Run. Funeral services were held in Round Knob church conducted by Rev. Jas. Gilbert. Six of his grandsons were pallbearers. Interment in Evans cemetery.

#### MISS HATTIE HOKE.

Miss Hattie Hoke died at the home of her mother in Altoona, Saturday morning, June 17, 1916, of heart trouble. She has been in ill health for some time, but was able to be about until a short time before her death when she suddenly collapsed. The family physician was hastily summoned, but death ensued before he arrived.

Miss Hoke was a daughter of David and Mary E. (Shoemaker) Hoke, and she was born in McConnellsburg, removed with her parents to Altoona in the spring of 1882, and resided in that city until the time of her death. She was a member of the Presbyterian church. Besides her mother she is survived by one brother, Reamer, of East Palestine, O.; and the following sisters: Mrs. Theodore Wood, Chambersburg; Mrs. L. A. Tuttle, Wilkes-Barre; and Mrs. S. C. Galbraith, Pittsburgh. The funeral was held the following Tuesday afternoon, and interment was made in Fairview cemetery, Altoona.

#### DAVID W. FYLER.

David W. Fyler, of Hagerstown, died at the home of his daughter, Mrs. J. H. Flegel, in that place, June 17, 1916, aged 71 years, 2 months, and 7 days. Funeral services were held at the home of another daughter, Mrs. Chas. Dehart, in Waynesboro, June 20th, Rev. Fasick, of Carlisle, officiating. Interment in Waynesboro. Mr. Fyler was born in Springfield, Cumberland County Pa., April 10, 1845, and was one of thirteen children. On May 27, 1864, he enlisted in the 9th Reg. P. V. Cavalry and was honorably discharged July 2, 1865. January 18, 1866, he married Elizabeth Lighty, who survives together with the following children, namely, Elmer, of Sixmile Run; Mrs. Alice Cover, Newburg Pa.; Edward, of Burnt Cabins; Mrs. Lillie Dehart, Waynesboro; James, of Strasburg, Pa.; Joseph South Dakota; Mrs. Mary Flegel, Hagerstown, and Mrs. Viola Harvey, of Pen Mar. Three sisters and a brother living are: Mrs. Elizabeth Husler, Fort Littleton; Mrs. James Gensler, Carlisle, Pa.

## Recent Weddings.

### DAVIS—DAWNEY.

Mr. Frank H. Davis and Miss Nellie Velma Dawney, both of Chicago, were married June 21, 1916, at the home of Rev. Brooks in Wheaton, Illinois. They came east to Three Springs and arrived at Hustontown Wednesday of last week where they remained until last Saturday. Mr. and Mrs. Davis then came to McConnellsburg and were the guests of Nellie's grandparents, Mr. and Mrs. Abraham Runyan, East Lincoln Way, until yesterday. The bride is a daughter of Mr. Harry Dawney, a former well known resident of Taylor township, this county, and Mr. Davis is a prospering blacksmith to the Illinois Central railroad, in Chicago. Mr. and Mrs. Davis will make their future home in the suburbs of Chicago.

### FLEMING—BROWN.

Mr. David Fleming and Miss Olive Brown were married at the parsonage of the 15th street M. E. church, Huntingdon, Pa., at noon on Wednesday of last week by the pastor, Rev. E. S. McKelvey. The groom is the youngest son of the late T. E. Fleming, Esq., of Clear Ridge, and he is now employed in the Westinghouse works, Pittsburgh, Pa. The bride is a daughter of Mr. and Mrs. Bert Brown, near Clear Ridge, and is a most estimable young lady. Mr. and Mrs. Fleming expect to go to housekeeping in Pittsburgh. They both have the best wishes of their many friends in Fulton county for a long, prosperous and happy life.

### ROGERS—BENDER.

Mr. John E. Rogers, of Strasburg, Va., and Miss Mae K. Bender, daughter of Mr. and Mrs. Robert A. Bender, of Chambersburg, were married June 30, 1916, by the Rev. J. L. Yearick, at his residence in McConnellsburg.

### MELLOTT—WILT.

Saturday, June 24th, Mr. Lester Mellott and Miss Mary Wilt, of Breezewood, were married at the Evangelical Lutheran Parsonage in Everett. They will reside in Breezewood.

### Snake Bit Him.

Last Sunday, while Ray Deshong who lives below Webster Mills, was looking for snakeroot, he put his hand into a hollow place made, probably, by a groundhog. Instantly, he felt a sharp sting and he withdrew his hand with a copperhead snake hanging to it. His arm began to swell and Charlie Duffy rushed him to McConnellsburg in his auto to see Dr. Robinson. The doctor applied remedies, and while Mr. Deshong suffered greatly from the poison, it is thought that he will recover.

Last week we reported heavy damages to Harry A. Thompson's printing plant, in Tyrone. A few days afterwards lightning struck the chimney of his residence. Better come back to McConnellsburg, Harry.

Mrs. Jane Bradnick, Shade Gap, and Dr. Charlton Fyler LaCrosse Kansas. Mr. Fyler was a man with many friends who deeply mourn his loss.

### MARY VESTA SMITH.

Miss Mary Vesta Smith, daughter of Mr. and Mrs. Harry Smith of Waynesboro, died last Saturday at 3:30 o'clock, of tuberculosis, aged 24 years, after an illness of a year or more. Besides her parents she is survived by one sister, Mrs. Charles Sacks, of Waynesboro. She was a member of Jacob's Lutheran church and was highly esteemed by all who knew her. She was the fourth child to die within three years, the youngest to die being nineteen years of age. Miss Smith was a cousin of Mrs. Robert Fryman, south second street, McConnellsburg.

## How to Raise Dollars.

Much time is spent in trying to find out how to raise cattle, hogs, poultry, wheat, corn, Cain and the Devil, but the majority of people do not, apparently, spend much thought in learning how to raise Dollars. Dollars is a crop that most people admire, desire, and perspire for, and yet a crop that many people fail in raising.

It would be impossible to raise a crop of wheat if the seed were wasted; or if planted, was not cultivated. Almost everybody—boys and girls, as well as men and women, have the seed (cents, nickles and dimes) to raise a great crop of Dollars, but they waste the seed, instead of planting it, cultivating it, and watching it grow.

Before you spend that cent, nickel, or dime, take a good look at it. Think how much labor and time you would have to expend to replace it. Think how long you may have to wait before you have an opportunity to earn another. Before you let it slip out of your fingers, think whether you could not do just as well without the thing for which you are going to spend it. If you are spending it for something to merely gratify your appetite—for something to satisfy the cravings of a vicious habit—take a drink of cold water, and keep your money.

It is the needless expenditures—the buying of things that have no value within themselves—that keep many people poor.

Just now our banks are doing much to encourage a habit of thrift—especially among children and youths. To any one applying, they will furnish a neat "Home Savings Bank" into which your pennies, nickels and dimes may be placed, and when you have a dollar, it may be placed to your account in the bank, and the bank will pay you compound interest on it.

Just as sure as acorns will grow into giant oaks, cents will grow into dollars if they are planted in good soil and cultivated correctly. A little money put in a Savings Bank is not a talent hidden in a napkin. It is earning all the time, like heart beats, its work goes on while you sleep, and even Sundays the capital is growing large and nobody complains of broken laws. If you put only two dollars a week by, you will be a hundred dollars ahead in less than a year.

1 cent a day in 5 years will be \$18.25  
10 cents a day in 5 years will be \$182.50  
50 cents a day in 5 years will be \$1,825.00  
\$1.00 a day in 5 years will be \$1,825.00

The above does not take into account the accumulations of interest that will be added to it. Almost anybody can lay aside a dime a day. Place a dime in the bank every day (you do not need to go to the bank every day) and in 6 months you will have to your credit, \$18.25, in one year, \$36.77; in 5 years, \$195.20; and 10 years, \$421.85. Keep this up for 20 years, and you will have a bank account of almost \$1,100.00.

When you have done this, figure it all over again, assuming that every time you get \$100 you are going to buy a good bond or stock which will pay 5 or 6 per cent and that will have a chance of increasing in value during your lifetime.

Business is growing so fast in this country that there are a thousand absolutely solid concerns whose stock by the natural expansion of their business will double in your active lifetime. Don't fool away your nickels and dimes!

### Twenty-Second Convention.

The 22nd annual convention of the Christian Endeavor Societies of Pennsylvania will be held in Harrisburg June 11th to the 14th. Billy Sunday's famous Chorister, Homer A. Rodenheaver, of Chicago, will have charge of the musical feature of the program. There will be an excursion to Gettysburg from Harrisburg. Round trip, \$1.00.

## JUNE HONOR ROLL.

### Names of New Subscribers and Others Who Have Paid Subscription During the Past Month.

Another Honor Roll reminds us that another month has passed, and this week's issue reminds us that we have started on the second half of the year 1916. Time flies. Printing the names of those who pay subscription during the month is not done merely to fill up the paper. There is a reason. The more than ten thousand persons who read the FULTON COUNTY NEWS each week, belong to one big family. Many are residents of the County now; many have been residents; others are intermarried with natives of the county, and are thus brought into touch with the interests of the County. Through family relationship, or acquaintanceship, most of the readers have a personal interest in most of the other readers. Hence it is interesting to scan the list each month and see the names of those you know well, and are perhaps surprised to find that they like yourselves, take pleasure in perusing the columns of the NEWS each week.

To those who have contributed toward the support of the paper during the month we thank you. It costs lots of hard labor, and plenty of good money to get the paper to our subscribers each week. When our subscribers are prompt in settling their subscription, we can manage to get along. You know how it is, yourself. When you need money, the money that somebody owes you does not help you out. Subscription debts are always small ones and not hard to meet.

It is the custom of County newspapers to continue sending the paper to subscribers until they order it discontinued. The publisher has no wish to send the paper to any one who does not want the paper. If you take the paper from the office it is evidence that you want it, and that you intend to pay for it. The Courts have decided that any person taking the paper from the postoffice is liable same as any other debt, and the debt may be collected by law. It is not the wish of the publisher that he should have to resort to law to collect subscription debts. If there is among the readers of this article any who are taking the NEWS, who do not wish to receive it; or who do not expect to pay for it if they can get out of it, it would certainly be only fair to spend a cent for a postal card, and write the editor. It would only be doing unto others as you would that they should do to you.

Look over the following list of people who take the NEWS, who read it, appreciate it, and PAY for it.

## Motorcycle Accident.

Last Saturday evening, a party of three passed through this place on the way west, on a motorcycle. A man operated the machine while one woman rode in a sidecar and another on the rear seat. Near the David Myers place, on west side of Scrub Ridge, the brakes failed to work and the machine and the three riders dashed through a fence, tearing down three panels. James Sipes brought the party back to McConnellsburg to Dr. Robinson's office. The doctor dressed a severe cut on top of the man's head. One of the ladies was cut about the face, and the other had one of her lower limbs bruised and the skin scraped off a large spot on her thigh. They then engaged Ira Diehl to take them to Fort Loudon. The party did not give their names, but said they were from Springfield Mass.

## Living Out-Doors.

God breathed into his nostrils the breath of life and man became a living soul.—Genesis  
Air is life; without it man ceases to live. Living in impure air, his health gradually depreciates and he becomes a dyspeptic, predisposed to tuberculosis and other diseases. Often after suffering for years, during which time he is unable to enjoy the good things of life, he meets an untimely death.

In this climate the majority of us have to work in offices and buildings artificially heated during the cold season. Our places in which we spend so many hours during the winters and early spring days are far from having perfect ventilation. This therefore, is the reason for us all to take advantage of mild weather conditions to get all the fresh air possible to build our physical bodies up so as to resist the unfavorable conditions we must submit to during the cold months of the year.

This would apply to all ages, especially including babyhood and on up to old age. It means outdoor living as much as possible both day and night. When compelled to be in buildings keep the windows up; otherwise you have dead pockets of air in your rooms at your homes and place of occupation. Clean, well aired, homes built so as to admit plenty of fresh air all the year around and outdoor living as much as possible during the summer, will do much to bring health to the home and just in proportion to your health your life will be worth living.

### They Had a Picnic.

The Thimble Club, alias Social Club, alias Fancy Work Club, held a genuine picnic on top of Cove mountain Thursday afternoon of last week. We have it from reliable authority that one of our freighters carefully and tenderly packed the members in egg crates to take them to the picnic grounds. Now comes the sad part—they "scrambled" on the way up, and some of them are said to have actually split their sides. Worse and more of it, when noses were counted on arrival at the top, one "rooster" was found, and "believe me" he hasn't crowed since.

Mrs. J. R. Jackson seems to have recovered from what was thought last week to be a threatened attack of typhoid fever.
