The Statement of This Greencastle Resident Will Interest Our Readers.

Our neighboring town, Greencastle points the way in the words of one of its most respected residents:

J. B. Logan, cigar dealer, E. Baltimore St., Greencastle, Pa., says: "I had pains across the small of my back. My kidneys weren't acting right. I am on my feet all day long and I believe that caused the trouble. I got a box of Doan's Kidney Pills and in a short time after using them I was relieved. I am pleased to recommend this medicine, as it keeps my kidneys in good shape."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mr. Logan had. Foster-Milburn Co., Props., Buffalo, N. Y.

WASHINGTON CAMP No. 617 8-3-3t P. O. S. of A.

Letter from Canada.

Roche Plain, Sash, Canada, July 19, 1916.

Editor News:—On the seventh of June I finished a nine-month term of school at Lignite, N. Dakota, and from there I went to Fargo for a few days. While there I visited some public schools in the city, the Dakota Business College, and the Agricultural College. I then went to Moorhead, Minnesota, then I came to Canada and began teaching at this place. They have just built a new school house and it is well equipped with apparatus. There are three acres of playgrounds, with a fire break around as a protection against prairie fires.

Here the government gives the specification for school buildings and they must be built according to plan. Also, the government selects the studies which must be taught. Here they pay a supplementary tax to the government, which I believe is at the rate of a cent for every acre owned, and they pay a local improvement tax which is used in the improvement of bridges and roads. In this school district, the rate of taxation for schools is nine and one-half mills, and as I understand it, the assessed value of the land is the same all over the district and they place the rate high enough to meet the expenses. The people here are very friendly and agreeable and it is a very nice school.

I had planned to spend my vacation in Pennsylvania, but I concluded to see what it was like here. Tomorrow is a holiday as the Roche Plain Grain Growers' Association have a picnic. Twenty-four kinds of sport will be indulged in, including races, a riding (bucking) contest with \$25.00 as the prize. Steer riding, \$15.00 prize. Ball game, \$10.00 prize, &c.

During the past ten days we have suffered at the school from a plague of mosquitos which is nearly intolerable, and necessitating the use of smudge all day. I am getting a garment made to protect me from them while going to and from school. It seems to be a great temptation here to smuggle in groceries and other supplies from across the border in the United States—they are a little cheaper there than in Canada. But Custom officers are watching the line pretty closely. I failed to keep track of the two young men who came to North Dakota last summer from Fulton county and can make no report of their likes or dislikes of the country. How I would enjoy attending the Shade Gap picnic and the Walnut Grove Camp this year! There is no time in the year in which I would rather be home in Fulton county than during August when so many social events are going on. With best wishes to the NEWS family and to Fulton county friends, I remain respectfully,

WELLS TANNERY.

Stunkard and others, attended the funeral of John Awkerman who was laid to rest in the cemetery at Center church Sunday. John was shot in Santa Domingo. Annual Report, Fulton County.

(Continued from first page.)

studied. I examined all applicants in this text. I am glad to know that with very few exceptions, all examined possessed a fairly good knowledge of the subject.

TEACHERS' INSTITUTE

The Annual Teachers' Institute was held November 29th, to December 3rd, inclusive. Eighty-three out of eighty-four teachers were present. We had an average attendance of eighty-three.

The instructors were: Dr. Ezra Lehman, Dr. Harlan E. Hall, Dr. F. H. Green and Professor J. W. Yoder. The institute was generally considered a success.

DIRECTORS' ASSOCIATION

Our School Directors' Convention was held February 17th and 18th. Forty of the sixty directors were present. The speaker for the occasion was Dr. C. H. Gordonier, of the Millersville State Normal School. Dr. Gordonier gave us some excellent suggestions on "Rural School Problems."

RURAL EXAMINATIONS

Instead of having but one examination at the close of the school term, we had three examinations in this school year. The first examination was given at the end of the third month, the second examination at the end of the fifth month, and the third examination at the end of the seventh month.

Thirty-six passed this examination creditably, an increase of twenty-five per cent. over last year. Still the percentage of failures was too high.

The chief cause of the failures was, that many farmers keep this class of pupils out of the school through September and October to help to gather the crops. I hope that the near future will change these conditions. I hope that farmers will soon see that the loss to the children more than counter-balance the financial gain in such a course. I hope that they will see that they are thus sacrificing the future welfare of their children simply for small present gain.

In conclusion, I wish to express thanks to the Department of Public Instruction for much needed help received during the school year.

Respectfully submitted, J. EMERY THOMAS, County Superintendent.

Railroad News.

Some actual construction work has been going on for about two weeks. Last Monday, additional construction began at Fort Loudon. Machinery continues to arrive, and men will be put to work as fast as they can be had. Contractors say they will soon begin to push the work night and day, and that track will be laid to the Old Toll Gate on the east side and freight for McConnellsburg hauled to that point before very long. This will shorten the haul by teams more than half, as the pull from there to the top will be easy. Contractor Clyde E. Coon has purchased a new Ford car for use in the engineering department.

Mountain-Top Picnic.

On Wednesday of last week, an afternoon picnic was held on Tuscarora Heights in honor of Mrs. W. H. McNeal, of Searsboro, Iowa, who was visiting her sister, Miss Mary Pittman, and other relatives in this place. The feature of the evening was a five o'clock supper. Over seventy healthy appetites were fully satisfied with the abundance and variety of daintily prepared goodies. Even those requiring special brands of pickles to overcome that feeling that arises from a too constant diet of psychological doughnuts could find no fault with the menu. It was a nice picnic for nice people at a nice place on a nice evening. Postscript:—Mr. Geo. W. Reiser wants it understood that he had no greedy motive in emptying that box of cake in his lap—the box fell apart, very much to his embarrassment.

SALUVIA SUMMARIZINGS.

The inhabitants of Licking Creek Valley were greatly terrorized Tuesday morning. A fearful electrical storm came at midnight and lasted one hour. The incessant thunder, flashes of lightning, and roaring of the mountains and upper regions were terrifying. Fortunately, the storm passed west of Siding Hill, where, from reports, great damage was done, and this section, so far as heard from, escaped with a light shower and a violent wind.

The Fulton County Veterans' Reunion Committee met on the reunion grounds, near Hoop's, on Saturday last, and announced that the annual reunion would be held on August 25th, next. Geo. Smith, of McConnellsburg, was granted the privilege to sell refreshments for man and beast.

J. Watson Elmaker, of Lancaster, is now enjoying a season of quietude and recuperation at the foot of old Siding Hill, four miles northwest of Warfordsburg, at a pure, cold, white sand spring, which he has christened "St. Apollonia Spring." He will spend some time at Green Hill and McVain's.

Miss Netha Nesbitt and Jas. S. Brattan, assistant editor of the "F. C. N.," attended services at

Green Hill Presbyterian church Sunday afternoon. Miss Netha was organist.

Mr. and Mrs. Abram E. Mellott and family, of Pittsburgh, are visiting her parents, Mr. and Mrs. Joseph Sipes, and other relatives in this section. Their son William has been quite ill from tonsillitis, but is better.

Wilmer Mason, one of Licking Creek's teachers-elect, recently met with a severe accident which might have been worse. As he was going down the eastern side of Scrub Ridge on Lincoln Highway, he lost control of his bicycle. The bicycle struck a stone and he was thrown head first in front of an approaching auto. Wilmer was badly skinned, bruised and hurt in parts of his body, the worst injury being to one of his arms, which he has no use of yet.

Homer L. Sipes and his force of helpers began Wednesday of this week to erect a new house for Mrs. Angeline Mellott near Sipes Mill.

On account of frequent rainy weather farmers have had a serious, trying time to get their grain, hay and oats saved—much hay to be made yet and oats to harvest. The threshers are on their rounds, too.

KNOBVILLE.

Quite a few people from this section attended Bush Meeting at Hustontown on Sunday.

Mr. and Mrs. Ed Rotz and children spent Sunday in the home of William Kerlin.

Mr. and Mrs. Hunter Fraker and children, Eugene and Beryl, and Mr. and Mrs. Enoch Kerlin, spent Sunday with Mr. and Mrs. C. E. Gobin.

Mrs. Carl Snyder spent the past week with her parents at Lemaster.

Mrs. Frank Wible entertained the Ladies Aid Society Saturday afternoon. The society will hold a festival on the church lawn Saturday evening August 12th.

Messrs. Boyd Fore and Edgar Gobin, who have been employed in Pittsburgh sometime came home last Saturday. Boyd returned Monday morning, but Edgar will remain at home some time for a little rest.

Mr. Brenton Regi and Miss Lucile Shadle spent Saturday and Sunday with relatives at Neelyton and Burnt Cabins.

Mrs. Van Cleve who is spending the summer with her son, is visiting Mrs. Samuel Nesbit in McConnellsburg a few days.

Mr. and Mrs. Burns of Pittsburgh have returned to their home after visiting the latter's mother, Mrs. Campbell.
