Cito's "Red-Lotter" Day. About eight years ago, when Rev. C. W. Bryner was pastor of the M. E. church in McConnellsburg, the part of his congregatio living in the neighborhood of Cito concluded to build a church for the accomodation of the Cove members. As a result, a very neat and up-to-date building was erected, and since that time, they have had regular preaching services. However, the new congregation was in debt, and some of the workers decided that it should be paid off. A canvass of the congregation was made, and not only was sufficient funds raised to pay the debts, but enough extra was given to buy a new organ and music books and a small sum put into the treasury for other purposes. Last Sunday afternoon was set as the time for celebrating the clearance of the debt. It certainly was a day of rejoicing and thanksgiving on the part of the members. Dr. Fasick preached in the afternoon and evening. Special programs of music were rendered. Mrs. C. B. Stevens, Mrs. Geo. W. Reisner, and Miss Dorothy Hamil, were among the Mc-Connellsburg people who assisted in the music and helped make it a "Red-Letter Day" in the history of the Cito congregation.
