A REAL MAN

It is pretty hard to assert your independence and defy the world, when you have an empty stomach and an empty pocket book. If your bluff is called, then what?

The prudent man who has saved a little, who has a reserve at the bank to tide him over a month or two, isn't so afraid of sickness nor such a coward about being out of a job. A bank account is a stimulant to real manhood. The larger the account the firmer the footing. It breeds self-confidence, is a proof of efficiency, and an ever-present resource in time of need. It's not what a man earns in a year, that gives him a surplus at the bank, it's what he saves.

Mrs. Howard Pittman, of Dickens Mountain, had not been to McConnellsburg for sixteen years last Saturday, she concluded to see the old burg again and she came up to town and called on Mrs. P. P. Shives and other friends.

Charles Hess, mail carrier between Hancock and Warfordsburg, lost some livestock from a local mail bag recently. He knew the "stock" was in the bag when he drew it from the mail box, but the mouse got out and escaped before he could close the hole it had gnawed to get in.

Last Saturday Mr. J. S. Hill of Belfast township, in his automobile brought Mrs. David Hill and her daughters Altie and Mame, and George C. Garland, to McConnellsburg. Mrs. Hill was arranging for the advertising of her public sale on Thursday, October 19th, she has rented her farm and is going to quit farming and move to Needmore.

Mrs. Edward Hoover, of Three Springs, formerly Miss Millie Mathias of Hustontown, returned to her home last Saturday, after having spent two weeks in the hospital at York, Pa. While in the hospital, Mrs. Hoover underwent an operation for appendicitis and other internal ailments, which seems to have been very successful, and Mrs. Hoover has now much encouragement for a complete restoration to health.

Among the many callers at this office last Saturday were Wm. Wink, of Pleasant Ridge, and George C. Enslv, of Needmore. Each left some cash.

Borough Schools Opened.

The opening of our public schools on Monday was of more than ordinary interest. The pupils were all assembled in the auditorium and after singing and reading of the scriptures, Geo. A. Harris, president of the school board made an address to the pupils in which he impressed them with the necessity of the school board looking after the school property. He outlined the duty of the teacher, janitor and pupils. He asked the pupils to support the teachers and promised the co-operation of the school board in every way possible.

County Superintendent Thomas gave a very instructive talk and emphasized the fact that if the pupils failed in examination next spring they would have no one to blame but themselves. He offered his assistance in every way possible and invited the pupils to visit him when they needed advice.

We are glad to note that the school board and superintendent are taking a deep interest in the success of our schools.

Prof. Smith also spoke to the pupils in a body. It is the duty of the patrons to co-operate with the teachers and directors to make this one of the most successful terms.

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder.
