WEST DUBLIN.

Mrs. Maria Doran and Mrs. Wm. Heffner had a pleasant visit among friends in Mount Union last week. Edwin Brant took them to town in his auto. Ross King took an auto of people from McConnellsburg to the Hagorstown Fair last Thursday...

Mr. George A. Hess, of Pine Village, Ind., passed through McConnellsburg last Friday on his way to Bethel township, to visit among his relatives and other friends for ten days. He was in the County six years ago. George is a former Fulton County teacher, who cast his lot in the Hoosier State 24 years ago, and has had no reason to regret the step...

Mr. J. B. Clouser, of Altoona, made his annual trip to the County last Saturday to see his brothers Jacob and Amos, and other relatives. He will remain this week. The News is always sure of at least one dollar when Mr. Clouser comes home.

Prof. A. C. Garland, of Lamasters, was not able to open his school at that place at the beginning of the term on account of an attack of pneumonia. A substitute is teaching the school. Mr. Garland is a former resident of Whips Cove.

Republican Papers Compliment Harris.

The comments on the candidacy of Geo. A. Harris for Congress, in many of the Republican papers throughout the District, show how well he is being received and the clean, dignified campaign he is conducting.

The Huntingdon New Era a Republican daily paper says in speaking of Mr. Harris' visit to Huntingdon—

"Among the visitors to Huntingdon today and yesterday was Geo. A. Harris, of McConnellsburg, Pa., Democratic candidate for Congress. Mr. Harris is president of a bank and a keen self made business man. He is fine looking and makes an impression wherever he goes. About the worst that can be said of him is that he is a follower of Woodrow Wilson of whom we Republicans do not approve."

"Harris himself is modest in his claims, but his followers insist he has a good chance to win out this year. Some of them even have the nerve to say he is going to win."

The Twice-a-Week Republican of Mount Union says:—"Geo. A. Harris, candidate for Congress from this District, is a gentleman whom any man may vote for and feel that he will not regret having done so."

Wherever Mr. Harris has gone he has made votes by his quiet and unassuming manner, and fair discussion of the important issues of the campaign.

He does not talk about his opponent and very little about himself. He asks every one to familiarize himself with the legislation passed during the past two years, that effects the business man, the farmer and the laborer; and he insists that if the voters will do this, they will find that his opponent has been opposed to all progressive legislation in the past.—Adv.

Sheridan Hann, one of Belfast township's successful farmers, accompanied by his daughter, Miss Etta, spent last Friday in town. Buckwheat has been a successful crop with Mr. Hann this season, he having threshed 100 bushels from four acres. Some of the straw was six feet in length. He has, also, an abundance of fruit. A limb on one of his apple trees 1 1/2 inch at the but, and 1/2 inch at the top, produced 56 perfect apples having a combined weight of 24 pounds.

Mrs. Emory Booth returned to her home in Altoona Thursday of last week after having spent three weeks very pleasantly at her former home in this place. She was accompanied as far as Chambersburg by Miss Mary Knapp, Mrs. M. McIntyre and Mr. William Hull.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamlike sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

Number Three. A JOINT RESOLUTION

Proposing an amendment to article nine, section four of the Constitution of the Commonwealth of Pennsylvania; authorizing the State to issue bonds to the amount of fifty millions of dollars for the improvement of the highways of the Commonwealth.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of Pennsylvania be, and the same is hereby, proposed, in accordance with the eighteenth article thereof:--

That section four of article nine which reads as follows: "Section 4. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed in the aggregate, at any one time, one million dollars." be amended so as to read as follows:

Section 4. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed in the aggregate, at any one time, one million dollars: Provided, however, That the General Assembly, in respect of any debt, may authorize the State to issue bonds to the amount of any sum of dollars for the purpose of improving and rebuilding the highways of the Commonwealth.

Section 2. Said proposed amendment shall be submitted to the qualified electors of the State, at the general election to be held on the Tuesday next following the first Monday of November in the year nineteen hundred and eighteen, for the purpose of deciding upon the approval and ratification or the rejection of said amendment. Said election shall be opened, held, and closed upon said election day, at the places and within the hours at and within which said election is directed to be opened, held, and closed, and in accordance with the provisions of the laws of Pennsylvania governing elections, and amendments thereto. Such amendments shall be printed upon the ballots in the form and manner prescribed by the election laws of Pennsylvania, and shall in all respects conform to the requirement of such laws.

Number Four. A JOINT RESOLUTION

Proposing an amendment to section eight, article nine of the Constitution of Pennsylvania.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:--

Amendment to Article Nine, Section Eight. That section eight of article nine of the Constitution be amended by striking out the said section and inserting in place thereof the following:--

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as provided herein, and in section fifteen of this article, shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, but the debt of the city of Philadelphia shall be increased in such manner as the total city debt of said city shall not exceed ten per centum (10) upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two (2) per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law. In ascertaining the voting capacity of the said city of Philadelphia, at any time, there shall be excluded from the calculation and deducted from such debt so much of the debt of said city as shall have been incurred, and the proceeds thereof invested, in any public improvements of any character which shall be yielding to the said city an annual current net revenue. The amount of such deduction shall be ascertained by capitalizing the annual net revenue from such improvement during the time of such ascertainment; and such capitalization shall be estimated by ascertaining the principal amount which would yield such annual, current net revenue, at the average rate of interest, and sinking-fund charges payable upon the debt incurred, incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be deducted, may be prescribed by the General Assembly. In incurring indebtedness for any purpose the city of Philadelphia may issue its obligations maturing not later than fifty (50) years from the date thereof, with provision for a sinking fund sufficient to retire said obligations at maturity, the payment to such sinking-fund to be in equal or graded annual or other periodical installments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction or improvement of public works of any character from which income or revenue is to be derived by said city, or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city, such obligations may be in an amount sufficient to provide for, and may include the amount of the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction, and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges as required by section ten, article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of said work.
