Cats and Kerosene

If your Tabby were an alley cat and had to eat any old scraps instead of good milk and choice tidbits, she wouldn't have that smooth, velvety fur and you wouldn't hear that low, contented purr.

If you feed your lamp ordinary, inferior kerosene, you won't have that clear, soothing light that you enjoy when you use

This super-refined and perfectly purified kerosene doesn't smell, smoke and char the wick like other kinds usually do.

In an oil heater it keeps you warm and comfortable. In a lamp it sheds a brilliant yet restful light. In a lantern it shows the way on the darkest, stormiest night.

Ask for it by name. The storekeeper won't charge you any more than for ordinary kerosene. Then, if you're the kind that looks ahead, haul home a barrel of Atlantic Rayolight Oil. You'll know the genuine by the brand name on the barrel.

We Want a Business Man

A business man who has selling ability. The man we want may be in the automobile business now; he may be in some other business; he may be a farmer; he may be retired.

Whoever he is or whatever may be his occupation, we want him if he can fulfill the conditions of our proposal.

We are in search of a real, live, wide-awake man, who has had business training, who has some capital, who can sell Maxwell Motor Cars.

We are represented in almost 3000 of the leading cities and towns of the United States, and our dealers are prosperous and happy.

They should be, and will continue to be, for the Maxwell Car is the unquestioned leader of its class.

It is a car for which there is a nation-wide and growing demand—because it represents more real value, dollar for dollar, than any other car in the world.

We have no dealer in this locality. We want one immediately. Our representative will call and explain the details of a very attractive proposition.

Anyone interested should inquire at once.
