STATEMENT—In compliance with the Act of August 24, 1912, the following is published: The editor, managing editor, business manager, publisher, and owner of the Fulton County News, a weekly newspaper published at McConnellsburg, Pa., is Bennett W. Peck, whose postoffice address is McConnellsburg, Pa.

(Signed) B. W. PECK. Sworn and subscribed before me this 26th day of September, 1916. J. P. CONRAD, J. P. [SEAL]. My commission expires January 1, 1922.

Twice Proven.

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's McConnellsburg evidence—doubly proven.

Mrs. D. Keyser, McConnellsburg, says: "My back ached constantly and the pains in my loins were so severe that it was almost impossible for me to bend over. I had little strength and my housework became a burden. One box of Doan's Kidney Pills, procured at Trout's Drug Store, cured me."

DOAN'S MADE A CURE.

Over two years later, Mrs. Keyser said: "Doan's Kidney Pills, completely cured me of kidney trouble. I am in good health now."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Keyser has twice publicly recommended. Foster Milburn Co., Props., Buffalo, N. Y.

The unusual press for advertising, together with the election advertising this week and next, cuts the space for reading matter down to the minimum. We beg the indulgence of our correspondents and readers for a week or two, after which we will be able to give the usual attention to live news and interesting reading matter.

HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles? Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so easily follows. Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat. Scott's is prescribed by the best specialists. You can get it at any drug store. Scott & Bowne, Bloomfield, N. J.

A Barrel of Corn.

A barrel of corn contains three bushels of ears by measure. Not all vessels made of barrel staves hold a barrel. Many of the so-called "barrels" were made for special purposes other than that of holding a barrel of flour. Honesty and justice demand that the standard barrel be used. Another very good reason why care should be used in the selection of a barrel is, the law calls for a standard barrel and the penalty for the use of a small vessel when selling corn is very heavy. Still another reason for the use of honest weights and measures is the fact that an inspector may "drop in for dinner" at any time and greatly embarrass you by confiscating all weights and measures that do not measure up to a standard fixed by law. Fulton county is now being prosecuted by the State for not providing for the inspection of weights and measures.

We were led to speak editorially on this matter because compliance was made that barrels holding but two and one-half bushels are being used to measure corn. Also, men who honestly think they are giving full measure may be reported for using short weights and measures and thereby gain a bad name, if it should be proven that their scales, or measures, are not up to standard. Be not only honest but be sure your weights and measures are correct.

Mountain Soil Productive.

Extensive plans for a State-wide reclamation of more than twelve million acres of unproductive mountain land in Pennsylvania were outlined to two hundred farmers who went to Snow Shoe October 12th to inspect the fertilizer experiments conducted there by the Pennsylvania State College. The visiting agriculturists were the guests of the college authorities on the occasion of the first annual field day.

It was announced by Professor J. W. White that the field experiments show beyond a question the possibility of reclaiming this waste land at a cost of a few dollars to the acre. The soil in question constitutes almost one-half of the surface of the State of Pennsylvania, and is technically known as DeKalb soil.

Institute Committeemen.

As announced some time ago, Farmers' Institutes will be held this year as follows: Enid, December 18-19; McConnellsburg, December 20-21; Needmore, December 22-23. Committeemen for Enid who are getting out the program are: W. L. Cunningham, chairman; H. L. Wishart, Joe Edwards, Charley Earley and John Gibbon. For McConnellsburg: J. L. Patterson, chairman; George Comer, James H. Kendall, J. C. Brewer and Peter Vorton. For Needmore, Floyd Hart, chairman; Harry L. Peck, Samuel Hess, Dr. J. J. Palmer, and Jeff C. Mellott. These men will arrange the details of the meetings and they desire the co-operation of all interested in making this year's institutes "the best ever."

The Kansas Way.

Here is the way a Kansas paper duns its subscribers: "If you have frequent fainting spells, accompanied by chill, cramps, corns, bunions, chilblains, epilepsy and jaundice, it is a sign you are not well, but liable to die any minute. Pay your subscription in advance and thus make yourself solid for a good obituary notice."

If a man points an empty gun at you, he may be prosecuted and severely punished. The law is plain on this. Sportsmen should see to it that the law is respected by a few in every community who think it "smart" to point empty guns. Some day,

A JOINT RESOLUTION

Proposing an amendment to article nine of the Constitution of Pennsylvania.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:—

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as provided herein, and in section five of this article, shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, but the debt of the city of Philadelphia may be increased to such amount that the total city debt of said city shall not exceed ten per centum (10) upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two (2) per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law. In ascertaining the borrowing capacity of the said city of Philadelphia, at any time, there shall be excluded from the calculation and deducted from such debt so much of the debt of said city as shall have been incurred, and the proceeds thereof invested, in any public improvements of any character which shall be yielding to the said city an annual current net revenue. The amount of such deduction shall be ascertained by capitalizing the annual net revenue from such improvement during the time of such ascertainment; and such capitalization shall be estimated by ascertaining the principal amount which would yield such annual, current net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be deducted, may be prescribed by the General Assembly. In incurring indebtedness for any purpose the city of Philadelphia may issue its obligations maturing not later than fifty (50) years from the date thereof, with provision for a sinking-fund sufficient to retire said obligations at maturity, the payment to such sinking-fund to be in equal or graded annual or other periodical installments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction or improvement of public works of any character from which income or revenue is to be derived by said city, or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city, such obligations may be in an amount sufficient to provide for, and may include the amount of the interest and sinking-fund charges thereon throughout the period of construction, and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges as required by section ten, article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of said work.
