HOW FAR IS KNOBSVILLE?

Not So Far That The Statements of Its Residents Cannot Be Verified.

Rather an interesting case has been developed in Knobsville. Being so near by, it is well worth publishing here. The statement is sincere—the proof convincing: J. C. Fore, Knobsville, Pa., says: "A severe cold settled in the small of my back. My kidneys troubled me badly at times

and the kidney secretions were paintul in passage. I was lame and stiff from rheumatic twinges and my limbs and wrists became swollen. I got no rehef from the doctor's treatments. Finally, I used Doan's Kidney Pills and after one box, I felt relief. Whenever I take cold now and am troubled by my sidneys, Doan's Kidney Pills always help me."

Price 50c. at all dealers. Don't simply ask for a kidney remedy -get Doan's Kidney Pilis-the same that Mr. Fore uses, Foster-Milburn Co , Props., Buffalo, N. Y.

Keeping Ahead

It was an American business irm who some forty-three years go showed the world how to perfect the medicinal properties of cod liver oil and make it pleasant to take which immediately popularized cod liver oil throughout the whole world

Not content with this great success, however, Scott & Bowne have continued to evolve methods and machinery to keep Scott's Emulsion finer, purer and richer than the imitations which patterned after their plans, and to-day every precaution that human ingenuity can devise is employed to keep Scott's Emulsion the finest and purest medicinal food in the world.

The refining of raw cod liver oil as practiced with the crude equipments available along the Norwegian coast has never squared with the ideals of Scott & Bowne and they have just comerated to the climate of Norway Thomas Ford, wife and family, and equipped with unusual Mr. Grubb and Mr. Dennison, ever insure a supreme quality of William Duvall and brother substitutes which may contain last week and called on friends. Tuesday's Election.

The weather was fine, automobiles were in service, everybody was interested, and, in consequence, a large vote was polled. True to the traditions of her fathers, Fulton went Democratic, the Progressives progressed back into the fold from whence they came with the result that the G. O. P. will have charge of the Ship of State for the next four years, or until such a time as they shall be succeeded by Democratic suc-

George 2. Arithmetic-How Taught? A. Harris threw his hat into the 3. What Do We as Teachers, scarcely expected that he could win against such odds, but the splendid vote he received was a compliment that no man could ignore.

Shimer was on the short side, politically, in the legislative contest, but he has no occasion to be ashamed of his vote. Chesnut, his successful rival, is a seasoned politician, and will be able to take care of himself and the interests of his constituents when he gets to Harrisburg.

The table in another column tells the story as far as this county is concerned. The presidential contest is a close one, and may take several days to decide beyond a doubt.
