Women Give Out

Housework is hard enough when healthy. Every McConnellsburg woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this woman's experience: Mrs. William Miller, 416 Broad St., Chambersburg, Pa., says: "From over-work and taking a little cold, my back became very stiff and painful. When I tried to stoop over, I had a sharp catch in my back and later, a steady, dull ache settled just over my hips. I heard of Doan's Kidney Pills at a time when I could hardly get up out of my chair. I finally began using them and they gave me relief. Continued use put me on my feet again, so that I can now do all my own work." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Miller uses Foster-Milburn Co., Props., Buffalo, N. Y.

Boys Essay On Editors.

A country schoolboy was told to write an essay on editors, says the Fallbrook (Cal.) Enterprise, and this is the result: Don't know how newspapers came to be in the world. I don't think the good Lord does, for he ain't got nothing to say about an editor in the Bible. I think the editor is one of missing links you read of and stayed in the bushes until after the flood and then came out and wrote the thing up and has been here ever since. I don't think he ever died. I never seen a dead one and never heard of one getting licked. "If a doctor makes a mistake he buries it, and the people dassent say nothin'." "When the editor makes a mistake there is big swearing and a big fuss, but if a doctor makes a mistake there is a funeral, cut flowers and perfect silence. "A doctor can use a word a yard long without anybody knowing what it is, but if an editor uses one he has to spell it. "If a doctor goes to see another man's wife he charges for it, but if the editor goes he gets a charge of backshot. "Any old college can make a doctor, but an editor has to be born."

DISTRESSING RHEUMATISM
How many people, crippled and lame from rheumatism, owe their condition to neglected or incorrect treatment!
It is the exact combination of pure Norwegian Cod Liver Oil with glycerine and hypophosphites as contained in
SCOTT'S EMULSION
that has made Scott's famous for relieving rheumatism when other treatments have utterly failed.

Mere Sheep For Pennsylvania.
The Pennsylvania Agricultural Extension Service has adopted a definite program for increasing the sheep industry of the State. Extension representatives in 36 counties, with the co-operation of county farm bureaus, live stock associations, etc., will make a sheep survey in their counties, gathering statistics as to the number of flocks, the number of sheep in each flock, the breed, cost of maintenance, price obtained for products sold, and profits. Articles will then be prepared giving the specific facts and figures relative to the industry in each county, and also concerning particular farms. Autoexcursions will then be made to farms where special conditions will be studied. This program will aid materially in getting the sheep growers together for co-operation purposes in marketing both mutton and wool. It seems to be an excellent plan.

CONGRESSIONAL COMMITTEE BEGINS RAILWAY INQUIRY
Proposed by President to Better Condition of Carriers.
MAY CHANGE PRESENT SYSTEM

Officials of Roads Prepared to Advocate Federal Incorporation, Supervision of Securities and Extension of Authority of Interstate Commerce Commission.
Washington, Nov. 20.—Ten members of Congress, five Senators and five members of the House of Representatives, began here today an inquiry into the subject of public control and supervision of railroads that may lead to the revolutionizing of the whole scheme of governmental regulation of the country's transportation lines. Incidentally the committee is to look into the question of government ownership of railroads, telephone and telegraph lines and express companies.
The members of the committee which will conduct this important investigation are Senator Newlands of Nevada, chairman; Senators Robinson of Arkansas, Underwood of Alabama, Cummins of Iowa and Brandegee of Connecticut, and Representatives Adkinson of Georgia, Sims of Tennessee, Cullip of Indiana, Eech of Wisconsin and Hamilton of Michigan. The inquiry was recommended by President Wilson in his message to Congress in December of last year. He described as its purpose to determine what could be done "for bettering the conditions under which the railroads are operated and for making them more useful servants of the country as a whole."

Legislative Program of Railroads.
From an authoritative source is obtained the following outline of the legislative program which the railroads will ask the committee to consider in its investigation: They will endeavor to demonstrate to the commission that one of the principal defects in the present system of railroad regulation is the lack of coordination resulting from the simultaneous and conflicting regulation by the federal government and by the 48 states. They will, therefore, ask that entire governmental control of the rates and practices of interstate carriers, except purely local matters, be placed in the hands of a federal body so that interstate traffic may be regulated without reference to state lines, leaving to the state commissions jurisdiction only over local matters and local public utilities. As a part of this plan, a compulsory system of federal incorporation is to be recommended, accompanied by federal supervision of railroad stock and bond issues.

Suffrage Rally.
Last Friday afternoon, about thirty-five Suffragettes including nine new members, met in the home of Miss Mollie Seylar and held a grand rally. The meeting was opened by the chairman, Mrs. C. B. Stevens who reviewed their work of the past two years. An entertaining literary program was then carried out, followed by a duet by Mrs. G. W. Reisner and Miss Emily Greathead. Mrs. Winnie Kendall gave a recitation, Miss Emily Greathead sang a solo, and Miss Anna Reisner recited. Miss Seylar made one of her forceful addresses. Letters were read by members giving reports of temperance and suffrage voting in several cities on last election day. Miss Seylar served elegant light refreshments and the meeting closed with the singing of "America." Miss Seylar was assisted in receiving and serving by Miss Mary Pittman and Miss Netha Nesbit.

The parlor and front porch were beautifully decorated with banners, streamers and suffrage bunting sent to McConnellsburg by Chambersburg ladies in anticipation of a Wilson jubilee that was billed for Tuesday previous, but which did not take place.

BRUSH CREEK.
Jacob Schetrompf, of Franklin Mills has been threshing cloverseed in this township. B. W. Morris has finished threshing and has been planning lumber, sawing wood and assist-Mr. Lynch to shred fodder. He will take his engine to E. A. Diehl's to saw lumber. A boy arrived in the home of Mr. and Mrs. Logue McKee one day last week.

Preaching at Whips Cove church Saturday evening, December 2d, by Rev. Duval. Martha Smith, Amanda Melott and Amanda Hart—all of Whips Cove—accompanied by James Fank, of Ohio, started for Tiffin, Ohio, recently, to visit friends and relatives. If M. R. Shaffner, of McConnellsburg, cares to know the names of the hunters whom he saw on November 5th with a big buck in their auto, as he was returning from F. P. Plessinger's, he can learn same from W. V. Hart, of Whips Cove. While Mr. Hart knows the hunters, he did not know that they had killed the buck. Mr. Hart says he can furnish information for the arrest and conviction of the men. Henry Sharpe recently arrived home from a six weeks trip west, including California.

STRANGE APPENDAGE.
"That's a funny kind of a cottage that Elmiry's rich husband has built."
"Why so?"
"She was a-tellin' me that it's got a grudge in the back and a portico chair at the side."
THEIR DRAWBACK.
"There is one difficulty about joy rides."
"What is that?"
"Most of them are taken on the trouble wagon."

Slip a few Prince Albert smokes into your system!
You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!
There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a regret! You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.
You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what can be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!
THE Prince Albert tobacco is made in fact, every Prince Albert package, has a real message to you on its reverse side. You'll find it—Prince Albert Patented July 30th, 1907. That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert awaiting you in tippy red bags, 5c. tippy red tins, 10c. handsome pound and half-pound tins and humidors and to that clever dry-chemical-glass humidur, with sponge-moistener top, that keeps the tobacco in such fine condition—always!
