Hallfax, N. S., is the western terminus of the great ferry. Its eastern ends are Liverpoel, London, Havre and Bordenux. Few Americans, unless the thing

On a vacation trip a few days ago I steamed into the harbor of Halifaxthrough a narrow space, a "gate" they call it, between two lines of floating mines that extend from shore to shore -on the little steamer Florizel of the Red Cross line, writes Joseph J. "That's the Olympic."

"That big booker out there? Why, that's the Olympic!" he said. "I just came over in her, and tomorrow morning she's going out with a pretty full cargo of Tommies. She's nothin' but a bloomin' ferry these days!"

And that's what she was-the Olympic, the former pride of the White Star line, sister ship of the ill-fated Titanic, and formerly one of the most luxurious passenger liners affoat.
