 KEEP HEALTHY IN TRENCHES Goldiers in Good Physical Condition
Despite Hardships Which They Are Compelled to Undergo

Notwithatandilng all that has been
enild about the squalor and discomtort of life at the battle front, the re-
markable fact appears, necording to
ail ant medtcal tesettimeny, that the hionth
conditlons of the men average far bet-
 the same elass and the same plysical
equipment in the dass of peace. A Prench hrmy surgcon has recently
written atowt expertences at the front
during 1915, with the troopss under his Ouring 1985, with the troops under his
tmmediate observatton. He mhows that
notwithistanifing the fatiume, the over. crowding, the expasure nad the unfar.
orable cilmate conditions, the total of contuglous disenses ammong this arny
wis fess than two-fifths the peace
then
 Sore the wer.
In spite of the extreme contaglousness of mensles nnd searret fever, ho
writes, they did not spread amiong war zone tin makestiftr stompters, whero crowding. He nttributes this entirely
to the life in the poen nit rand to tho
to hyper-oxygenation. It seemed to him
that repeated contact did not possess
the tmportance prexiously the it in the communteation of con-
taslous disenses.

Doing His Share.
