scribe to a magazine in order to secure the comments for the lesson of the day. For this reason, and for the further reason that in spite of all that is being done, there yet remains a large number of professing Christians who are doing no systematic reading of the Bible, and millions of others who almost ignore the Book, the institute has felt led to open up a campaign for the promotion of daily Bible reading, and we invite the readers of this column to join with us in this effort and to share in its benefits.

We realize that the members of Christian Endeavor societies, Epworth Leagues, and all similar organizations, are already pledged to read the Bible daily. Furthermore, the covenants of most churches require their members to do the same, but we are satisfied that a large proportion of God's people, both young and old, are not doing it, and therein lies their weakness.

How to induce them to do what they already admit is their duty, is the problem before us, as it is before every pastor and church leader. To scold them is worse than useless.

Questions to Consider. Question-Can you give any reason why 20,000,000 church members, with opportunity from week to week to listen to sermons and admonitions from nearly 200,000 pastors, do not more closely follow Jesus and more fully represent him to and in the world?

Answer-Yes. The words of the preacher fall on hearts full of the cares and pleasures of this life, and in soil unprepared by the indwelling of the Spirit and the water of the Word. Question - Without increasing churches or pastors, how could their

efficiency be multiplied one hundred fold? Answer-By a proper preparation of the heart to hear the messages proclaimed by the ministers of God.

Question-How can this preparation be brought about, without any more institutions, organizations or expendi-

Answer-If all church officers would, with the pastors, insist upon daily worship and daily Bible readings in the homes of all the Christians in the land, themselves becoming examples and inspirers therein, God would answer the effort and service with such a blessing to his church as the world has never known. The people would be more godly, and the world would have preached to them the greatest sermon of these nineteen cen-

turies. And now, pastors, will you help us, and will you let us help you? We do not claim to have any special light or wisdom on this matter, and we would not presume to teach you, who have long and prayerfully pondered this problem. But we have a vision of a widespread and appalling need, a mighty famine of the Word of God; and we believe that a wise and persistent campaign to promote daily Bible reading is greatly needed. By a campaign such as you and we can carry on, together with multitudes of laymen who will gladly co-operate, and scores of religious papers which we hope to enlist in the same work, believe that thousands of church members can be induced to read the Bible more regularly than they are now do-

We know there is power in the Word, almighty power, power suffi-cient for every need. And we believe that with your co-operation we can let loose some of that power, and make these columns a blessing to multitudes of hungry hearts and homes. By filling these pages with helpful methods, timely illustrations, brief expositions, and stirring testimonies, we believe that you and we together can make this department a blessing to

thousands and tens of thousands. Now, will you join hands with us in this great campaign? Will you preach on the theme of daily Bible reading, and stir up your people on the subject? Will you tell us of any plans which you have found helpful in arousing an interest in the Bible? And will you pray for us, as we do daily

LESSON FOR MARCH 25

time ago I felt so run down, had pains JESUS THE WAY, TRUTH AND in my back and side. LIFE. was very irregular, tired, nervous, had (Review.)

SCRIPTURE LESSON-Read John 14: GOLDEN TEXT—Jesus saith unto him, I am the way, the truth, and the life, no man cometh unto the father, but by me. —John 14:5.

The purpose of John's gospel is revealed in John 20:31. It was to prove that Jesus is the Christ, the Son of God, and to prove it in such a way that men might believe it in their hearts, and thus obtain, through that belief, eternal life in his name. Therefore the best method of review for the lessons of the past quarter would be to go over the lessons one by one, and find out how it is that this great truth, which brings life to men, is illustrated in each of the several lessons. The object of such a review should be to make Jesus as real to us as if we were with him and his disciples, and could realize that the Word is now dwelling among us, full of grace and truth, giving daily of his fulness and "grace for grace." (Ch. 1:14-16). Jesus is "the way," the way to heaven, the way to all that is highest and best on earth, the way of life, the way to the Father, the goal of all human aspirations, the way out of all human darkness and sin, the way to holiness and to God. Jesus is also the truth, the revealed truth about God. He revealed the forgiveness of God for the sins of men, the right way of liv-

view centers about Jesus Christ. It would be good to have a map chiefly of the vicinity of the Sea of Galilee to use in this review. Lesson I. Jesus, the Life and Light of Men. This is the central truth of the gospel. Note the pre-existence of Jesus Christ as the eternal Word, "In the beginning with God." Then again we see it as plainly showing forth or declaring him to be God. We see him also as the Creator of all things, the One in who was life, and he is, was and ever is and ever shall be the Light of men. Jesus of Nazareth was the eternal Word who became flesh, and the apostles beheld his glory. Point out on the map the places in Palestine

on earth, and the eternal life which is

to abide forever. Thus our entire re-

made most precious by what Jesus did in them. Lesson II. John the Baptist. This is a lesson of John's testimony to Jesus as the Son of God; also that Jesus was the Lamb of God, eternal, pre-existent, the One who was baptized by the Holy Ghost, showing us the real nature of Jesus as the Word of God. Describe who and what he was and did that made him the perfect Savior. Lesson VI. The Woman of Samaria. Jesus declared himself to this woman as the Christ, and also as the giver of eternal life; therefore he was God. Referring to the last lesson, emphasize what Jesus meant by his reference to Moses and the brazen serpent, and bring out the fact that the water of which he speaks is the gift of everlasting life.

Lesson VII. The Nobleman's Son. Jesus made his glory to be seen a second time in Cana of Galilee by healing sickness although not present at the bedside of the sick one. Healing and faith are co-partners. John usually calls Jesus' miracles signs. Signs of what? Signs that are to prove that Jesus is divine, to prove that was more than a man, and that he could do things that men cannot do. Bring out the fact that Jesus appeals to his miracles as proof that he is the Son of God, but that miracles are not the breaking of the laws of nature necessarily. When a man changes a few trees into a house, he does not break the laws of nature, but, by the creative force of his will, accomplishes his purpose. Animals cannot do this, because an animal has not creative power. God certainly can do what man can do, and as much beyond as God is greater than

man. Lesson VIII. The Pool of Bethesda. Again Jesus manifests his power by healing by his bare word the man who had been infirm thirty and eight years, and who was utterly helpless and hopeless. Bring out how the man showed his faith. Explain why Jesus should say to him: "Sin no more lest a worse thing befall thee,"

Lesson IX. Five Thousand Fed. Divine power multiplying the loaves and fishes, and divine prudence in assembling the fragments reveals the unquestionable, creative act of the power of Jesus Christ as perhaps none other of his miracles. Emphasize the part which the boy played in co-operating with Christ.

From the Crop of Wheat on 53 Acres in Western Canada.

This story of paying for your land out of one year's crop is fully authenticated by a great many farmers in Western Canada.

And now, all that the farmer makes is velvet and you find him going more extensively into stock raising, for all authorities agree that in a short time there will be a demand for live stock, such as even will tax the vast resources of Western Canada. They will go into stock raising because of the adaptability of the country to provide food and fodder without feeding grain if necessary. They will go into stock and improve their places. They will install steam and heating plantsin fact, many are now doing it. They will have automobiles, in fact in many districts there is not a farmer but has one. They will beautify their homes and erect fine barns until the whole country will be as attractive as many of the counties in the best states in the Union. But we started out to tell you of the farmer who paid for 160 acres of land from the crop of wheat off of 53 acres. The Holden district on the line of the Grand Trunk Pacific does not appear to the ordinary observer to be any better than many other districts along that line, and probably isn't. It was in this district that John Larcome, a settler, purchased in 1915 160 acres of raw prairie land. He broke and seeded 53 acres. His crop turned out well, and he sold the greater portion of it for \$2,970. His land cost him \$16.50 per acre, or \$2,640. So that the crop from the 53 acres paid for the land and left a balance of over \$300, which with
