RACKET STORE

Well, last week we told you we had the agency for Dr. Hess's Stock Remedies—Disinfectants, Pan-a-cea for chickens, and all the rest of his remedies. We have heard of people who were not getting an egg a day, that after using a package or more, are now getting 8, 10, and 12 eggs a day. Isn't this paying? And hogs, sheep, and cattle—equally good results.

Shoes Shoes

As you all know, shoes are advancing in price, but we are glad to say that we are still able to sell a great many shoes at old prices. As long as we have them at the old prices we will sell this way, so we think it will be to your advantage to buy early.

Wire and Wire Nails.

We bought a carload of wire and wire nails last October which did not reach us until the 10th of January; and it was lucky that we did buy early, for the wholesale price has made several advances since that time. We are now offering wire fence to you at prices we would have to pay, if we were buying now. As long as this lot lasts you will get it at January prices.
