The Man Who Wins.

The following timely verses were handed to us by Civil Engineer Frank M. Taylor who has made good and would encourage others.

The man who wins is an average man,
Not built on any peculiar plan,
Not blest with any peculiar luck,
Just steady and earnest, and full of pluck.

When asked a question, he does not guess,
He knows, and answers "no" or "yes."
When set at a task that the rest can't do,
He buckles down till he's put it through.

Three things he's learned; that the man who tries
Finds favor in his employer's eyes,
That it pays to know more than one thing well,
That it doesn't pay all he knows to tell.

So he works and waits till one fine day
There's a better job with bigger pay,
And the men who shirked whenever they could
Are bossed by the men whose work made good.

For the man who wins is the man who works,
Who neither labor nor trouble shirks,
Who uses his hands, his head, his eyes,
The man who wins is the man who tries.

CLEAR RIDGE.

The farmers of this section are hustling to make up for lost time on account of late spring.

Why That Lame Back.

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this McConnellsburg resident's example.

P. F. Black, McConnellsburg, says "While at work, I slipped and wrenched my back badly. After that I had great pain across my loins and my back often got lame and sore. I used Dr. Doan's Kidney Pills, procured at Trout's Drug Store and they soon gave me relief."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Black had Foster-Milburn Co. Props., Buffalo, N. Y.

Let's Have a Flag.

As a sample of what large flags cost, we cite the one raised at Lewiston last week. A fine silk and wool flag, 20x30 feet was purchased by popular subscription and raised on the ridge that lies at the edge of town. The flag cost about \$120.00 wholesale price to dealers, the retail price being twenty or thirty dollars more. We believe that a flag equally as large and of as fine quality could be purchased by popular subscription and raised on Tuscarora Heights residents of both sides of the mountain being permitted to subscribe. But we believe the citizens of McConnellsburg and vicinity would alone give that much, donate a high flag staff and erect the flag on the Court House Square if given the opportunity. Nearly \$100.00 are frequently taken in for one night's entertainment in the Auditorium, but a flag such as described would afford a whole summer's entertainment at an average cost of 25 cents for each of the play-goers in this vicinity.

MONDAY

OH, that dreaded wash day! Isn't there some way to do it easier—some way to avoid that terrific kitchen heat, the back-breaking job of toting wood, shoveling coal and cleaning out ashes? Yes, madam, there is.

NEW PERFECTION OIL COOK-STOVES

have chased this wash-day bugaboo away to stay. With a Perfection in your kitchen you won't have heat all the time, but just when you need it. The water gets hot—off goes the heat, fuel expense stops, the kitchen cools off. You save money, time and work.

And the Perfection will bake, boil, fry or roast at a minute's notice. Just light a match and it'll begin to "do things up brown."

Your dealer will explain its many fine points, such as the fireless cooker and the separate oven.

THE ATLANTIC REFINING COMPANY Philadelphia and Pittsburgh

Your Perfection, or any other oil-burning device, simply can't give best results unless you use Rayolight Oil. It burns without sputter, smoke or smell. And it doesn't cost a penny more than the ordinary kinds. Always look for this sign:

DELCO-LIGHT ELECTRICITY FOR EVERY FARM.

DELCO-LIGHT MAKES ELECTRICITY UNIVERSAL

For the first time electric light and power are available to anyone—anywhere. Heretofore, the benefits of electricity have been confined to those who live in the larger towns and cities. Now Delco-Light makes electric current universally available.

- Delco-Light is today furnishing thousands of farm-houses with brilliant, convenient, safe and economical light.
- It is furnishing power to operate pumps, washing machines, churns, cream separators, milking machines, vacuum cleaners, etc.
- It is lighting country churches, stores and public halls.
- It is furnishing light and power to summer homes and camps, to houseboats and yachts, etc.
- It is lighting rural railway stations and construction camps.
- It is lighting the camps of United States troops on the Mexican border and it is disclosing heretofore undreamed-of beauties in the depths of Mammoth Cave, Kentucky.
- Altogether, over 15,000 Delco-Light plants are in operation, and Delco-Light offices are to be found in almost every part of the world.

Delco-Light is a complete electric plant—the engine and dynamo in one compact unit combined with a set of specially built and wonderfully efficient batteries for the storing of current. The plant is so simple a child can care for it, and so economical that it actually pays for itself in time and labor saved. It operates on either kerosene, gasoline or natural gas.
