Cycle Stolen.
Last evening, Billy Tritle, Frank Tritle, left his bicycle in front of the grocery store on east Lincoln while he went into the bank. When he came out the bicycle was not there. After more than an hour's hunt he found it along the road near the east of town. Some damage was done to the coaster, which feels pretty sore over the riding of his thirty-dollar bicycle.

Bulletin Number 219.

We are indebted to L. H. Wible for a copy of one of the most useful bulletins published by the Agricultural Department. Bulletin number 219 devoted to "Increasing the Winter Yield of Eggs," is a book of 114 pages. It was written by W. Theo. Wittman, the man who made you laugh when he gave "chicken talks" at our farmers' institutes. All who heard him agree that he knew his subject from A to Z, and they will be glad to know that his advice can be had in handy book form. The bulletin has been published by authority of an act of Assembly approved June 18, 1915, and we have no doubt Mr. Wible would be pleased to mail free copies. His address is L. H. Wible, Agricultural Department, Harrisburg, Pa.

Too Busy for Court.

President Judge Thomas D. Bailey ordered a continuance of all civil cases listed for the first week in May and part of the first of the second week in the Huntingdon county court. This has been done to enable farmers interested as suitors, jurors and witnesses to continue their spring work without interruption.

Judge Bailey remarked that while ordinarily court procedures should take preference over private business it is more important at this time that farmers should be engaged in their work every day possible in May.

The Life of Army Camps.

As soon as our new volunteer or conscripted armies are mobilized the problem comes up of the kind of life they are going to live in camps. The first thing to be looked out for is their physical comfort. They need good food, well cooked, and plenty of it.

It will pay to make the boys comfortable. The less their hardships, the more willingly they will do their bit.

The boys need pleasant recreations and some home life surroundings. They will be put through some stirring physical stunts, giving them perhaps all the athletics they need. It may not be necessary to organize baseball and football leagues to work off steam. But when the day's work is over, they need pleasant recreation tents where they can meet and form friendships and gain refreshment for another day. A good line of movie shows would do a lot to relieve the tedium of this hard working life.

The churches and Young Men's Christian Association have a great chance to provide wholesome facilities here for recreation, so that the boys will not be driven by dullness to seek diversion in harmful ways.

No Granger Picnic.

In view of the present conditions of the country, mainly due to the war, and in order to prevent any unnecessary congestions on the railroads, it has been decided to abandon the annual Grangers Picnic at Williams Grove this year. This would have been the 44th annual picnic of this association.
