

### Runyan the Eye Man at

Broad Top, May 11, a. m.; New Grenada, May 12, a. m.; Wells Tannery, May 12, p. m. and May 14, a. m.; Saxton, May 15; Three Springs, May 17.

The Misses Dickson entertained thirty-five at tea last Thursday.

Ice formed and much snow fell Friday and Saturday in northern counties of this state.

Merchant M. H. Hollinshead, of Harrisonville, was briskly transacting business in town last Saturday.

The constitutionality of the act requiring counties to name a sealer of weights and measures is to be tested by Green county.

A Cumberland county lady who has tried it says bugs will not trouble cucumber vines if a nasturtium seed is planted in each hill.

R. C. McQuade daughter Myrtle and Mrs. C. D. Hixon motored to Mercersburg last Sunday and spent the day with R. C. Houpt and family.

Last week Nicholas Roettger greatly improved his dwelling house by putting on a new roof and building a covered porch the whole length of the front.

Dennis Everts and family, of Thompson township, were shopping in town last Friday and he took home with him a receipt for subscription to the NEWS extending to May 1918.

Mrs. Eli Peck, near Needmore, accompanied by daughters Pearl and Carrie, and sons Charles and Chalmer, with Charles at the wheel, motored to McConnellsburg last Thursday.

A Path Valley resident sums up the situation as follows: "Potatoes are ten cents each, beans six for five cents, beef 26 cents per pound. Grass and salt have not advanced. Oh, for a sheep's stomach!"

What will we do for excitement this summer? No railroad boom, the Chateau Heyn propertions extended indefinitely, too far from the coast for submarines to shell the town, and "We're all dressed up and no where to go."

Up until six weeks ago, the number of loaded freight cars daily passing over the Cumberland Valley railroad averaged 600 but it is now over 1,300 owing to the withdrawal of coastwise vessels on account of danger that is attending sea traffic.

Ice dealers (outside of McConnellsburg) say that "owing to the war," price of ice will be advanced. Well, don't ice melt in what Sherman said war is? Then do not find fault with the ice man. Ice may as well be high along with other things—even that Path Valley man's grass will get higher.

Rev. and Mrs. C. W. Taneyhill were royally entertained at dinner by Mr. Frank Ranck and household after Rev. Mr. Taneyhill's address at the Presbyterian church, Warfordsburg, where special services were held on the anniversary of the organization of the Independent Order of Odd Fellows twenty-eight years ago.

Rev. W. M. Cline, of Fort Littleton, bought the cite on which the hotel stood in that place, removed the foundation ploughed up the ground and planted it in potatoes. Our candid advice to the reverend gentleman is that he try the first mess of those tubers with great caution—forty years being a long time for the ground to absorb strange qualities.

John Bishop, employed at the baggage department of the C. V. railroad at Chambersburg, was a week-end visitor at his home in Ayr township. John is a member of Co. C, N. G. P., and he said he did not know what duties they might be called to perform—perhaps go to France. However, his company is ready to cheerfully obey the wish of Uncle Sam.

Last Saturday, Carl Foor, of Woodbury, Bedford county, brought us a year's subscription in advance from Howard Long a former Fulton county boy. Carl's brother Simon, near Henrietta, in Morrison Cove, came with him. The Foor's are Breezewood boys and were accompanied to McConnellsburg by Clem and Thomas Deshong, of Licking Creek township.

## Some Plain Facts

When we invite you to do business at our bank, you naturally want to know why we should ask you to do so.

We are right here to answer that question, as well as any others. It's because we have faith in our bank and the men interested in it. It's because we honestly believe we can do as good or better by you than any other bank in this territory. Our banking facilities are the best. We have modern equipment, accommodating officers, have ample capital and surplus, know the need of the people of this community and feel that it is to your interest as well as ours that you should make our bank your bank. If there are more questions, don't be backward about coming right in and asking them. Nothing would please us better.

**FULTON COUNTY BANK.**  
"OLDEST AND STRONGEST"

### Card of Thanks.

Eli Hann and family hereby heartily thank all friends who so kindly assisted during the sickness and death of the beloved wife and mother.

### To Bridge the Atlantic.

Instead of the 3,000 wooden ships proposed by the United States government, steel ships will be built, the object being to tire out the German submarine campaign. 3,000 ships one mile apart would almost Pontoon bridge the Atlantic ocean and when guarded by war vessels could pour a stream of supplies into Europe like water flowing in a river. Henry Ford, by standardizing all parts, can turn out a finished automobile every few minutes, and it is on this principle that all steel plants and ship yards will work in harmony to finish and launch ships faster than the Germans can sink them. And we will do it, too.

### Spelling Bee.

An old-fashioned spelling bee will be held in the Auditorium Friday evening, May 11th, beginning at eight o'clock. The Civic Club is giving this free of entrance charges, but a collection will be lifted. A real good time is in store for all who go. Everybody knows how spelling bees are conducted and what fun there is to be had "spelling down" the good spellers. The bee is for old and young and we know of some who, thirty, forty and fifty years ago were fond of taking part and will do so on this occasion. We hope to see many from the country on Friday night. Remember every cent given to the Civic Club will be spent for community betterment.

### Please Clean Up.

The Civic Club was requested the NEWS to call attention of property owners and tenants to dirty alleys and back yards in several parts of town and ask that they be cleaned. Last summer this country suffered the worst plague of infantile paralysis ever known. The Doctors agree that filth is the best carrier of the disease, and in some places compulsory cleaning up was resorted to. We escaped the scourge last summer, but who knows what is in store for this summer? We should need no urging by the Civic Club, but common safety should compel every family to live in as clean surroundings as it is possible to have. It will not do for a few to clean up. One or two slovenly premises in a community are sufficient to attract plague diseases and in such instances the purity and cleanliness of all others amounts to nothing. See that your neighborhood is clean.

Boni Regi purchased a large Studebaker car last week, and will use it on his mail route between this place and Burnt Cabins until July 1st. At that time his contract expires, and he will then establish a passenger and express route between McConnellsburg and Everett.

### DR. FAHRNEY,

## RACKET STORE

Well, last week we told you we had the agency for Dr. Hess's Stock Remedies—Disinfectants, Pan-a-cea for chickens, and all the rest of his remedies. We have heard of people who were not getting an egg a day, that after using a package or more, are now getting 8, 10, and 12 eggs a day. Isn't this paying? And hogs, sheep, and cattle—equally good results.

### Shoes

As you all know, shoes are advancing in price, but we are glad to say that we are still able to sell a great many shoes at old prices. As long as we have them at the old prices we will sell this way, so we think it will be to your advantage to buy early.

### Shoes

### Wire and Wire Nails.

We bought a carload of wire and wire nails last October which did not reach us until the 10th of January; and it was lucky that we did buy early, for the wholesale price has made several advances since that time. We are now offering wire fence to you at prices we would have to pay, if we were buying now. As long as this lot lasts you will get it at January prices.

Office one door west of City Hotel,  
Garage in rear.

### "We Told You So."

For years, the NEWS has harped on the fact that agriculture was not receiving its share of attention from our legislative bodies. All kinds of inducements were offered to manufacturers that in turn, attracted the cream of our youth from the farms to the cities. We proclaimed it from time to time as the most short-sighted policy that could be devised, pointing out in our humble manner the danger involved when an army, or a country, failed to amply protect its sources of food supply. What have we now? Nothing short of a panic on the part of those who find themselves responsible for the safety of the nation at a time when the question of food is paramount to all other preparations for war. "Back yard gardening" does not appeal to Fulton county people because all have good gardens. But the frantic appeal of city people to their country cousins to cultivate all waste places and the belated help from state and federal agricultural departments is the best evidence we can expect that we were right in all our efforts to more rapidly develop American

agriculture and to call attention to what could and has happened, namely, a time when the cost of food would be uppermost in the minds and lives of all classes. We did not need war to develop the situation, but war hastened the evil day. If the present nation-wide movement to increase production per acre prove successful, it will not be abandoned when peace comes again. For this reason this country may rejoice that war has been forced upon us because agriculture will have received its delayed dues and the final benefits will be beyond computation. Indeed if we never received back again one dollar of our foreign loans, we would still be the gainers.

### Ignorant Waste of Food.

Do not be impatient because you see so much printed on subjects as "How to Select the Garden" and many other things that are so well known to country people—or at least many of them. A trip to a market where you may see the average wife's purchases convince you that not half as much is being printed. A member of the NEWS staff has been in London to verify the wasteful methods of too many city housewives whose husbands happen to be earning the necessary money for their wives to spend recklessly, all because of pure ignorance. It is to offset this national waste that lessons in economy are being printed broad cast.

## Leiter Brothers COAT AND SUIT SALE NOW GOING ON

If you buy at Leiter Brothers, it's a foregone conclusion that you will make money savings. Good, honest values, coupled with liberal methods and straightforward dealing, have made this store the wonderful success that it is to-day.
