Canadian Farmers Profit From Wheat

The war's devastation of European crops has caused an unusual demand for grain from the American Continent. The people of the world must be fed and wheat near \$2 a bushel offers great profits to the farmer. Canada's invitation is therefore especially attractive. She wants settlers to make money and happy, prosperous homes for themselves by helping her raise immense wheat cro You can get a Homestead of 160 acres FREE

and other lands at remarkably low prices. During many years Canadian wheat fields have averaged 20 bushels to the acre many yields as high as 45 bushels to the acre. Wonderful crops also of Cars, Barley and Flax. Wonderful crops also of Oars, Barley and Plax.

Mixed farming as profitable an industry as grain raising. The excellent grances full of nutrition are the only food required for beef or dairy purposes. Good schools, churches, markets convenient, climate excellent.

There is an extra demand for farm labor to replace the many young men who have volunteered for the war. The forernment is urging farmers to put extra acresse into grain. Write for literature and particulars as to reduced railway rates to Supt. of Immigration, Otawa, Canada, or

EVERYBODY HIT BY THE NEW WAR TARIFF MEASURE

Horizontal 10 Per Cent Increase in Existing Duties and on Imports Now Free.

INCOMES ARE HIT HARD

New Revenues Will Produce Total of \$1,800,000,000 for the Year-Exemption Limits on Incomes Reduced to \$1,000 for Single Men and \$2,000 for Married Men.

Washington.-The war revenue bill, largest in the nation's history, estimated to produce \$1,800,000,000 for the expenses of the war, was completed by the ways and means committee Tuesday night and introduced in the house Wednesday.

If the framers overlooked any tangible article upon which it is possible to levy a tax, it was not because of any desire to do so.

Incomes, inheritances, business profits, amusements, liquors, tobacco, automobiles, moving pictures, baseball games, medicines, letter postage, transportation and jewelry are among some of the things which will feel the burden of taxation. Tariff Will Yield \$200,000,000.

The committee found it necessary to go to the tariff to make up a deficit of something like \$200,000,000. This was done by an agreement to a tax of 10 per cent upon all articles now on the free list and 10 per cent additional upon all articles now upon the dutiable

LESSON FOR MAY 20

THE IMPORTANCE OF SELF-CON-TROL-TEMPERANCE LESSON.

LESSON TEXT-Isa. 25:1-13. GOLDEN TEXT-Every man that striv-th for the mastery is temperate in all hings.-I Cor. 9:25

Wine in the Scriptures is spoken of under four aspects. First, social, that as illustrated by its use at the marriage in Cana. We must not, however, confuse this wine with the spirituous, strong drink of this present day. Second, medicinal (Prov. 31:6-7; I Tim. 5:23). These passages do not command us to use it as such, and God has very graciously revealed to us in modern medical research the futility of the use of alcohol in the matter their income taxes for the year ending of medicine as a remedy. Third, sacri-December 31, 1916, will have to pay ficial wine (Matt. 26:27-29; Luke 22:17another one-third of their taxes again, | 20), and, fourth wine is spoken about as productive of the woes of men (See Amos 6:1; Heb. 2:15; Prov. 23:20). It is also mentioned by way of contrast (See Eph. 5:18).

The Scriptures speak of drunkards ously at 16 per cent on profits over 8 in four different ways: (1) They are to be stoned (Deut. 21:20); (2) Drunkards lead to poverty (Prov. 23:21); The tax on spirits, whisky and sim- (3) Drunkards are to be separated from other men (I Cor. 5:11); (4) they are to be finally separated from

Abstinence from strong drink is enjoined in the Scriptures under three heads: (1) the priest and Nazacite (Num. 6:3; Luke 1:15); (2) the ruler (Prov. 31:4); (3) those who are to worship Jehovah (Lev. 10:3).

This particular lesson is taken from a portion of Isainh's prophecy where The bill specifies that purchasers he is anticipating what is about to hapshall pay the 10 per cent tax on pen to Samaria, and uttering his warn-

The pride of beauty spoken of in verse telegraph messages was fixed at 5 one is to "fall to the earth." This cents on each message the toll of which giorious beauty was after all only a "fading flower" (I Pet. 1:24). The coming of the Assyrians upon Samaria The second-class mail rate increase is described in a three-fold way: (1) As a "tempest of hall": (2) as a "destroying storm;" (3) as a "tempest of mighty waters overflowing." The thought contained is that of widesprend and overwhelming destruction. Eack of this work of devastation and destruction and desolation was the writh of God against sin (Ch. 2:4-b). Five cents a pound on second-class All earthly pride shall be trockien under foot. Samarin, "a fading flower." Six cents a pound on second-class was to be greedly eaten up by the ou-

coming enemy. II. Those Reached by Intemperance. Strong drink causes men to err in their conduct, in their word lusight, in their judgments. It reaches the beautiful (v. 1); it reaches the learned (v. 7); It reaches those in authority; in fact all classes. It leads men to the depths of degradation and to the loss of their wills (v. 8); it makes men to become beasts, wallowing in their own vomit, Not only Samaria, but "these also" (vv. 7 and 8), that is people of Jerusalem have erred through wine and strong drink. Even the priests and the prophets had and do so now (See Ch. 56:10-12; Micah 2:11). The priests were especially inexcusable because of the plain directness of God's word (Lev. 10:9-10; Ezekiel 44:21). The result of their intemperance was that they utterly failed in their official acts. They recled in vision and stumbled in judgment. The use of wine and strong drink made their social gatherings filthy and disgusting, Temperance is the habit of abstaining from everything that destroys. It is the control and right use of God's good gifts for service. Intemperance is lack of control or the wrong use of God's gifts in self-indulgence. Hence the sins of the priests, which were against light, and therefore without excuse.

III. The Lesson in Contrast. Jerucalem vs. Samaria. Samaria's crown of pride was not the glory of God. Its beauty was a fading flower (v. 4), his wisdom contemned through the ignorance of Samaria (vv. 6, 7, 12). his strength versus their weakness and wickedness (vv. 6, 13). God teaches by contrast as well as by direct precept. Verses nine and ten may be taken as a mocking answer of the people to God's prophet. Isainh Infimites that the time to regin our instruction is in childhood (9), that precept must be upon precept, and line upon line, here a little and there a little, There never is a time when we can let up in this struggle against the mighty. evil of intemperance. Taken as a reply of the people (v. 9) this would seem to Indicate that God took them to be babies just weaned. If the prophet. himself, is the speaker, then Jehovah is represented as teaching knowledge to babes and not to the self-sufficient. It is these whom he "makes to understand his message" (R. V.), and the method of his teaching is precept upon precept. If we will not hear God's loving and patient call to repentance, he will speak to us through cruel enemies. If we will not teach our children, if we will not keep everlastingly agitating this question, he will use other means (v. 11).

Ancient Chinese Used Compass.

As early as 2,634 before Christ the compass was known in a crude way to the Chinese and it was used by them for purposes of navigation as early as the third century of the Christian era, But the policy of the rulers and the habits and character of the people conspired to render the Chinese indifferent sailors, and the compass did not become of the great importance to them that it did to the senfaring nations of
