Over four years later, Mr. Conrad said: "I haven't needed any medicine for my backache or other kidney trouble since I used Doan's Kidney Pills."

Interest in Garden Work.

The garden movement has necessarily become mostly an appeal to the people to raise food for patriotic reasons. But many persons who are taking hold with this feeling of obligations, are going to find pleasure in it and will discover that they have found a new diversion.

A great many people have always known this, and have kept up garden work not merely for reasons of family economy, but because they found it agreeable and interesting.

It is like any other form of conscious skill. The moment that by reason of intelligent knowledge you are able to produce a valuable result in spite of difficulties, it is a pleasure to put forth the necessary effort.

Garden work introduces you to the personality of the different food plants and the true enthusiast feels a keen interest in all their ways. He learns that this one needs a great deal of sunshine and that one a special amount of moisture. Some are sensitive to cold and must be planted late. Others are bold and hardy and can go in early.

When any one acquires this knowledge, it is with a sense of triumph that he produces handsome potatoes and beans and peas after a struggle with the adverse forces of nature, and no vegetable bought at a grocery store every begins to taste so well.

The Cost of Living

I hid me down to the butcher store, for I felt that I had to eat and I asked in fear at that worthy's door the price of a pound of meat. "It is sixty cents," said the butcher man, as he mocked at my tears and groans.

Don't Walk

Inasmuch as every man between his 21st and 31st birthday must go to the polling place in his district next Tuesday and register; and inasmuch as some of those men will have either to walk or hire a conveyance, a number of automobile owners have generously offered to transport without cost any who may not have a good way to go.

Profits in Cattle Feeding

Six months of feeding of twenty head of cattle on the farm of the Pennsylvania department of agriculture in Delaware county has resulted in a profit of \$24.48 per head.

Agricultural leaders of the state have been urging more attention to livestock on the farms and the result obtained on the state farm as announced by Secretary of agriculture Charles E. Patton shows the profit that can be made in this line.

LEFT BROTHER IN THE LURCH

Youngster's Enjoyment of the Play Caused Him to Forget the Solemn Agreement Made.

The writer's youth was spent in a small town on the Ohio river, where theatergoing to the stock companies which frequented the place was in great vogue among the younger set.

The town was billed for the Blackton Stock company in "The French Spy." This performance was preceded by a lot of pyrotechnic display and red lights.

After frugal saving for a week prior to this time, on the night of the performance our combined fund only amounted to 15 cents, the price of one admission to the "chicken coop."

After a conference we resolved that my brother should go in, see one act, get the pass check and hand it over to me with a synopsis of the first act. In this way we intended to alternate until the show was out.

This I did when the show was over. I did not stop to give him the synopsis, either.—Blaine Gray, in Puck.

SURE TEST

Inquirer—In your "Songs Without Words" how do you distinguish the lullabies from the nocturnes. Composer—I try 'em on the baby. If he sleeps through 'em, they're lullabies, and if he howls, they're nocturnes.

KING ALBERT'S WISDOM.

King Albert, as commander in chief of the Belgian army, has recently exercised clemency toward 150 military prisoners incarcerated at Fresnes. After the experiences of his army at Liege, Namur and Antwerp, the king was obliged to introduce an iron discipline in order to maintain a high morale among the troops.

IN WORKING ORDER.

Doctor—Madam, your husband wants me to find out what is the matter with you. Please let me look at your tongue.

Husband—Don't waste any time, doctor. There's nothing the matter with that.

CORRECTING MISTAKES.

"Mr. Simp, you are a man after my own heart." "Oh, excuse me, sir, but I ain't. I'm after Miss Mamie's."

OPTIMIST.

Pat—O've lost me job, but O'll not worry; phat O'll save on carfare and lunches should kape me going till O'i get another.

BAD FOR CUSTOMERS.

"I hear Binks is going extensively into the dairy business." "Yes, he's building a large creamery to start with."

The French Bond Buyers.

The French people are the greatest investors in the Government bonds in the world. At the close of the Franco-Prussian War in 1870 Germany demanded and collected from France \$1,000,000,000 indemnity.

Their patriotism turned a great misfortune into a great benefit. Their thrift in thus saving their money and investing it in Government bonds not only brought great prosperity to France but the bonds rose in value all over the world and made the French national credit good wherever civilization existed.

What the American Nation is called upon to do in lending the American Government \$5,000,000,000 and taking its bonds therefor is little compared with the loan of \$1,000,000,000 to France after the Franco-Prussian War by the French people.

MONDAY

OH, that dreaded wash day! Isn't there some way to do it easier—some way to avoid that terrific kitchen heat, the back-breaking job of toting wood, shoveling coal and cleaning out ashes? Yes, madam, there is.

NEW PERFECTION OIL COOK-STOVES

have chased this wash-day bugaboo away to stay. With a Perfection in your kitchen you won't have heat all the time, but just when you need it. The water gets hot—off goes the heat, fuel expense stops, the kitchen cools off. You save money, time and work.

And the Perfection will bake, boil, fry or roast at a minute's notice. Just light a match and it'll begin to "do things up brown."

Your dealer will explain its many fine points, such as the fireless-cooker and the separate oven.

THE ATLANTIC REFINING COMPANY Philadelphia and Pittsburgh

Your Perfection, or any other oil-burning device, simply can't give best results unless you use Rayolight Oil. It burns without sputter, smoke or smell. And it doesn't cost a penny more than the ordinary kinds. Always look for this sign:
