Women Give Out

Housework is hard enough when healthy. Every McConnellsburg woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this woman's experience: Mrs. William Miller, 416 Broad St., Chambersburg, Pa., says:

"From over work and taking a little cold, my back became very stiff and painful. When I tried to stoop over, I had a sharp catch in my back and later, a steady, dull ache settled just over my hips. I heard of Doan's Kidney Pills at a time when I could hardly get up out of my chair. I finally began using them and they gave me relief. Continued use put me on my feet again, so that I can now do all my own work."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Miller had Foster-Milburn Co., Props., Buffalo, N. Y.

Pleasant Suffrage Meeting.

Miss Iris Calderhead, of Kansas, representing the National Woman's Party whose object is to secure an amendment to the Constitution of the United States to enfranchise women, is working in this congressional district in Pennsylvania, and on Tuesday evening she addressed an appreciative audience in the Presbyterian church in McConnellsburg. Miss Calderhead is a pleasant, forceful speaker and she explained the aims and methods of her party in a convincing manner that left no doubt in the minds of the voters who heard her that the cause she represents is just and fair, and of vital importance to our country at this time. Very nicely and convincingly she explain away the vapory objection that Congressmen should not be bothered at this time with the suffrage question as they are too busy (?) with more important matters.

The following quotation from a suffrage letter to Miss Mollie Seylar portrays the situation: "It seems to us that we should concentrate our force on the one man who can end all of this useless waste of our time, health, and energy, and make our country the type of democracy we claim to be going out to establish in the earth. It seems to rest with us to put our 'Beloved Land of the Free' straight with the world by insisting on enfranchisement of women at once."

TUESDAY

HOW the old range does love to heat things up, especially when it's sizzling hot outside! Then, there's always the coal or wood to carry, always that constant raking and poking, pulling this and pushing that, to keep the fire going.

But the ironing must be done. There's no other way to do it, is there? No, not unless you have a New Perfection Oil Cook Stove in your kitchen.

NEW PERFECTION OIL COOK-STOVES

have made thousands of women happy—freed them from the ironing day and the everyday drudgery and overwork you have now.

A Perfection will heat the irons on Tuesdays. And it's always ready to bake, fry, boil or roast at the strike of a match. You'll be particularly interested in the separate oven and the fireless cooker. Your dealer will explain about them. Ask him.

THE ATLANTIC REFINING COMPANY Philadelphia and Pittsburgh

One of the many good points about a Perfection is that it burns the most economical fuel—kerosene. And the best kerosene is Rayolight. It's so highly refined that it burns without smoking, sputtering, smelling or charring the wicks. Look for this sign:
