Ten calves from the Cove were delivered to D. W. Unger, at Foltz, on Tuesday.

Mrs. Raymond Paylor returned home Sunday after having spent a week in Everett.

Mrs. Emma Lodge was in Brush Creek Valley a few days last week at the home of her son George.

It has been made a serious crime to give or sell intoxicants to men wearing the uniform of our army or navy. Good move.

A concrete wharf was laid a few days ago in front of the J. W. Linn garage office and ex-sheriff Jefferson Harris' restaurant.

The local Chautauqua circle will enrich the public school library as fast as they can earn the money. If any money is made at the entertainment on June 22nd, it will go for school improvement. You will get more than your money's worth by attending the entertainment and at the same time boost the library.

Mrs. Ellen Yeager who lives in the brick house near the east foot of Cove mountain was in town Tuesday on one of her frequent trips to our stores and she stated that she expects to go to a hospital in the near future to have a second operation on one of her fingers which did not heal properly when the first amputation was made some time ago.

**The Monroe Doctrine.**

President Monroe in his seventh annual message (Dec. 2, 1823) laid down the principle of what has since been known as the Monroe doctrine, thus:

"We owe it to candor and to the amicable relations existing between the United States and those (great European) powers to declare that we should consider any attempt on their part to extend their system to this hemisphere as dangerous to our peace and safety. With the existing colonies or dependencies of any European power we have not interfered and shall not interfere but with the governments who have declared their independence and maintained it and whose independence we have on great consideration and on just principles acknowledged we would not view any interposition for the purpose of oppressing them or controlling in any other manner their destiny by any European power in any other light than as a manifestation of an unfriendly disposition toward the United States."

**Entertainment.**

Humphrey C. Deibert, impersonator, reader and lecturer, having an open date on June 22nd, has kindly agreed to visit McConnellsburg in the interest of the local Chautauqua Reading Circle and present his James Whitcomb Riley Entertainment at a sacrifice charge that will enable us to announce the entertainment at a popular price of admission. Mr. Deibert is known in Institute work and in Chautauqua as a very pleasing entertainer, and the public may depend upon the usual high order of entertainment like that furnished during our Chautauqua festival.

The names of those enrolled are: Catherine Glenn, Nela Bair, Huldah Foreman, Helen Bender, Jemima Hann, Wreatha Winters, Florence Bain, Luna Gress, Myrtle Duvall, Florence McQuade, Ruth Harris, Josephine Gordon, Florence Truax, Flossie Sharpe, Janet Brakeall, Bertha Tritle, Cora Nesbit, Minerva Pittman, Myrtle Remsburg, LaVerna Charlton, Jessie Truax, Minnie Lynch, Hazel McQuade, Etta Waltz, Rebecca Hockensmith, Gladys Charlton, Mary Brakeall, Lydia Humbert, Rose Keefer, May Pittman, Edith Fix, Myrtle Alloway, Adaline Crouse, John Morton, James Richards, Howard Peck, Russell Fix, Elias Lynch, Frank Pittman, Hobart Truax, Foster Hollinshead, Kenneth McKee, Kenneth Glazier, George Mellett, Oliver Winters, McKinley Whitfield, and Clarence Morton.

**Cholera.**

Keep plenty of charcoal where fowls can get it all times. Very sour milk kept constantly before poultry aids greatly in keeping cholera away. If a fowl shows symptoms of cholera, and you wish to save it, put it in a box with plenty of light, but the sick bird must not be permitted to pick up and swallow so much as a bit of grit, grass or any solid food. Place sour milk in the box and the bird if not too far gone, will drink sufficient to keep it alive and at the same time, the acid helps to kill the cholera germs in the intestines. But the secret is—nothing else but the sour milk must enter the craw or all good effects will be lost.

**Examinations.**

The examinations at the three Teachers' Normal Schools in the county will be held as follows: Hustontown, June 28th; Burnt Cabins, June 29th; McConnellsburg, July 12th;

Any applicant from any one of the three Normal Schools may take the examination at either of the other Normal Schools instead of the one he is attending if he prefer, but no applicant will be permitted to take more than one of the above examinations.

Respectfully,  
J. EMERY THOMAS,  
County Supt.

**The \$100 Bond.**

It has been carefully estimated that the proceeds of one \$100 Liberty Loan Bond will fully clothe, arm, and equip one American soldier. Each purchaser of a Liberty Loan Bond for \$100 may feel that his or her money is doing its individual part in the arming and equipping of one of our country's soldiers. To some who wish that they could actively serve their country in the field but who have been denied this privilege this gives a specific tangible nature to an investment in a Liberty Loan Bond.

The local Chautauqua reading circle held a business meeting last Saturday evening and among other things, it was decided to purchase a set of Ridpath's history costing between thirty-five and forty dollars, the books to be placed in the public school library. This will be the second set of books presented to the school by the Circle.
