#### AFTER EIGHT YEARS.

##### McConnellsburg Testimony Remains Unshaken.

Time is the best test of truth. Here is a McConnellsburg story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Miss Susan Peightel, McConnellsburg, says: "I was in poor health for some time and I believe that weak kidneys caused the trouble. I suffered greatly from severe pains in my back, which often darted into my head. I often became dizzy and had chills. I was losing strength daily and felt poorly in every way. Doan's Kidney Pills, procured at Trout's Drug Store, brought me quick relief." (Statement given November 5, 1907)

Over six years later, Miss Peightel said: "Whenever I need a backache or kidney medicine, I use Doan's Kidney Pills. They relieve me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Peightel has twice publicly recommended. Foster Milburn Co., Props., Buffalo, N. Y.

Grant Hoover killed two rattlesnakes last week, one having thirteen rattles and the other, ten.

There was a large attendance at the children's Day Service at Fairview on Sunday forenoon. More than thirty automobiles were there.

The exercises were unusually good and showed careful preparation. It might seem invidious to make any distinction by naming any particular part of the program but the Flag Drill and the Rose Drill were two very good exercises. The collection taken at the service amounted to \$5.34.

Rev. Erb, of New Buffalo, Perry county, preached at Ludwig school house on Sunday afternoon from the subject, The Vision of Christ.

Mrs. Harry Bowen and Mrs. Scott (nee Marjorie Clevenger) and little daughter Marjorie, of Pittsburgh, are visiting at the home of Mrs. Alice Clevenger, Mrs. Scott's mother.

#### GREAT PERFORMANCE

##### An Automobile That Has Covered More Than a Quarter Million Miles Is Still Going.

What was a real curiosity in the way of an automobile passed through McConnellsburg last Monday. It was a curiosity—not on account of its size, not on account of the strangeness of its name, for it bore the name of a popular make—but it was a curiosity because of what it had accomplished.

The car was a Buick, Model 16 and was built away back in 1909 and had been on the job out in Kansas until it had run 261,800 miles doing all kinds of pleasure and jitney work. It showed such remarkable vitality that its friends decided to give it a chance to see what it could do in its old days and, consequently, a few days ago it started out from Detroit Mich., for a tour east to Boston; thence by way of Washington, D. C., McConnellsburg, Pittsburgh, Cincinnati, St. Louis, Salt Lake City, Los Angeles, Seattle and back to Detroit—making a trip of 12,000 miles.

It was met at Chambersburg by our local Buick dealer, R. M. Cline and escorted to McConnellsburg; Dr. Blackwelder, of Bedford was here to escort it to Bedford, and its entire trip will be made memorable by the attention it receives all along the route. The Buick car is equipped with Hyatt Roller Bearings—one set of which has sufficed for this car all of its strenuous life.

##### Deserve to Lose.

Some time ago, before food gamblers became aware that the United States government intended to put down "cornering" and speculating in food, thousands of acres of potatoes were bought up by the greedy creatures. In some instances the potatoes were contracted for before they were planted and from \$1.50 to \$2.00 a bushel paid in advance. It is now predicted that a fair price of one dollar a bushel will prevail and the guilty speculators deserve to lose.

There is no intention whatever on the part of the government to reduce normal profits to the producers of food for man or beast. On the contrary, it is the intention of those in authority to protect them in recognition of the country's helplessness without the farmers' aid and in gratitude for their efforts to meet the quantity demand. But the seventy per cent. who buy the produce, and the brave men who are at the front in defense of the country must be protected from the wretched men who prey upon human misery.

##### Our Boy Scouts.

The McConnellsburg troupe of Boy Scouts—twenty or more—can march and drill in very graceful and orderly manner. Scout Master Harry Johnston is a good officer and is ever on the alert for the welfare of his boys. The boys have a "farm" on a lot at the northern edge of town and it is a pretty sight to see them march and "present arms" with their hoes and rakes. Last Friday when the boys were marching to work, Captain Johnston neatly—and without a word—taught a reckless auto driver a lesson in politeness by deliberately placing himself between the fast-moving machine and the boys until the latter could separate to make a passage between their lines.

#### Have Such Big Feet.

Last Sunday, Rev. Edward Jackson included in his sermon a discourse on good manners, making special reference to the racket made by clumsy feet at meetings in the Auditorium.

Editorially we desire to say, it seems that it never occurs to the minds of the offenders to politely tip toe in and out of the room. All ladies who offend are thought to wear number nine shoes, and, very naturally, the speaker and the audience crane their necks to see who has such curious feet. As for the men who "stomp" so heavily in the lower hall, on the stairs and on the floor—well, the scientists have not yet classified them.

Unfortunately, there is a lack of carpet to deaden noise in the hall and on the floors, but on the other hand, when a really polite person must leave before the close of the meeting, hear she tip-toes in a manner that, in effect, is a real apology to the speaker for the discourtesy of the interruption. But there seems to be no hope for those whom Nature endowed with such feet as described above.

#### A Tip for the Civic Club.

The debt on the public school building could be liquidated and the coveted improvements to the building made and paid for in a short time if the Civic Club would take their cue from the following hint and promptly act upon it: The law imposes a fine of 67 cents for each and every oath uttered in public when the offender is convicted. We know that we are below the mark when we state that \$67.00 daily for a year could be collected by several fearless women because it would require a daily fine for that length of time to break many of the habit. Laying all jokes aside we feel justified in urging sober consideration of the idea.

Mr. and Mrs. A. J. Keefer, of Thompson township, were shopping in town Tuesday and paid this office a call.
