

The prosperous Fulton County Bank had a lot of concrete walks laid recently.

The rose-covered fence along the street side of Mrs. Clara Greathead's Garden is worth going to see.

Judging by the crowded streets and tents last Friday, the showmen's purse must have been quite heavy when they left for Burnt Cabins next morning.

Since the Lancaster county farmers have agreed that a silo saves ten dollars on each head of cattle kept, why not a lot of new ones for Fulton county this summer?

Walter Johnston, in his auto, took Misses Mary Jane Johnston, Ethel Hays and Mildred Mock to Shippensburg to witness Field Day program at State Normal, on Tuesday.

**HIDES.**—Frank B. Sipes pays the highest market price for beef hides at their butcher shop in McConnellsburg, also highest price paid for calf skins, sheepskins and tallow.

Advertisement.

Wheat fields in southern Franklin county that were ruined by the recent hail storm were planted in corn. Many farmers planted thirty to forty acres of corn where the wheat was cut off by the ice.

Work on the Patterson new home on south Second street was resumed this week. Hon. D. H. Patterson said he expected to occupy it before Jack Frost took up his winter quarters again in McConnellsburg.

Miss Mollie Seylar gave a luncheon on Tuesday at which Mrs. James K. Linn, of Philadelphia, was guest of honor. A special feature was the decoration which showed every indication of patriotism. In fact, the entire program was composed of patriotic suggestions.

Two letters written by Mr. and Mrs. John H. Reisner, of Shanghai, China, one, on May 14th and the other on May 20th, were received by the former's parents Mr. and Mrs. Jacob Reisner, last Monday. A drought is threatening the wheat and rice crops of China at a time when other countries may be unable to render material aid.

Among the pleasant callers at the News office, Show Day, was Mr. John Cree, of Shade Gap. Mr. Cree is the present contractor for carrying the mail between Shade Gap and Fannettsburg, and has the contract for the four years beginning July 1. He has been in the service for about eighteen years.

Sergeant Hendelung, connected with the Harrisburg recruiting station, stopped a few minutes in town last Thursday on his way to Bedford county. He said that all men who now enlist in this county will be sent to Gettysburg for training, and will have a chance to serve their country near home. Pay for volunteers ranges from \$30 to \$106 per month.

Farmers need a day off once in awhile as well as other people and last Friday being circus day, William M. Kendall "tramped in the starter" and took his wife, his sister-in-law Mrs. Helen Corbin and little daughter Eliza, and sister-in-law Mrs. D. F. Trout and little son Daniel F., Jr., and went over to Path Valley where they spent the day very pleasantly in the home of Mrs. William Parks.

After having spent four years in Kansas in connection with the agricultural department of that state, Mr. Edward Reisner has accepted a position on the faculty of Columbia University and on July fifth, he will begin work at that institution. He visited his parents and relatives in McConnellsburg a few days this week. In about a month from this date his family will arrive in McConnellsburg to remain a short time, after which they will make their residence in New York City.

**WHY YOU ARE NERVOUS**

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

**"Real Service" Means "Do it Now"**

L. Wible, auctioneer.

**Family Reunion.**

Sunday, June 17, 1917 was a pleasant day in the life of Mrs. Mary Wink when she had in her home her seven children, namely Edward, at home; Thomas, wife and three children, Needmore; Ted, wife and three children, Mercersburg; George, West Virginia; Elijah and Ira, at home; and Enza, wife of Alvah Williams Dickeys Mountain. Seven grandchildren. Among others who participated in the joyous occasion were H. Wishart Wink (a cousin) and his wife and two daughters, Mrs. Maria Palmer, and Mrs. Susie Truax. Altogether, there were sixty-two persons who called during the day, and wished Aunt Mary many more such happy occasions.

**Teachers' Provisional**

**Certificate Examinations**  
Examinations for those persons not attending County Normal will be held as follows:  
Needmore—July 9th.  
Harrisville—July 10th.  
Examinations will begin at 8 o'clock a. m.

Respectfully,  
J. EMERY THOMAS,  
County Supt.

The new Lohr dog bill just passed by the Legislature will give farmers greater interest in sheep growing as they have more protection against dogs than ever before. Next week we will print the law in answer to a request for information along that line.

**The Blue Cross.**

All know what the Red Cross is but how many know that there is a Blue Cross Society? It is a French institution for the care and treatment of war dogs and horses—dogs receiving special attention because if a horse can be saved, it generally comes in for what aid may be at hand. But the faithful dogs whose duty and pleasure it is to locate wounded soldiers do not fare so easily, hence the society. There is an American branch at 55 east Ninety-third street, New York City.

Few Americans know the extent of usefulness of dogs to many European people. Economy is the keystone of all activities in those places, and the dog is trained to serve to a degree little thought of here. He draws carts to market, guards sheep in a manner that would not be believed by the unsophisticated and accompanies the police for many purposes, especially to rescue drowning persons and suicides along river fronts. But it is in battle that the dog is of untold value in a struggle that covers hundreds of square miles. He is taught to locate wounded soldiers that would otherwise never be found, and in this manner a dog has been known to save the lives of twenty men in one day. Is it any wonder that kind hearted men and women give of their means to ease the miseries of an animal so faithful?

**Last Call to Volunteers.**

Next Saturday is the last day on which volunteers will be permitted to select the department of the army or navy in which they prefer to serve. After that time the selective draft will be in operation and when a recruit is drawn and accepted, he will have no choice in the selection of a place. From the U. S. Army recruiting station in Harrisburg we learn that this state must produce 3,500 recruits by July 1st or be classed as a "slacker" state. Although the city of Harrisburg has done its share, a special effort is being made by that city to help the State this week. Fulton county men may join (before Saturday night) special "Harrisburg Units," the identity of which will be preserved not only at the training camp at Gettysburg, but "Somewhere in France" where the unit will be eventually. Some special honor will be granted these men.

**Dividend Notice.**

At a regular meeting of the Board of Directors of the First National Bank of McConnellsburg, Pa., a semi-annual dividend of three per cent. on the capital stock was declared, payable July 2, 1917 to shareholders of record at the close of business on June 30, 1917. Checks will be mailed. MERRILL W. NACE, Cashier.

In an age charged with being selfish, sordid and commercial there has grown up and developed the greatest organization for unselfish service the world has ever seen—the American Red Cross.

**DR. FAHRNEY**

HAGERSTOWN, MD.  
**DIAGNOSTICIAN**  
Only chronic diseases. Send me your name and address and I will send you a mailing case and question blank. Don't use dope for chronic troubles, get cured. It is a satisfaction to know what the cause is. **CONSULTATION FREE.**

**LATEST RACKET STORE NEWS**

**Give Longer Service**

THE best architects and engineers recommend Barrett Specification Roofs because they know that such roofs give longer service at less cost than any other roof covering known. Barrett Specification Roofs have a record behind them covering 60 years of satisfaction. If you need anything in the roofing line write us and we'll tell you more about them.

**Note These Prices**

1-ply Roofing with cement and nails \$1.15; 2-ply, \$1.40; and the Barrett best grade that has been known to last for 20 years, --2-ply \$1.65; 3-ply \$2.00. This is good goods and will give service.
