

According to best data, July 8th will be the one hundred thousandth Sunday of the Christian era, dating from the birth of Christ.

Mrs. Eliza Johnston and daughter Miss Florence delightfully entertained forty guests at luncheon, at their home in Ayr township, last Friday.

Mrs. Sadie Fisher went to Philadelphia to-day to visit her son and daughter-in-law, Mr. and Mrs. A. A. Fisher, and to remain for an indefinite period.

Rabbits are so numerous and bold at Richmond Furnace that gardens are being ruined. One person lost 700 plants that were nibbled off by the little animals.

John M. Houck, son of the late Mac. W. Houck, and Miss Mary E. Thomas, daughter of Mr. and Mrs. John Thomas—all of New Grenada—were granted a license to marry, on June 30th.

HIDES.—Frank B. Sipes pays the highest market price for beef hides at their butcher shop in McConnellsburg, also highest price paid for calf skins sheepskins and tallow.

Last Sunday Doctor Mosser sewed up an ugly cut over the right eye of a small son of Mr. and Mrs. John Martz who live north of Knobsville. Children were throwing stones and the little fellow "got in the way of one."

Our boys and girls may indulge in a "sigh of relief" over the fact that they will not be required to take out a license to fish for Sunnies and Chubs, but they made a narrow escape at the hands of the big fishing clubs of the State who tried hard to place a fisherman's license law on our statute books.

Mr. Oliver Plessinger, near Needmore, has purchased a lot of ground in that growing village and is building a dwelling house into which he expects to move next spring, and turn his farm over to somebody else to cultivate. Mr. Plessinger was in town on Monday for a load of sash and doors.

Last Saturday, R. B. Regi kissed the Burnt Cabins and McConnellsburg mail route goodbye and on Monday his place was taken by W. H. Wible. For some time Mr. Regi has been making daily round trips to Everett and his release from the mail route will give more time at the latter place for the accommodation of patrons.

The domestic consumption of salt in 1916 was 45,720,860 barrels of 280 pounds each, an increase of more than 7,000,000 barrels over consumption of 1915. According to statistics compiled under the direction of R. W. Stone, of the United States Geological Survey, Department of the Interior, the domestic production of salt in 1916 was 45,449,329 the imports were 871,992 barrels and the exports 600,461 barrels. This was an increase of 19 per cent in the quantity of salt produced. The total of the salt was \$13,645,947.

Rubin & Rubin Here Tuesday.

Notice to Farmers.
There is still plenty of time to plant buckwheat. We strongly urge you to use all your land possible in the production of this crop. Those who have not been able to procure seed may do so from the following people:
Rhom's Mill, Gapsville, Pa.
Thomas Metzler, Harrisonville, Pa.

William Bair, Saluvia, Pa.
Roy Sipes, Saluvia, Pa.
Urner Truax, Andover, Pa.
Norman Akers, Sipes Mills, Pa.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.
To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.
Scott & Borne, New York, N. Y.

"Real Service" Means "Do it Now"

Our constant aim is to render prompt and efficient service.

J. EMERY THOMAS,
County Supt.

From Martin Luther.

Whoever first brewed beer has prepared a pest for Germany. I have prayed to God that he would destroy the whole brewing industry. All Germany could live on the barley that is spoiled and turned into a curse by the brewer.—**Martin Luther, in his "Table Talks."**

Every country must have its own devil. Italy has its and France its. Our German devil is a good wine-skin. This eternal thirst and plague of Germany will remain, I am afraid, until the last day.—**Martin Luther.**

Pleasant Social Event.

Last Friday evening Mr. and Mrs. Daniel B. McQuade entertained at their pleasant home in Ayr township, about forty young people, most of whom were members of the McConnellsburg Normal. Young men having automobiles very generously saw to it that the town folks had a way to get to the party and back. Refreshments were served and the young people had just a grand time so they all say.

Food Storage Information.

There is sure to be a greater interest during the current year in various methods of storing fruits and vegetables for winter use. Nearly all Pennsylvania farmers produce more fruit and vegetables than can be consumed locally at harvest time. The sacrifice of such produce may be prevented by proper and in many cases simple storing devices.

It is with the idea of meeting a demand for information concerning such devices that the Pennsylvania State College is preparing a circular on the home storage of fruits and vegetables. This circular will be free to Pennsylvania residents.

In writing for information, remember the address—State College, State College, Pa., the post office being the same name as the College.

Went Around the World.

The Lutheran annual fete, "A Trip Around the World," was held Thursday evening of last week. Although rain was falling at the hour the excursion was billed to start, fully one hundred and seventy-five people "set sail" for the chief countries of Europe and Asia. Submarine enemies may have lingered in the wake of the fast ships, but if torpedos were fired, no hits were recorded and at each port the natives brought food and refreshments and received the Americans with no small honors.

Of course, the Lutheran church was America, from which the excursion started. Then the five countries visited were represented by the following homes, at each of which the party was entertained a few minutes: Japan, John Conrad; Italy, Rev. C. F. Jacobs; Switzerland, John Ott; England, James Hull; China, Mrs. Wm. Black.

Autobus Wanted.

Wanted:—An autobus to leave McConnellsburg daily at five o'clock in the evening for top of Cove mountain and on the return trip, leave the ground at nine o'clock. Fare to be fifteen cents each way or thirty cents for round trip. Under present accommodations, the return trip must be made at seven o'clock and the fare is fifty cents—too much for just one hour's outing. Hundreds would patronize a four-hour, thirty-cent arrangement during July and August. In most towns, access to popular picnic grounds can be had for a nickle by trolley, but as that is not possible in McConnellsburg, let us have the fifteen-cent autobus. McConnellsburg would stand even the twenty-five rate if the time of return could be extended to nine or ten o'clock p. m.

Silage Best.

Our Agricultural Department made experiments with seven separate lots of steers in the feed lots at State College last winter and then sold the seventy-two head on the Pittsburgh market. On the lots fed heavy silage ration greatest gains were made and they sold for higher prices than the steers fed dry roughage.

At most barns a sheaf of dry corn fodder is given to each head at a feed. A handful of leaves is all the animal can eat of this ration. But when the sheaf is cut green and made into silage, not only do the leaves furnish food, but the stalks as well and in this manner, the available feed supply can be more than doubled and made better, also.

Mrs. McPherson to Help

Mrs. Donald P. McPherson, of Gettysburg, will motor to Chambersburg weekly to receive the magazines and Victrola records that are intended for use in the recreation room at the Gettysburg encampment. On the opening night of the reading room at the camp one hundred and fifty soldiers spent the evening in pleasant diversion.

DR. FAHRNEY

HAGERSTOWN, MD.
