Come On, Boys! Give the Guard a Fighting Chance

Fight alongside Your Friends Fill up the National Guard

ALL BRANCHES OF ARMY SERVICE ARE OPEN TO YOU.

"They are mustering in the Guard." Four times within the memory of living men these things have sped from lip to lip throughout Pennsylvania.

Four times, while men's lips have spread this terse message, men's hearts have sensed a stronger tension and men's pulses have known a quickening beat.

For men know that the simple announcement of this shifting of Guard control from State to Federal hands can have but one interpretation—the close approach of a great national crisis.

Once—almost a lifetime ago—the tidings presaged the storm and fury of civil strife into which marched gallantly the youthful chivalry of Pennsylvania's militia, to emerge, four years later, stern and masterful conquerors.

A second time the message forecasted the clash of arms which broke the faltering grip of an old-world empire upon an unwilling new-world colony.

And again file on file of Pennsylvania's youth was seen on its way to take up the cause of an oppressed people.

Once again—and this time so recent that echoes of the measured tramp are hardly stilled—the mustering in meant a long jaunt to the far southwest, where the bright face of danger peered over the border.

Today—"They are mustering in the Guard." Well may the heart-tension tighten and the pulses leap more responsive than ever to this speeding message.

For never before has been the forerunner of a national peril of such sinister portent.

War's Weird Shadow. Less than three years ago peace-loving Americans paused in their startled eyes toward a fearsome specter, which, suddenly rearing itself in central Europe, stalked rapidly over teeming and prosperous lands, imprinting death and blight with every ghastly footstep.

It was an unclean motion, a motion of blood, fire and steel, reflecting in its hideous outline the hatred and venom of its creators toward all mankind who do not accept the idea of national existence to which they have dedicated themselves.

It is muscled with human flesh and guided by human intelligence on a career of surpassing deviltry.

To the safe spectator on America's distant shores came first only a feeling of loathing for this unclean monster and its masters. It seemed unbelievable that a monstrosity so foul and malevolent could spring to life in this enlightened day.

Americans viewing its revolting progress with horrified eyes, did so with only the impersonal interest of unconcerned onlookers. Danger to their own free land—and free institutions—from the disportings of this monstrous thing appeared too remote to be given any consideration.

Its bloody wallowings so riveted the eyes that for a time the grim purpose animating its ruthless onslaughts was entirely uncomprehended.

It was not until Belgium had been shattered almost beyond hope of restoration and liberty-loving France had been brought face-to-face with virtual annihilation, that America grasped the true significance of the demon machine and its workings.

Shall Liberty Vanish? And who can doubt, today, that this significance is, in all probability, the obliteration of the liberal institutions to which free peoples are committed.

Should this machine prevail liberty, as we know it, must, in time, vanish from the face of the earth.

The nation stands today at a crossroad of destiny and the path to the goal of security looms up rugged. Already it is resounding to the tread of armed men. The regular army is on the move and now the call has gone out for the country's second line of defense—the National Guard.

Twice Proven.

If you suffer backache, sleep less nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice told testimony. It's McConnellsburg evidence—doubly proven.

Mrs. D. Keyser, McConnellsburg, says: "My backached constantly and the pains in my loins were so severe that it was almost impossible for me to bend over. I had but little strength and my housework became a burden. One box of Doan's Kidney Pills, procured at Trouts Drug Store, cured me."

Doan's made a cure. Over two years later, Mrs. Keyser said: "Doan's Kidney Pills completely cured me of Kidney trouble. I am in good health now."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Keyser has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Prussian newspapers are calling on all of the people of Germany and Austria who are now in America and other foreign countries to return after the war and help in the reconstruction of their country.

Unless human nature differs vastly in those countries from that which we see of German people in America, good, fat livings here will not be sacrificed by going to Europe to play nurse to a country that got shot full of holes because it attempted to set the brutal Hohenzollern autocracy on the throne of the Universe.

SALUVIA.

Mrs. Berte Wilson was taken to the Chambersburg hospital some days ago for an operation. At last account she was slowly recovering.

Miss Miriam Mann, daughter of Mr. and Mrs. L. C. Mann, of Everett, who is home on a vacation from a Boston Female College, and Miss Andrews, a college chum, of Orange, Mass., accomplished quite a feat last Friday by walking eighteen miles from Everett to Green Hill to visit the former's aunt, Mrs. W. E. Bar, and family. They expect to walk back to Everett this week.

Grain harvesting is on in this section this week. May there be favorable weather that the farmers may gather their grain and grass crops in good condition. Much grain and grass last year were damaged by excessively wet weather.

Good prospects for lots of buckwheat cakes for the coming winter. The acreage is largest for many years, and plenty of good blossoms—an omen of a good yield. Edward Kinsow sowed twenty nine acres, Robert Kline nearly as much, Herbert Jackson twenty four acres, and other farmers in proportion.

Hon. John Wanamaker, of Philadelphia, during his administration as Postmaster General, did a great and good service for the people by establishing improved mail facilities and as far as possible, brought everybody's mail to their doors either by general delivery or by star route.

Never before in the history of our country did the people have such good and efficient mail service. Many of our older men and women remember the time when the country districts and smaller villages and towns all over the land did not have daily mails—some had once a week, others twice, and others thrice, and so on, depending upon their location and hundreds and thousands of people had to go for miles to reach a post office to get their mail. It will surprise many of our people to learn and know that the antiquated condition of fifty years ago has come to a number of our people on and adjoining the Lincoln Highway in the western side of Fulton county and the eastern side of Bedford county, by the abandonment of a long established route from

Breezewood to Saluvia, a distance of ten miles. Some of the people have to go five miles to reach a post office and many people will be delayed twenty four hours in receiving their western mail—and maybe longer—by a recent ruling of the post office department.

Miss Helen Edwards has returned to her home from Pittsburgh, where she had been teaching the past winter.

Last Sunday morning, John Gracey, wife and three children Eugene, Margaret and Ellwood, of Newburg, Pa.; Mrs. Gracy's mother, Mrs. Margaret Bergstreser and two grandchildren, Olive and Maude Bergstreser, of Waterfall, also Mrs. Gracy's mother Mrs. Hettie Gracy motored to the home of S. S. Strait, where they spent the day.

A "Handkerchief Social" will be held in the grove near Gracey, Saturday evening, July 22. Proceeds for U. B. church.

Mrs. James Cutchall, Jr., has returned from Roaring Spring Hospital.

Mrs. Joseph Laidig visited in the home of her brother, Albert King, Sunday.

TUESDAY HOW the old range does love to heat things up, especially when it's sizzling hot outside! Then, there's always the coal or wood to carry, always that constant raking and poking, pulling this and pushing that, to keep the fire going. But the ironing must be done. There's no other way to do it, is there? No, not unless you have a New Perfection Oil Cook Stove in your kitchen. NEW PERFECTION OIL COOK-STOVES have made thousands of women happy—freed them from the ironing day and the everyday drudgery and overwork you have now. A Perfection will heat the irons on Tuesdays. And it's always ready to bake, fry, boil or roast at the strike of a match. You'll be particularly interested in the separate oven and the fireless cooker. Your dealer will explain about them. Ask him. THE ATLANTIC REFINING COMPANY Philadelphia and Pittsburgh One of the many good points about a Perfection is that it burns the most economical fuel—kerosene. And the best kerosene is Rayolight. It's so highly refined that it burns without smoking, sputtering, smelling or charring the wicks.
