WILSON DRAFTS ENTIRE GUARD

To Be Taken Into U. S. Army August 5

FOURTEEN CAMPS PICKED

Regiments in Northern and Eastern Sections of the Country To Be Mobilized in Advance of Others.

Washington.—The last step necessary to make the entire National Guard available for duty in France was taken Monday by President Wilson with the issue of a proclamation drafting the state troops into the army of the United States on August 5.

To make certain that the purpose of the National Defense act is carried out, the proclamation also specifically declares the men drafted to be discharged from the old militia status on that date. In that way the constitutional restraint upon use of militia outside the country is avoided and the way paved for sending the regiments to the European front.

Prior to the application of the draft, regiments in the northern and eastern section of the country are called into the Federal service as National Guardsmen in two increments, to be mobilized on July 15 and 25. The Maryland units will go into service July 25.

Many units already are Federalized and presumably they will be mobilized with the other troops from their states. The guard from the other states will be mobilized on the day of the draft. The arrangement was necessary to provide for movement of the regiments south to their concentration camps without congestion and to the same end the division of states into these increments was revised from the original schedule.

14 Camps Already Selected.

The operative date of the draft was delayed until August 5 so that all regiments can be taken into the army simultaneously.

Fourteen camp sites for the 16 tactical divisions into which the guard will be organized for war purposes have already been selected and the militia bureau is preparing the railway routing of the troops to the camps. Seven of the sites selected are in the Southeastern Department, five in the Southern and two in the Western.

The two others will be in the Southeastern Department and until they are approved assignment of regiments to camps and divisions cannot be fully worked out. The only two divisions positively assigned are the nineteenth, including the California guard, which will go to Linda Vista, Cal., and the twentieth, including Oregon, Washington and other states in the Northwest, which will go to Palo Alto, Cal.

MEMORIAL TO SOUTHERNERS.

Daughters of Confederacy Give Ambulances To Red Cross.

New York.—The New York Chapter of the Daughters of the Confederacy presented the New York County Chapter of the American Red Cross with two fully-equipped ambulances, one in memory of Jefferson Davis, Gen. Robt. E. Lee and Admiral Raphael Semmes and the other in memory of Gen. Joseph Wheeler.

"We are a united people today, with hearts true to our country and our flag," said the letter accompanying the gift. "We pray that these ambulances will go to France to bring comfort to the wounded and suffering in this terrible war, and that they may save the lives of some of our own American soldiers."

FOR ONLY ONE DELIVERY.

Retail Stores To Meet Drafting Of Employees.

Washington. — With a view toward making ready to meet the manpower situation which will be caused by the draft system, Washington retail merchants joined with hundreds of others throughout the country at a conference called by the National Retail Dry Goods Association. Immediate reduction of package deliveries to two a day in all cities and only one delivery where such a plan is possible is favored by the merchants.

AIRPLANE FATALITIES GREAT.

Berlin Reports 288 Lost On Both Sides During June.

Berlin, via London.—"The results of the engagements with enemy aerial forces during the month of June were good," says a summary of aerial activity appended to army headquarters' statement.

"Our enemies lost 220 airplanes and 33 captive balloons through the effect of our weapons. Our anti-aircraft guns shot down 89 enemy airmen. The remainder were brought down in aerial fighting.

"Our losses were 68 airplanes and 3 captive balloons."

Finds Enemy U-Boat Base.

Rio Janeiro.—The newspapers announce that the destroyer Matto Grosso has discovered an enemy submarine base near Santos.

WANTS WAR AIMS STATED.

Editorial Association Requests Wilson To Ask Allies.

Minneapolis, Minn.—Herbert C. Hotelling, of Mapleton, Minn., was elected president of the National Editorial Association, and Little Rock and Hot Springs, Ark., chosen as the 1918 convention cities at the closing session of the annual meeting here. Resolutions were adopted urging President Wilson to obtain from the Allies a definite statement of their aims, similar to that announced by this country.

AMERICA CALLS AND THIS FAMILY RESPONDS

If every family in the country were as patriotic as that of Ernest Mezey of Jersey City, N. J., there would be no need of conscription or enlistment advertisements. Mr. Mezey is a soldier and so are several of his seven sons. Those not old enough to be in the regular army or the National Guard belong to the Boy Scouts.

GIVEN FOR FARM WORK

This bronze badge, about two inches in diameter, is given each city boy who works for three weeks on a farm as a member of the United States Boys' Working reserve. The badge bears the United States coat of arms.

Luminous Rifle Sights.

Rifle sights that can be used at night are the subject of a United States patent recently granted Britanno Solaro del Borgo of Paris, France. These sights consist of small chambers containing radio-active material whose glow can be seen by the marksman. The chambers are provided with lenses to protect their contents. These special night sights are arranged on a rifle in the usual manner—back sights and fore sights—and the marksman simply lines up the faint spots of light with the target. Two chambers or lights are provided for the fore sights and two for the back sights.—Scientific American.

Telescribe New Instrument.

The telescribe, an instrument which records both sides of a conversation, is said to be Thomas Edison's latest invention. The telescribe consists of a dictating machine which has special receiving appliances and a socket in which the ordinary telephone receiver is placed. The message may be confirmed at any time by use of the dictating machine.

Kitchen Convenience.

A convenient device in the form of a good-sized depression in the center or end of a kitchen sink does away with the necessity of drawing and emptying water for a separate pan. By the addition of a double set of sieves the dishes may be washed and drained without being touched by the hands.

Regulating a Necessity.

"What do you think of censorship?" "It's all right, if it doesn't go so far as to eliminate our supply of news and give our enemies a chance to substitute a spurious article."
