City Superintendent and Mrs. Harry E. Gress and daughter Elizabeth, of Monessen, Pa., are spending their summer vacation among their Fulton County relatives and friends.

L. H. Wible, Esq., Chief of the Bureau of Farm Statistics at Harrisburg, came up from his home in Camp Hill last Saturday and spent several days with friends and relatives in the County.

Mr. and Mrs. J. Houston Johnston, their daughter Catharine and son Thomas, all of Pittsburgh, motored to McConnellsbu latter part of last week and visited relatives in this vicinity for a few days.

On Wednesday of last week, Earl Trux, who works on one of the Trout farms north of town, was kicked on the head by a horse. Dr. Mosser sewed up a cut in the scalp two inches in length and the lad will soon be good as new.

The drafting of our friends and relatives brings home with a vengeance the reason for the mighty effort that was made to uphold the hands of the Red Cross Workers all over the world. With plenty of money to buy supplies, we can feel sure that the sick and wounded will receive proper care.

Last Friday, Mrs. Marshall McKibbin and Miss Mollie Seylar started to Hancock to visit for a day, but when they got about half way on their proposed journey they encountered such bad roads that they had to abandon the trip and return to McConnellsbu. Mrs. McKibbin is a skillful auto driver, but she admits defeat when mud is too deep for an engine to pull a car through.

Mrs. E. R. McClain and Mrs. H. U. Nace went to Caledonia Franklin county, a few days ago to visit in the home of Mr. and Mrs. McLean—the young people who lived in McConnellsbu while Mr. McLean was grading the "late lamented" McConnellsbu and Fort Loudon railroad. Mrs. McClain's little son Richard who preceded them about a week ago will return with them to-morrow.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.
