Miss Olive Shimer and Miss Virginia Tritle were chaperons to a large number of school girls and boys at a picnic at Dougley last Friday evening.

The Camp Fire Girls held a festival on the lawn in front of the M. E. Church last Saturday evening. Their sales of ice cream and cake amounted to thirty-two dollars.

Harry Lowery, of Duffield, Franklin county, died a few days ago of injuries received two weeks ago when a bull attacked him in the stable. He was about twenty years of age.

This is the month in which to sow Alfalfa, provided the ground has been cleaned of weeds by several harrowings at intervals as the weeds appeared. Weeds are alfalfa's worst enemies.

Last week, corn sold in Chambersburg for \$2.20 and wheat for \$2.15 per bushel. That was probably the first time corn was ever known to sell in Pennsylvania for a higher price than wheat.

One day last week, a number of McConnellsburg Sunday school girls took a vote on who was the most accommodating man with his auto and Mr. D. E. Little received every vote on first ballot.

HIDES.—Frank B. Sipes pays the highest market price for beef hides at their butcher shop in McConnellsburg, also highest price paid for calf skins, sheepskins and tallow.

While Mr. W. A. Wagner, near Knobsville, was fishing in his pockets for the price of a subscription to the News last Saturday, he showed us an old half-cent which he recently found while working on the state road near Knobsville.

Last Saturday, John Yeager, of Franklin county, was arrested on complaint of Harry Hamil for creating a disturbance when Yeager called to see his wife who had left him and was employed at the City Hotel. After Yeager had cooled off in Fort Garland for several hours, he and his wife patched up their differences and left town.

Haiston, at Fannettsburg, last week. Frank was accompanied by his wife and son; Mrs. McCune, by her daughter, Esther, and Mrs. Barr by her two children Clyde and Eloise. Mrs. Haiston is a sister of ex-Postmaster S. B. Woollet, of this place, and she has been in poor health for a month.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

We will certainly try to help anyone who asks us. We cannot expect to make money unless you do. This bank prospers only as the community prospers. That's why we want to help everybody make money. There are many ways that we can assist both in community affairs and in the private affairs of our patrons and we are only too willing to help all we can. We will be glad to talk over your schemes with you.

FULTON COUNTY BANK. "OLDEST AND STRONGEST"

Some Liberty Loan Items.

New York banks are said by the New York Times to now hold very small blocks of Liberty Bonds. This is accounted for by the fact that most of these banks received only a relatively small amount of the bonds they subscribed for, and that they have made sales to their customers of those they did receive under the allotment. The fact that the banks are not loaded down with bonds is regarded by the Times as denoting a very healthy condition for the Liberty Loan bond market as it shows that there is a popular demand for the bonds.

The New York Sun says that the astounding leap in the number of bond investors from the comparatively small numbers of bond holders previous to the Liberty Loan Bond sale to over four million subscribers to the Liberty Loan Bonds has opened the eyes of the banking world to the enormous possibilities which will undoubtedly be at their disposal for placing the second government loan. The people, it states, have been impressed with the advantage of saving and lending money to the government.

Our Growing Army.

Statistics as to the size of our present military establishment assign over 300,000 men to the National Guard actually in service says the Philadelphia Inquirer. It was presumed that there were 100,000 less, but now comes the statement that this number also is to be added to those already in the ranks. Drafted men will be used to make up 409,000.

The Regular Army now consists of 295,000 men, the Marines of almost 30,000 and the Navy is rapidly approaching 150,000, which is expected to be the maximum. Counting various auxiliary services there are now in the various branches a total of more than 800,000 men, to which 687,000 are to be added by conscription, making a total of almost a million and a half. This is a larger number of soldiers than this country has ever contained. In the last few months of the Civil War there were just over one million men in the Federal army, of whom many were not present with the colors, while the Confederates had perhaps 300,000 nominally in the ranks.

Announcement is made that a second call of 500,000 is soon to be made and that with other additions we shall have approximately 2,000,000 fighting men early next year. At any other time in history this would have seemed a notable achievement, but Great Britain did better with half the population to draw upon. It is evident that she has been conserving her strength and that with what did come from this country, is preparing to strike a blow at the last moment which will be crushing to the enemy.

We are taking the war very quietly in this country, but when our share of fighting begins it is likely that we shall be more enthused.

Hold the Potatoes.

At this time when twenty-two countries of the world are virtually at war with Germany in order that Prussian atrocity may be checked and civilization spared, many things must be considered that cannot be done in a moment. First, the world must be fed, and to do that, there must be food. Potatoes were asked for in abundance, and growers produced them. Now, just because storage and transportation cannot take immediate care of the crop, do not play into the hands of the food "hogs" by unloading at any price offered. Try to help the government a little by doing what you can to keep the potatoes in good condition until later.

Greatest Heat.

Beginning on Monday of last week, the thermometer registered 100 degrees or more for four days in succession. On Tuesday and Wednesday, the highest registry was 102 degrees in the shade. We know of no McConnellsburg record of four days of similar heat. Fortunately, the humidity was not excessive and consequently, there were no serious prostrations.

Soldiers' Reunion.

The twenty-fifth annual reunion of the Fulton County Veteran Association will be held in J. W. Hoop's grove in Licking Creek township, Friday, August 31 1917. The sale of stands will be held at the above mentioned place on Saturday, August 18th, at 1 o'clock, p. m.

The same is true of our clothing. We have a nice line at old prices and will sell that way until all sold.
