Girls in Short-Term Hotels Granted a Seven-Day Week by Industrial Board

AUTHORITY OF 1917 ACT

Also Issues a Rule Prohibiting the Employment of Minors in Establiahments Where High Explosives Are Manufactured.

-Harrisburg. The State Industrial Poars' has announced new regulations for employment of women in summer hotels and

of minors in establishments where high explosives are manufactured. The order in regard to the employment of women, which was made under authority of the act of 1917, is as fol- school. lows:

"That the Industrial Board grants to the short-term hotels, operating approximately four months in the year, the privilege of seven days a week on the basis of a seven-hour day; it being understood that the employees in such hotels working more than seven hours per day shall not be scheduled under the terms of this ruling, but will be classed under the terms of the woman's law of 1915; it being further understood that the schedule of hours of labor shall be posted, as called for by

#### Bound to Be on Ballot.

T. P. Twibill and George Sterner, Philadelphia, brought mandamus proceedings in the Dauphin County Court to compel the Secretary of the Commonwealth to place their names on the primary election ballots as candidates for Judge in Common Pleas Court No. 5, Philadelphia.

They found the office closed on the evening of the last day for filing petitions and threw their papers over the transom. The papers were found next morning and rejected.

Each one of the 169 candidates for judicial or Congressional nomination filing a petition for the September primary at the Department of the Secretary of the Commonwealth will receive a notice. The names placed on record were certified to the commissioners of thirty-two counties for the printing of the ballots for the primary.

The Attorney General's Department will look after the State's end in the suit brought by General W. J. Hulings to require receiving of his nominating papers for Congress in the Twentyeighth district. ## Not on Volunteer Basis.

State draft headquarters gave out-a telegram from Provost Marshal General Crowder, in which local boards are warned against making up quotas from only those men who declare willingness to serve in the new National Army. It is said by him that such practice is in effect making up the quotas from volunteers.

The newly appointed boards in the middle district organized at Harrisburg and Scranton.

The State headquarters draws attention to the dates for calling the next clubbouse, with all conveniences, for two quotas of 30 per cent, each of the total number of men drafted, September 19 and October 3. ## Asked to Fix Urban Roads.

The first application to the State Highway Department for construction of State highways through boroughs to whose borders such roads extend was made at the capitol by a delegation from Susquehanna county, which asked that the department improve the highways in Montrose and New Milford. These towns are about nine miles apart, and on the main highway from Scranton to Binghamton.

The delegation included Judge H. A. Denny, Senator E. E. Jones, Representative Allen D. Miller and the county commissioners. They stated that New Milford had voted the money to cooperate for its share. The State will make a survey at once.

## Only Barefooted Recruit.

Barefooted and wearing only overalls, blue shirt, sweater and cap, Milton Chreimer, a Lancaster county farm hand, hiked 16 miles over the mountains to Lebanon to enlist in the United States army.

Chreimer was pronounced by the examining surgeon to be eligible, but there was a question as to his being 18 years old.

He proved his age, and asked to be assigned to the field artillery service, to be near horses, of which he

# PRESIDENT SETS PRICE ON HARD COAL

Federal Government Cuts Into Profits of Jobbers.

## ALSO NAMES ADMINISTRATOR

Next Step Will Be Regulations For Distribution and To Fix Anthracite and Bituminous Retail Prices.

Washington.-Government control of the coal industry was made almost complete, when President Wilson named Dr. H. A. Garfield, president of Williams College, fuel administrator, fixed anthracite prices for producers and jobbers and set a limit on profits to be made by bituminous wholesalers.

The next and final step will be to make regulations for coal distribution and to fix anthracite and bituminous retail prices. This will be done when a distribution program is perfected and when the Federal Trade Commission has completed a plan under which retail profits may be fixed.

The anthracite prices fixed effective September 1 are virtually the same as those now charged at the mines under a voluntary arrangement made by the producers with the Trade Commission. The prices that may be charged by jobbers, however, will reduce present costs sharply. Bituminous jobbers' profits, too, will be cut by the new price scale set for wholesale trans-

#### The Scale.

The anthracite scale for railroadowned mines, which include practically all the big producers, follow:

White Ash-Broken, \$4.55; egg, \$4.45; stove, \$4.70; chestnut, \$4.80; pea, \$4. Red Ash-Broken, 84.75; egg. \$4.65; stove, \$4.90; chestnut, \$4.90; pea, \$4.10. Lykens Valley-Broken, \$5; egg, \$4.90; stoves, \$5.30; chestnut, \$5.30; pea, \$4.35.

Other producers may charge an advance of 75 cents a ton of 2,240 pounds over the figures set for the railroadowned mines. Those who incur the expense of rescreening it at Atlantic or Lake ports may add an additional five cents a ton.

Anthracite jobbers delivering coal at Buffalo and points east of that city will be allowed a maximum profit of 20 cents a ton of 2,240 pounds, and those delivering it west of Buffalo may charge an excess of 30 cents. The combined gross profits of any number of jobbers handling a shipment must not exceed the limit of profit set for a single jobber, except that a screening charge of five cents may be made on water shipments at Atlantic or Lake
