Convincing Proof of This Fact.

Ridgway, Penn. - "I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old." -Mrs. O. M. RHINES, Ridgway, Penn.

> Castoff Pitchers of Athletics Make Good With Newark-Now Playing in Other Positions.

Two castoff pitchers of the Athletics are making good as regular players for the Newark International league club. They are Lefty Russell, who is covering first base, and Bruno Haas, who is playing in the outfield. Both men have won the fans with their mighty hit-

POOR BOMB THROWERS

Training of Professional Baseball Players Is Wrong.

Lieutenant Elliott of Australian Army Expresses Himself After Morning's Practice With Cleveland Indians.

"I hate to discourage you, but your professional baseball players will make bloomin' poor bombardiers, unless they go through a lot of training," is the way Lieut. Lester Elliott of the Australlan army expresses the situation, following a morning's exercise with the Cleveland Indians.

"I've been told that American baseball players expect to raise havoc against the Germans because of their training in baseball, but that training is all wrong.

"One of the training stunts for the soldiers in the intensive camps in France requires that the bombers shall throw almost without a rest for two hours. When you consider that each bomb weighs from 71/2 to 91/2 pounds, rather heavier than the American baseball, you will see the difficulty facing Americans who throw their baseball with a snap and overhand.

"The best motion for bomb throwing is a sort of half-bowling motion, as used in English cricket. Seldom do the throwers see their target. An observer, looking through a periscope, keeps them informed of their luck in dropping the deadly bombs into the enemy's trench. The throwers have merely to keep the storm of bombs going over their own parapet and into the enemy's trench.

"After looking at the baseball players tossing their light baseball around, I am convinced that not one will be able to throw a bomb 20 feet. If they insist on this baseball motion, they will throw their arms away.

"However, every player with whom I talked appeared interested and most intelligent. I have no doubt at all but that the players will soon pick up the new motion and be quite as effective as any other force on the firing line."

NAP LAJOIE IS SUCCESSFUL

Several Major League Clubs Have Expressed Desire to Secure Services of Frenchman.

Nap Lajoie's success as a manager in the International league and the recovery of his batting eye are almost certain to drag the veteran back into the big league.

Several clubs are known to have approached the baseball powers with a view to getting Lajole, and at least one club has made him a tentative offer to manage it next year.

Lajoie is satisfied with his lot in Toronto. He is well-liked there. His eam has been in the pennant fight all

the way, and the club has been prosheavily on leaving. The amount of money offered him for his work as a with the Braves this year. President big leaguer, however, is expected to have its effect. And there are clubs which are ready to put up a big price for the Frenchman's services.

Toronto is expected in baseball circles to have an American league club before many seasons pass. In fact, it is confidently expected the transfer will be made this winter. If Lajole the owners of the Braves this year a berth as a player, he probably would be satisfied.

WIN EXTRA-INNING AFFAIRS

New York Yankees Fortunate in Grabbing Off Games That Go Beyond Nine Innings.

The Yankees may never win a pennant, but they are strong in the extrainning league. Their 14-inning victory over the White Sox on July 26 was the seventeenth they had played this year. Of these they have lost but three, two others going to a tie score. They should have had this game with the White Sox in nine innings, as they started off with a four-run lead. Cullop pitched great ball, with rotten support. He dld not give a base on balls in 13 innings.
