It's not much fun crawling out of the comfy covers at five or six o'clock on frosty mornings. But the alarm has a pleasanter sound when you know a Perfection Oil Heater is waiting—ready to make things warm at the scratch of a match. However, to get perfect results, always use

**ATLANTIC
Rayolight
OIL**

It gives a steady, room-filling heat or a clear, brilliant yet mellow light without smoke, soot, smell or charred wicks. That's because Rayolight Oil is more highly refined than ordinary kerosenes—yet it sells at the same price.

Ask for it by name at the store that displays the sign: "Atlantic Rayolight Oil for Sale Here." Then you'll be sure of getting the genuine.

It's a scientific fact that, of any artificial light, a kerosene lamp is the most restful and pleasing to the eyes.

STYLE

"Style" as defined by this store is far from being an indefinite term used to give a seeming importance to empty generalisms.

On the contrary, "style" is a word that is very definite, meaning when applied to fashions garments that in line, in color, in draping, in trimming, have been "checked up" and verified as correctly and faultlessly following the "master samples" originally designed by those who create the "styles."

The fashion sections of our store are full of such masterly copies and adaptations of New York, Chicago and Paris Fashions.
