THE FULTON COUNTY NEWS, MCCONNELLSBURG, PA.

Fourteen Institutions, With Capital of \$1,815,000, Formed Since Dec. 1.

PROSPERITY IS THE REASON

There Are 221 Banks of Discount, 318 Trust Companies, 13 Savings Institutions and One Saving Fund Under This Jurisdiction.

Harrisburg, Harrisburg, September 24.-Banks and trust companies incorporated in Pennsylvania since December 1, 1916, to September 15, this year, according to a statement lesued by State Banking Commissioner Daniel F. Lafean, started in business with a capital stock of \$1,815,000. Fourteen banks incorporated during this period of less than nine months have a capital stock of \$1,140,000, and the four new trust companies that have begun business during the same period have a capital stock of \$675,000.

At the present time there are 221 banks of discount, 318 trust companies, thirteen savings institutions and one unincorporated saving fund under the jurisdiction of the State Banking Department, making a total of 553 institutions.

Prosperity of the time is the reason for the formation of the numerous new banks and trust companies at the Banking Department. With deposits growing larger in the older banking institutions, many communities find there is still room for one or more banks.

The new banks incorporated since last December are:

Philadelphia Co-operative Banking Association; Sheraden Bank, Pittsburgh; the Sons of Italy State Bank of Philadelphia; State Bank of Beaver Falls; the Citizens' State Bank, Lock Haven; Bank of Erie; Pennsylvania Bank, Philadelphia; the Merchants' Co-operative Banking Association, Hungaro - Russian - Slavonic Easton: State Bank, Johnstown; the Citizens' Bank of Palmerton; the Dormont Bank; Union Deposit Bank, South Fork; Safe Deposit Bank, Tarentum; American Bank of Commerce, Scran-

Trust . Companies - Commercial Trust Company of Harrisburg; Hollidaysburg Trust Company; Miners' Banking Trust Company, Shenandoah; Central Trust and Title Company. Erle.

Revise Tobacco Crop Losses.

Packers and growers have revised their first estimates of the losses caused to the tobacco growers of Lancaster County by the big 1-ost of two weeks ago, when many fields were bitten. The growers place their loss at half a million dollars, while the packers scale this down materially by pointing out that most of the frosted

Bomb Brings Protest

This investigation follows an international protest of labor organizations that Mooney has been "railroaded." President Wilson is also informed that Western labor unrest may be laid finally to the Mooney case. The inguiry will take two courses:

The Department of Justice will make complete report on the case to the President.

The new Western Labor Investigating Commission named by the President recently and headed by Secretary of Labor Wilson will go to the bottom of the Mooney case.

try and many of the leading labor authorities have advised the President that Mooney's plight is being used extensively by enemy countries in stirring up labor and Socialist antagonism to the United States, particularly in Russia, but also in France and England.

Mooney is a big figure in Russia, having been one of the leaders of the Russian freedom movement there. His following in other countries is such as to make his case one of international importance, the President has been told. While the President is working on this problem labor is preparing to send a delegation of union men to Russia to dissipate distrust there in America's war purposes. President Wilson will not name these delegations because of the difficulties involved in picking 75

men for the work, but will sanction the commission, to be financed by popular subscription.

crops will be sold to scrap tobacco manufacturers at higher prices than were paid for sound tobacco prior to the boom caused by the war, due to the buying of vast quantities of tobacco by the agents of foreign governments for their soldiers.

During the last week scrap dealers have offered as high as 15 cents a pound for damaged tobacco, without being able to get any, and since the frost the growers have even stiffened prices on their sound tobacco. Before the freeze most of them asked 25 cents a pound, and since the frost many are asking as much as 30 cents. As a result the buyers have all been called in by their firms, and no sales were reported during the last week. The prediction has been made that if the packers let the growers alone until be bought at a reasonable figure, one fair to packer and grower.

It is a significant fact that for some years past Lancaster County's tobacco crop has been bought on the field while growing, and this year very little indeed has been bought. The ed the wish that the dealers would bia. let them alone and not tempt them to sell until after the crop was stripped, and this year, unless the unexpected happens, their wish is likely to be gratified.

Girl Refugee Farm Student.

Miss Rose Brind, a young Russian Jewess, who was a refugee from Palestine, came halfway round the world to study agriculture at the Pennsylvania State College. She entered college at the beginning of the first semester with the freshman class.

Rather than submit to Turkish rule Miss Brind and her family fled from Jerusalem in December, 1914, and at Joffa were taken aboard the United States gunboat Tennessee.

To Plan Bigger Crops. Members of the State Commission of Agriculture met here to discuss propositions for increasing the foodstuffs production in the State. Arrangements also will be made for adding to the courses of lectures at farmers' institutes and for soil investigations and demonstrations

The Department of Agriculture's bureau of markets appealed to persons able to supply cabbage in carload lots to communicate with the bureau immediately, as many requests for cabbage in large lots have come to the Capitol.

Picks Fire Prevention Day.

Tuesday, October 9, has been proclaimed by Governor Brumbaugh as "Firs Prevention Day" in Pennsylvania, and the people of the State are urged on that day to clear up and remove from premises all rubbish, trash and waste. The Governor also suggests that special efforts be made to markable and record-breaking health tion and that heating apparatus and a single case of contagious or rechimneys be put into proper shape, portable disease could be found while the protection on all buildings of a public and semi-public character Ashland in honor of departing conbe inspected.

The State Vicksburg Commission started for the Southern battlefield to make arrangements for the care of the Pennsylvania veterans who

will gather there in October. Only 31 civil war veterans attended the reunion of the 104th Regiment, Doylestown; but widows and wives of soldiers swelled the attendance to 52 persons.
