ALMOST FRANTIC Had Kidney Trouble From Childhood and Was Discouraged. Doan's, However, Brought Health and Strength.

Mrs. C. Anderson, 4104 W. 22nd St., Chicago, Ill., says: "I had kid-ney trouble from childhood and three years ago a severe spell developed. If I stooped, a terrible pain took me in the small of my back,

and for several minutes I couldn't straighten. Often at night the pain in my back was so bad I had to prop myself up with a plllow. It seemed as if back would break. Watery sacs

formed under my eyes and my feet were so swollen I had to wear slippers. Sudden dizzy spells came on and pains in my head drove me almost fran-

"I felt tired and weak and had hardly enough ambition to move. Nothing seemed to help me and I was discouraged until I commenced taking Doan's Kidney Pills. They cured me completely and my health has been of the best ever since. Doan's surely deserves my endorsement." Sworn to before me, FRANK H. POCH, Notary Public.

Germans Eat Sea Weeds. Germany is, despite its contrary claims, getting desperate for food. A recent issue of the International Review of Science and Practice of Agriculture announces that the Prussians are eating seaweed as one of the food substitutes. They boll the ill-smelling water growth and disguise it in cakes, hoping to derive the unquestioned nour-Ishment which it possesses without being too conscious of it. Rhubarb leaves are also used now. Wheat and oats Firaw is ground, sugar beet seeds are made into meal. Nuts from the forest are collected and made into flour. Grape seeds are saved and ground also. Countless weeds from the fields are cut, dried and bolled in soup.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL

(By E. O. SELLERS, Acting Director of the Sunday School Course of the Moody Bible Institute, Chicago.) (Copyright, 1917, Western Newspaper Union.

LESSON FOR FEBRUARY 17

JESUS TEACHING FIVE PARABLES -FOUR KINDS OF GROUND.

LESSON TEXT-Mark 4:1-20. GOLDEN TEXT-Take heed therefore how ye hear.—Luke 8:18.
ADDITIONAL MATERIAL
TEACHERS—Matt. 13:1-30; 36-43. PRIMARY TOPIC—Jesus telling a story about sowing seed.
PRIMARY MEMORY VERSE—Be ye doers of the word.—James 1:22.

Jesus tells us plainly why he taught so much by means of parables (Matt. 13:10-13). The truth had to be taught; hence the parable, that those to whom it was given to know the messages of the kingdom, those who sought it, might know and understand, and that to the others it might be hidden (Mark 4:11, 12). Like all his parables, Jesus draws his pictures from the common experiences of life-the field, the home, etc. Paul draws his illustrations chiefly from the city, the army, the market, In studying this lesson we must turn to the parallel account as given by Luke and Matthew to get the full and

complete picture. What is the seed? Luke says that Jesus told his disciples that the seed was the Word of God (Luke 18:11). We get the same thought in verse fourteen of the lesson. A great deal is being made today of seed selection. Some wonderful results have been obtained. How much more important for those of us who deal with immortal souls that we select the best seed, i. e., the Word of God.

The second consideration is the sower (v. 4). Notice he went forth not to "soar," not is it recorded that he was "sore" because the people did not all receive the seed alike. He did not have a greach; he did not enter into his work that he might receive the adulation of men (Matt. 6:2). It is, however, the "soil" that seems to be most emphasized in both the direct teaching and also the explanation of the parable. There are four kinds of soil. The manner by which the seed came into contact with each kind of soil is significant. Some fell "by" the wayside; the path was well trodden; the ground was preoccupied; e. g., it vas used for other purposes than to yield a harvest; it was hard to be broken, and hence It was an easy matter for the birds of the air (v. 15) to come and pluck it away. We need to remember that If men receive with meekness the implanted word, there will, of course, be no such opportunity for the evil one. The trouble in this be worked up with a small effort on your part. | case was that the Word was not im-We will assist you if you wish in the sale of planted. Thus it is that one-fourth of the seed is lost. The result is a deplorable one as we see from Heb. 2:1-4. Is the soil of our life so hard that God must drive the plowshare clean through it ere there is a chance for the

> seed to take root? (Ps. 129:3). The next fell "on" the rocky ground. The first is a picture of the hardened, and this is a picture of the superficial hearer. For a time they did run well, They even received the Word with gladness (v. 16), but they had no stability because they had no root. They were superficial. There was no chance for the seed to get a real grip on their lives. The earth yields its increase though we do not understand. So God will add his 95 per cent to our 5 per cent. The onk tree comes from small seed. As we plant, let us expect great response from our feeble efforts, but we need to expect the times of storm to follow the seed sowing, and unless the seed of the kingdom gets a real grip on our lives there is no chance for

a harvest. In which category are we? In the third place Jesus speaks of the seed that fell "among" the thorns, Here is the worldly soil. It is not so much the character of the soil, it is the character of that which already occupied the soil ere the sower sowed the seed. The cares of this world, the deceitfulness of riches and "other things" had so entered in that the good seed never had a chance in the soil of the human heart. It was choked and yielded no fruit. There was no real grip of the will, no whole-hearted surrender. The cares of life that keep the housewife or the business man; the deceitfulness of riches that snare men and choke the word which at one time gave such promise in their lives; your teacher, did you?" said the father. the lusts and other things which the evil one knows so well how to use keep us from the Word, for Satan knows that by it we are to be saved (Luke 18:12). Are we impulsive? Do we make vows soon forgotten, ties that soon fade away or fall beneath the temptations for lack of root? May God binst and turn up the subsoil of our hearts by strong convictions of sin, and so occupy the soil that there is no

opportunity for other things. We have thus seen three-fourths of the seed lost. Of the remaining fourth, that which fell "into" (R. V.) the good soil, not all yielded the same return. It all brought forth (v. 7); it all yielded; it all sprang up, but not all in the same ratio. We need to remember at this point that this parable plainly teaches us that we who receive the implanted Word, we who receive and obey, shall in turn become the

seed of the kingdom. There are three distinguishing features of this last kind of hearers: (1) They bear the Word. These are the ones who appreciate its value and give good heed to its precepts. (2) They accept it e. g. they understand its teachings. They take it into good and honest hearts. (3) They hold it fast (Luke Sal5 R. V.) These are the

ones of which martyrs are made. Jesus was a great open-air preacher (vv. 1 2) and like all others he has various kinds of hearers the halfhearted hearer the shallow-hearted hearer. The way to reach the masses Is to go where the masses are and in going to them we are not to preach philosophy or sociology or Shakespeare but in his own words. "sow the seed which is the Word of God" (Luke

DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md .- "Nearly four years I suffered from organic troubles, ner-vousness and headaches and every month would have to stay in bed most of the time. Treat-

ments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely work is a pleasure. I tell all my friends who have any trouble of this kind what

Lydia E. Pinkham's Vegetable Compound has done for me."-NELLIE B. BRITTINGHAM, 609 Calverton Rd., Balti-

The Relative Cost.

A physician was called in one of the suburban towns to a boy who was suffering from tonsilitis. The boy's mother was relating the affair to a neighbor of more mature years, commending the doctor for his treatment. The re-

sponse of the elderly woman was: "Well, in old times when a boy had a sore throat we used to take a strip of salt pork and sprinkle it plentifully with pepper and bind it around the boy's throat, but at the present price of salt pork it may be cheaper to have

OLD PRESCRIPTION

Have you ever stopped to reason why it is that so many products that are ex-tensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it. A prominent druggist says, "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to swern statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmers' Swamp-Root is due to the fact that, so many people claim, it fulfils alliver and bladder ailments, corrects ur- coughing and with easy expectoration

acid which causes rheumatism. and medium size bottles for sale at all drug stores.-Adv.

Christ the Witness

By REV. B. B. SUTCLIFFE Extension Department, Moody Bible Institute, Chicago

TEXT-For this cause came I into the orld, that I should bear witness unto the

Amid the philosophies in the world there is one great lack, the note of certainty. This note of certainty can only be found when we turn to

the testimony of Christ, He came into the world to ear witness to the truth. He is mentally competent, for he alone mows what is in mn (Jno. 2:24). And he is mornly competent for he alone of all the sons of men can look the world in the face and say.

"Which of you convinceth me of sin." Among others there are four things concerning man to which he bears tes-

1. The Worth of Man .- The commercialism of the day would almost make us think that man is to be little thought of when money is involved, but he says, What is a man profited if he shall gain the whole world and lose his life?" A man is worth more than the world and therefore a man is worth more than anything in the world. In answer to the question of John the Paprist he says: "The poor have the gospel preached to them." In answer to the distance of his disciples he says: "Suifer the little children to come unto ." He had time not only for the rich nd the powerful, but the poor and the weak were of infinite value to him. No other religious teacher ever taught lie this. To him man was of such value that he was willing to lay down ils life for one of them. Even the lost vere to him of infinite worth for "The Son of Man is come to seek that which was lost," Lo. 19:10.

2. The Trouble With Man .- That there is something wrong is seen in the universal talk of improvement. "Archimedes," read the young pupil What is wrong is the question Against all the Ideas advanced by man in answer to this question he says that the trouble is sin. In this all troubles are Included.

(a) He says it is universal. "If ye then being evil know how to give good gifts to your children," Lu. 11:13. Even the ones who sometimes may be said to give good are evil. These were his own disciples and yet even they were

(b) He says it is deep-scated. It is not on the outside where the trouble lies, but "out of the heart of man proceed" the evil things. It is not what is seen that is the trouble with men, but that which he has deep within his own stop irritation in the bronchial tubes, heart. As Jeremiah puts it, "The heart of man is deceitful above all things and desperately wicked," Jer. 17:9.

(c) He says it is beyond repair There are many who would relieve man by doing away with all that afflicts man on the outside, but he says: "Ye must be born again," if you would be free from the trouble. While man is of infinite worth he has an affliction called sin which is so universal and of such deep root that relief can only be found by becoming a new creation-by

heing "born again." 3. The Hope for Man .- He came to bring relief and he came to make it possible for man to be born again.

(a) For those in bondage he gives himself a ransom in such a way that man may find victory over his own de celtful and desperately wicked heart He cancelled the sin when on the crossand now stands to break the power of

the sin he cancelled (b) For those who are lost he is himself the way. "I am the way, the truth and the life." Jno. 14:0. Mer. are continually seeking for that which will satisfy their aspirations and never finding it until they find it in Christ

(c) For those dying he is the remedy Sin is a sickness fastening upon all men and fatal in its operation. All have sinned and come short of the glory of Ged. Jesus bears witness that the only relief is to be found in himself. Many expedients are being resorted to by which to be freed from sin, but they all fail until he is found. As it was in the days of the wilderness fourney of the people of old, "As Moses lifted up the serpent in the wilderness even so must the Son of Man be lifted up that whosoever believeth on him might not perish but have ever lasting life,"

, (d) For those dend he is the life he wages of sin is death and death has come upon all men for that all have sinned. But his testimony is, "I and the resurrection and the life; he that helleveth on me though he were dead yet shall be live."

(c) For all he is the great hope sent from God to meet all of man's need. 4. The Danger of Man,-The Lord himself, this true witness, bears testimony to the truth that "He that believeth shall be saved and, he that belleveth not shall be damned." These are the words of the true witness,

At the court of our reason his case is won; at the court of our conscience his case is won, but what says our will? Can we afford to turn from his testimony concerning our common trouble, our hope and our danger?

Stewardship of Knowledge. Many a man has a blind notion of stewardship about his property, but very few have it about their knowledge. One grows tired of seeing culfivated people with all their culture cursed by selfishness.--Phillips Brooks.

No One Is Free.

Servants Hardest Things to Find in Washington

W ASHINGTON,—"Mrs. Wash'n't'n, deed Ise gwine t' quit yeu all. Ise sorry. but Ise got t' do it—Goo'by—Goo'-by," said the dusky pantry queen who had worked in the senator's family for years with more or less satisfaction.

"You're not going to leave us?" laquired Mrs. Washington.

"'Deed Ise got t' leave-goo'-bygoo'-by," returned Miranda. "Iso gwine t' wo'k in one ob dem musicians factries-gwine t' git three dollas un day an' gits mah nights offen all de time an' mah holidays an' kin go see de parades on dem natural holidays. An' Ah donn haf t' wo'k on Sundays-no-more-goo'-by."

"But look at the risk you are taking; look at the dangers of working

with explosives," cautioned Mrs. Washington, entreating the cook to remain, "'Deed taint no dangers, Mrs. Wash'n't'n, you jes gits blowed up onct in a while. In de kitchen you gits burnt up and scalded an' dar you is; but in de musicians factries you jes gits exploded all t' pieces an' whar is you? Ain't dat

"Well, will you send me your sister, Blanches?"

"She bin wo'kin' three months in de 'ospital gittin' two dollas a day."

"How about your other sister, Rose?"

MUSICIAN

"Mah goodness, she's uh lady! She's runnin' de elevator iz dat big depahtment house on Connecticut avenue an' gittin' twelve dollas uh week. She doan do nothin' but push uh li'l han'le, an' ride upstairs an' push uh li'l han'le again an' say 'Wash yo' step, please'-real polite, like dat-an' den go downstairs agin an' read uh book all de res' ob de day. She ain't nevah goin' t' wo'k no more!"

This is not fiction; it is plain, serious fact that confronts the housekeepers in Washington. Servants are the hardest things in this city to find. The call to the factories and the government has depleted their ranks.

Capital Rapidly Becoming an Educational Center

UNLESS present signs fall, one important result of the war which will be of lasting duration will be the making of Washington the most influential publishing and educational center of the United States. This will fulfill one of George Washington's dreams of the

capital city named in his honor. The government printing office is PRINTING the biggest printing plant in the world, out since America's entrance into the war the capacity of that plant has been hugely overtaxed. The government has been required to let many printing contracts to private firms, in splite of the fact that the law prohibits such a practice except in case of absolute emergency. But the emergency has been absolute, because of

the enormous volume of publishing work incident to the war which the government has felt called upon to do. New York and Boston have regarded themselves as the publishing center of the western hemisphere and of the two New York has held the lead. Now, however, government publications are being issued at such a tremendous rate that their prestige is jeopardized. In addition, many magazines are published here, and it is understood many more are to be published, some moving from other cities. Some two hundred periodical publications are now being mailed from Washington.

So much scientific work now is being done at Washington, or at least directed from the national capital, that Washington is gaining much prestige as a center of science and education. The George Washington university in this city was founded by George Washington and it was his dream to make the national capital a great seat of learning and education.

The Catholic University of America is at Washington, and Georgetown university, one of the oldest in the country, also is located here.
