The Thrice-A-Week Edition of the New York World in 1918

Practically a Daily at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price.

The value and need of a newspaper in the household was never greater than at the present time. We have been forced to enter the great world war and a large army of ours is already in France. You will want to have all the news from our troops on European battlefields, and this comes to be the most momentous year in the history of our union.

No other newspaper at so small a price will furnish such prompt and accurate news of these war-torn nations. It is not necessary to say more.

THE THIRICE-A-WEEK WORLD's regular subscription price is only \$1.00 per year, and this pays for 136 papers. We offer this unequalled newspaper and THE FULTON COUNTY NEWS together for one year for \$2.15.

The regular subscription price of the two papers is \$2.50.

Why Plant a Garden?

Because it gives greater returns per acre than any other part of the farm. Saves doctor bills by furnishing a healthful diet. Enables the poor to have first-class vegetables all the time. Greatly decreases the high cost of living. Makes the grower independent of market conditions. It is a pleasure as well as an honor to have a nice garden. Plant a vegetable garden for the sake of economy as well as for pastime and pleasure.
