**From Wine to Sugar.**

Housewives have been limited to one and two-pound lots in sugar purchases. This is one of the many little sacrifices made necessary by the war. A press dispatch from the wine grape region of California incidentally throws light on another source of waste of food stuffs by the liquor interests and also reveals the fact that Prohibition would not work any hardship on the grape growers. The announcement is made that the wine grape men this year are going to make their grapes into sugar instead of wine. One ton of grapes will produce 400 pounds of sugar. The crop is estimated at 400,000 tons. This will increase the sugar supply 160,000,000 pounds, and it is said that the raw material will cost two and one-half cents a pound. The country will rejoice that the grape men have turned from wine to sugar.

**Pleasant Family Gathering.**

In these war days, khaki suits and military titles so transform our boys that it becomes necessary for us to have a formal introduction to our closest friends. Sergeant Samuel M. Irwin, now at Camp Meade, is probably better known among the younger set in McConnellsburg as Max Irwin; but, be that as it may, Sergeant Irwin obtained permission from his superiors to visit his brother Frank and family at Hagerstown last Sunday. Frank gave other members of the family the tip, and on Sunday morning a big automobile left McConnellsburg with Max's parents, Mr. and Mrs. John A. Irwin, his aunts, the Misses Flora, Maggie, and Ada Rexroth, and uncle George, and in Chambersburg, they added to their company Mrs. Jas. McFerren, and on they went to Frank's home in Hagerstown. There they met Max's sister Miss Mary, of Hood College Frederick, Md., who had taken advantage of the occasion to run up for a few hours. It is needless to say that the occasion was a very enjoyable one.

**Soldier Dependents' Complaints.**

There have come a number of complaints to the undersigned concerning delinquencies in allowance due wives and parents of our soldier boys who left Fulton County within the last few months. To such relatives of the soldiers, be it said that the addition of, perhaps, a million men to the military force of our country makes a vast increase of the clerical work of the War Department. Instances are not wanting where allowances, while long delayed, have come to hand, so, a little patience, needs be exercised.

Another complaint is, that no word has come from certain of the soldier boys for some time. This delay is probably due to the fact that part of our new army of drafted men and volunteers are now on their way to France. Several weeks may elapse before an opportunity will be afforded to our army boys to communicate with the home land. Letters to this department of the Red Cross will receive prompt attention. When information is wanted concerning a soldier, or information to be forwarded to a soldier, friends must always give full address of latest received letter, thus: Private Samuel Jenkins, Company F, Regiment 134, Camp Lee, Va. Engineers Chauffer Aviation Corps, or other designation.

Chairman Civilian Relief, McConnellsburg Pa.

**Red Cross Chain.**

A method of arousing interest and raising funds for the Red Cross has been taken up in McConnellsburg which bids fair to net a considerable sum if carried out.

The plan as adopted, is for some lady to entertain ten ladies, for an afternoon or evening. Each lady entertained is required to donate fifty cents to the Red Cross and to obligate herself to entertain eight; each of the eight, to entertain six; each of the six, to entertain four, and each of the four to entertain two.

Each person so entertained donates fifty cents to the Red Cross. Refreshments served are to be very light—consisting of not more than three things.

It is hoped by this means that a considerable sum may be raised for the Red Cross work, and that interest may be aroused, and support given the movement throughout the County.

Mrs. Leslie W. Seylar will start the series by entertaining ten ladies Thursday afternoon of this week.

**The Cost Of Publishing.**

If the public has been inclined to feel that the publishers have been over emphasizing the rising cost of newspaper production, the figures contained in Ayers Newspaper Annual and Directory just off the press should leave no doubt in their minds as to the truth of statements made about soaring prices of paper, ink, labor and equipment.

The annual shows that approximately 1,200 publications in the United States and Canada suspended operations last year. The number included sixty-two dailies, sixty semi-weeklies and 569 weeklies.

While it is true that consolidation accounts for some of the decrease in the number of papers, it is also true that only when they became money losing propositions did their owners consent to selling to competitors.

**"Dick" Williamson for Congress.**

Last Thursday's Semi-Weekly News of Huntingdon presents the name of Richard W. Williamson, Esq., one of Huntingdon County's foremost lawyers, to the voters of the 17th Congressional District as Huntingdon County's choice for Congress. Mr. Williamson is not a stranger to the voters of Fulton County as he was a mighty close second at the Primaries two years ago. He is a veteran of the Spanish-American War, he favors woman's suffrage and he has always favored prohibition measures.

A letter from Mrs. Linna A. Trogler states that she and family arrived at Mercersburg on Thursday of last week from Denver, Colo., after a somewhat long and tiresome journey.

**Enid.**

Mr. Mc Dad and family have moved into the Jehu Edwards house. After having spent the winter in the home of her daughter Mrs. Lavinia Early, Mrs. Rebecca Orth has returned to her home near Fort Littleton.

When the knitting Committee made its final count, there were 30 socks missing from the Wells Auxiliary contribution.

Mrs. James Horton spent a few days in the home of her sister in-law, Mrs. James Lockard.

Mrs. Mary Keith has been poorly for several days.

At a meeting of the Red Cross on Saturday the 16th inst, the secretary reported: No. of members, 127; Articles knitted and sent to the Chapter at McConnellsburg, 11 sweaters, 31 pair wristlets, 10 scarfs, or mufflers, 85 pair of socks. The New Granada ladies knitted 87 pair of socks and they did not have any yarn until the first shipment.

Prof. Davy Edwards was calling on friends in the Valley recently.

In the return of the flour supply reports to the County Food Administrator, householders are directed to use the card printed in the newspaper. Now, are the ones who take papers the only ones to report? No; the Government presumes that in this day and age, every family does take a County paper.
