Advertisement Last Sunday morning Attorney Jackson and family and Mrs. C. D. Hixon, motored to Brush Creek Valley and visited in the homes of John R's father James R., and his brother Herbert. The loss in bees because of the winter and failure to take precautions is reported as growing from all accounts. In some counties colonies have been wiped out and in others the bees are so weakened by winter as not to be of much value. With Republican candidates O'Neil and Sprowl both pledged to national prohibition and with the Democratic party committed to a similar policy by A. Mitchell Palmer, Democratic national committeeman, the wets are left without a candidate. Timely and scientific medical treatment has reduced the rate of mortality in the present war to a lower percentage than that of all great wars. More than 90 per cent. of the soldiers put under the care of physicians and surgeons have been able to return to the firing line. Mr. and Mrs. Alex Patterson and daughter Grace spent the time from last Saturday until Wednesday in the home of Mrs. Patterson's mother Mrs. E. J. Johnston, South Second Street and with other relatives and friends in this community.

Mr. J. C. Hixson and son-in-law E. J. Bennett, and S. E. McKee—all of Buck Valley—in Mr. Hixson's new Chevrolet with Mr. Bennett at the wheel, came to McConnellsburg Tuesday to attend the Superintendent's election, Mr. Hixson and Mr. McKee being school directors. Last Saturday Mr. and Mrs. Lawrence Guillard and little daughter Gladys, in their new Emerson touring car, motored to the home of Mrs. Guillard's parents, Mr. and Mrs. Baltzer Melott near Harrisonville, and spent the time until Wednesday evening, when they returned to their home at Wells Tannery. Miss Mollie Seylar returned last week from Washington, D. C., where she spent the winter in the home of Lieut. and Mrs. Marshall McKibbin. Lieut. McKibbin is stationed at Camp Jackson, five miles from Columbia, S. C. He was recently granted a ten-day furlough, and on his return to Camp, he was accompanied by his wife and son, who will spend several months with him. The total number of wounded, missing and killed at Gettysburg (including Union and Confederate troops) was 43,440; the number of killed was 5602. At Waterloo the total loss of the allies was 22,418 (killed, wounded and missing). The exact number on the French side was never given out. Chartras, in his "Histoire de la Campagne de 1815," estimates it at between 31,000 and 32,000. Among the out-of-town people who attended the funeral of Mrs. S. B. Woollett last Saturday were Judge and Mrs. Donald P. McPherson and ex-Judge S. Mc. Swope—all of Gettysburg; Mr. and Mrs. H. W. Karper and Mr. and Mrs. Jacob Shafer, Chambersburg; Miss Lillian Frost, Washington, D. C.; Mrs. A. A. Haiston, Fannettsburg, Mary Fisher, Salem, N. J., and Ben Fisher, Port Trevorton, Pa., and Rev. and Mrs. John Dishi, of Welsh Run. Mr. Diehl was a former pastor of Mrs. Woollett, and took part in the funeral services. Among other good things resulting from the increased travel and the importance of the Lincoln Highway, is the improvement of farm property along this great road. A marked example is the Scott Daniels farm at Patterson's Run, purchased last fall by C. A. Bard. Mr. Bard is a hustler from away back, and the fringe of brush along the Run has been removed, the bottom land cleaned up, fences improved and the farm, which is one of the best in that neighborhood, is a credit to the community. The editor of the News and his wife had the privilege last Sunday of enjoying the hospitality of Mr. and Mrs. Charles Arnold at their comfortable home, South Richard Street, Bedford, Pa. In addition to her other qualities as a first class housekeeper, Mrs. Arnold's "long suit" is her skill in preparing "good eats." The dinner had been planned to celebrate Charlie's fifty-seventh birthday anniversary, and acting upon the principle, "if you have a good thing let your friends in." Mrs. Arnold placed four additional covers on her dinner table and invited Policeman and Mrs. Samuel F. Stiver and Mr. and Mrs. B. W. Peck. The thought of having a hungry editor at the table may have had something to do with the presence of the policeman. In the circle at the table sat Mrs. Shartzler, Mrs. Arnold's mother, well preserved in body and mind, although having reached the ripe age of eighty-eight years.

Big Spring Presbytery. The annual meeting of Big Spring Presbytery of the U. P. Church was held in the Second church on Monday evening and Tuesday of this week. On Tuesday afternoon, the installation of Rev. Wilson V. Grove, as pastor of the town and Cove churches took place. The sermon was preached by Rev. Dr. Alexander, of Pittsburg; the address to the congregation was made by Rev. Potter, of Stone Valley, and the address to the pastor, by Rev. Tussey, of Mexico, Pa. Frank Miller Hunter, of Guinston, Pa., was licensed to preach. Owing to the unusual snow storm the visiting preachers and elders had the pleasure of spending an extra day among their Fulton County brethren.

April Snowstorm. After a month of splendid weather, a change came Tuesday morning when it began to rain and then turned to snow. The storm was accompanied by high wind and continued until Wednesday afternoon with the result that local traffic was paralyzed. The roads were completely blocked by heavy snow drifts. Several army truck trains were held and hundreds of commercial cars enroute were compelled to wait patiently for the opening of the Lincoln Highway. All mails were delayed and the NEWS must of necessity be a little late reaching its readers.

BELFAST ITEMS. Among those who are on the sicklist in this community are Mrs. Martha Strait and Mrs. A. M. Garland. Charlie Mellott visited his brother Robert last Sunday. Preaching services at the Brethern church were largely attended last Sunday morning and evening. William R. Mellott and Miss Jessie Truax were at McConnellsburg last Friday. Mrs. John Mellott visited Mrs. Reuben Hull last Sunday, and Riley Hess, of Hustontown visited Harvey Mellott the same day.

Also, there will be preaching on Tuesday evening, April 16th. A cordial invitation to every one to attend these meetings. Card of Thanks. Mr. S. B. Woollett desires through the medium of this paper to express his sincere thanks to the many kind friends and neighbors, who, in any way, contributed sympathy or assistance during the illness and death of his wife, Mrs. Elizabeth J. Woollett, McConnellsburg, Pa.

War Bread. Use one-third potatoes; two-thirds, wheat flour. 100,000,000 bushels of small potatoes will save 100,000,000 bushels of wheat. Potato bread is better bread. It is economical at any time. It utilizes waste potatoes. It saves wheat and other grains which can be exported. It saves corn, barley and oats which can be used to produce meats and fats for the soldiers. It gives a white, moist and wholesome bread for every meal. Does not require extra work or change for the housewife. HOW TO MAKE IT. 3 cup of sweet milk, 1 cup potato, 2 cups flour, 1 teaspoon salt, 1 teaspoon sugar, 1 yeast cake. These measurements make one loaf. For two loaves, double the quantity, etc. Heat the milk to boiling point, then cool to lukewarm. Bake or boil potatoes, then mash or put thru ricer. Dissolve yeast cake in the milk. Make a sponge as follows: mix milk, yeast cake, salt, sugar, all the mashed or riced potatoes and 1/2 of the flour. Beat well, let stand overnight to rise. In the morning add balance of flour—let rise again until double in bulk, then mold into a loaf; let rise again until double in bulk, then bake 40 minutes in a moderate oven. A little more flour will be required if potatoes are not mealy. This recipe, issued by the International Harvester Company has been tried by our home people with splendid success. Farmers' wives, who as a rule do not bother with "yeast cakes" can use their home-made yeast just as well.

The Liberty Loan and Business. "What has the Liberty Loan to do with the refrigeration business?" was asked by a subscriber in the fastnesses of the Rocky Mountains of the editor of the Refrigeration World. The answer was sound and patriotic: "At this critical time the success or failure of the impending loan have more to do with refrigeration than even the machinery and chemicals used in producing refrigeration. If the loan fails, everything else will fall with it. All business will eventually be prostrated; nothing could thrive."

It is the business of every business and business man in the United States to see that the Liberty Loan does not fail. They should buy Liberty Bonds; they should encourage and assist others to buy them. No business in the United States is going to succeed if the Liberty Loan fails—if the Nation fails. It is better business to buy Liberty Bonds than to pay indemnities to a victorious Germany; it is better business to win this war than to have our foreign commerce subject to the dictation of the Potsdam Government. The welfare, the success, the prosperity, and the happiness of every true American is bound up in the Nation's success. We are not fighting alone for material interest, for annexations for indemnities. We are fighting for freedom and justice and humanity and civilization. But we are also fighting for the maintenance of our commercial rights, for the rights of our citizens to pursue their lawful journeys off the seas and transport their commerce to foreign markets. It is a patriotic duty, to buy Liberty Bonds. It is also good business to do it.

Be Sure of Your Seed Corn. Pennsylvania farmers who have not tested their seed corn and made their plans for the spring planting are urged by Secretary of Agriculture Charles E. Patton to do this at once. No farmer should attempt to plant any of his own corn without first giving it a careful germination test. Much corn that looks good on the ear will be found by testing to have very low germination qualities and very poor results will follow planting of such corn. The Bureau of markets of the Pennsylvania Department of Agriculture at Harrisburg has made exhaustive tests of thousands of samples of corn and very few have tested ninety per cent. or better. The Bureau of Markets has on hand a supply of first class seed corn and urges all farmers who do not have their supply at hand to take up the question with them immediately.

Every farmer in the State should be sure of his seed corn supply now. This warning is one of the most imperative that has ever gone forth to the farmers. No other newspaper at so small a price will furnish such prompt and accurate news of these war-making events. It is not necessary to say more. The THIRCE-A-WEEK WORLD's regular subscription price is only \$1.00 per year, and this pays for 136 papers. We offer this unequalled bargain and THE FULTON COUNTY NEWS together for one year for \$2.15. The regular subscription price of the two papers is \$2.50.
