ITALIAN CHILDREN GIVE BRITISH TOMMIES A PARTY

Next to fighting, making friends is the chief accomplishment of the British Tommies. In Italy, where they have gone to help the Italians smash the Boche, they have made a great hit with the kiddies. So fond have the children become of the British soldiers that they flock around them at every opportunity. In this British official photograph a lively group of Italian kiddies is shown entertaining the Tommies at a party.

AMERICANS GETTING FIELD GUNS INTO POSITION

It is only one of the lighter type of field guns, but it is requiring the united efforts of nine American soldiers to wheel it into position. They are on the side of the hill overlooking one of the prettiest spots in France. The gun position is protected by a netting screen of camouflage stretched across poles.

WAACS MAKE BREAD FOR THE TOMMIES

The "Waacs," as the members of the British Women's Army Auxiliary corps are familiarly called, are an important part of the British army, and they are doing great work behind the firing lines on the western front in France. This British official photograph shows a group of the women bakers who make the bread the Tommies relish so much.

TWO PALS THAT ARE INSEPARABLE

The infantryman never parts with his rifle, even on his trips to "Blighty." Here is a Canadian Highlander taking advantage of a lull in the fighting to give a little attention to his nearest friend.

Little-Known Dominican City.

Higey is one of the principal inland cities of the Dominican Republic. Like its native land, it is quaint, historic, isolated, immensely poor in natural resources, almost poor in actual fact, and practically unknown to the world at large. It lies in the eastern half of the republic, which is the least settled, the least developed and the least known. It is a city of some 2,000 souls, the center of a considerable primitive trade and the site of the most famous shrine on the island.

This latter is the shrine of the Virgin of Alta Gracia, which is visited by devotees from every part of the country. The church which houses the shrine is built in the old Spanish architecture, the quaint and enduring style which has stamped its features on the buildings of a continent, from Patagonia to Colorado.

The Situation.

"In regard to the relative condition of the city and the country, the former takes the same stand as the Teutons." "How so?" "It wants peace with annexation."

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.
