Entered at the Postoffice at McConnellsburg Pa., as second-class mail matter.

SALVIA SUMMARIZINGS.

Veteran John H. Hauman is quite seriously ill, at this writing having been quite poorly for sometime, bodily and mentally a complication of diseases.

A. Jackson Deshong is in poor health from an attack of pneumonia last February which seems to have settled on his pulmonary organs.

Veteran Joseph Wyles is still quite poorly,—suffers greatly at times.

Miss Katie Deshong is some better and slowing recovering.

Wilmer Sipes of Pittsburgh, son of Homer L. Sipes paid his parents and sisters a short visit over Sabbath. He is in the employ of a City Undertaker in said City,—and he is so useful, and so needed, by his employer that he can not be spared to take charge of the Hustontown undertaking business his father purchased of Mr. Fisher sometime ago.

John W. Stewart of Harrisburg, paid his brother J. A. Stewart and family a short visit over last Sabbath. He is employed in said city,—helping to make war shells. He is one of 10 men, standing for 12 hours, per day, at 10 steel saws, cutting long, round 4 inch steel bars into shell lengths 13½ and 14½ inches. A belt conveyor carries these lengths to another set of me for the next process pointing them to a sharp, penetrating point thus they go, from place to place until they come out a bright finished war shell.

What a great convenience, the Lincoln Highway, Parcel Postal and Mail Route will be daily between Harrisburg, Baltimore and Pittsburgh.

Mr. and Mrs. J. T. Lobaugh their son and his wife, and three children of Rimersburg, Pa.—who spent the past severe winter at Miami Florida, stayed at the Green Hill House on Saturday night and Sunday last, during the big rain as they were enroute via automobile to their former homes. They report having very genial weather, a nice pleasant time with good fishing—in southern Florida.

Unshaken Testimony.

Time is the test of truth. And Doan's Kidney Pills have stood the test in McConnellsburg. No McConnellsburg resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

John P. Conrad, McConnellsburg, says: "I had terrible pains across my back and I didn't sleep well at night. I was very nervous and when I got up in the morning, I was more tired than when I went to bed. Doan's Kidney Pills soon freed my back from pain."

Over Four Years Later, Mr Conrad said: "I haven't needed any medicine for backache, or other Kidney trouble since I used Doan's Kidney Pills."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conrad had. Foster-Milburn Co, Props, Buffalo, N. Y.

Advertisement.

He is a Fake.

Warning is hereby issued that a crafty stranger is working this way, claiming to be an eye specialist, and his favorite victims are old ladies, especially those living alone. He rushes up, shakes hands and names the lady so familiarly that she is made to believe that he is an old acquaintance that she may have forgotten. He grabs her spectacles and pretends to discover that she is on the verge of going blind. He fits her with glasses and presents a bill for \$75 or more, disappears, and the old lady has no recourse. There is a reward of \$100 offered for his arrest.—Mount Union News.

Gardening Hints for May.

This is the month in which the bulk of the garden produce is put in. Early cabbage, potatoes and cauliflower plants should all be set by this time. Some suggestions come from Pennsylvania State College vegetable gardening experts.

About May 1, the second early wrinkled peas may be sown, followed by another planting about the middle of the month. These will be the last of the spring peas for most sections of Pennsylvania; those sown later will not likely mature before the warm dry weather of summer sets in.

Sweet corn and garden beans may be started soon after the first of the month, if the gardener is inclined to be venturesome. If the late frosts do not get these plantings, there will be extra-early sweet corn and snap beans. The safe date is usually May 15, at which time a second planting should be made, in order to provide a succession.

Through this month, small weekly plantings should be made of lettuce and radishes, in order to supply the table with these relishes at their best. For the later plantings, use the white radishes. They do not become so hot as the red ones.

The early beets, carrots, spinach and radishes started in the latter part of April should be thinned to stand from one to three inches apart. Cultivate to discourage small weeds. If weed control is begun at this time there will be fewer weeds to combat later on.

For the southern tier of Pennsylvania counties, May 15 is the safe date for setting cucumbers, tomatoes, peppers and eggplants.

WELLS TANNERY.

Mrs. Chas. Reese returned to her home in Juniata after having spent a few weeks with her parents Mr. and Mrs. S. C. Denisar.

Mrs. James Shuke spent Saturday night with her sister Mrs. Roy Deshong.

Mr. and Mrs. Chas. Burkett and son, of East Juniata, are spending a few days with the former's parents.

Mrs. S. C. Denisar is able to be out again.

"The Podunk Limited" given in the K. G. E. Hall last Saturday night was well attended even if the weather was bad. The neat sum of \$32.80 was taken in and, minus a few dollars expense, will be turned over to the Red Cross. The play, songs and recitations were all well given and some of the ones having part, showed marked ability.

Misses Alice and Jessie Cutchall completed a very successful term of school and among the regular ones in attendance were Helen and Evelyn Horton. This completes Helen's fifth term of school with not a day missed and Evelyn's second term with no absent days.

Helen is 10 years old now and she has not missed a day since starting in school.

BIG COVE TANNERY.

Do not get discouraged, farmers; plant more corn, if you can't plant oats.

The "all day" rain Saturday did not stop Mr. and Mrs. John Bain and children—Florence, Kenneth and Stella; Mr. and Mrs. Biddis Lynch; Mr. and Mrs. Himeel Harris and children Ruth, Edgar, and Bruce; Misses Bessie and Jemima Hann, and Mr. John Cooper—all of whom motored to Gettysburg, with lots of "tire trouble" and plenty of water. But they had a good time.

Miss Florence Eider and Mr. Raymond Souders spent Sunday evening with the former's sister Mrs. Rankin Mellott.

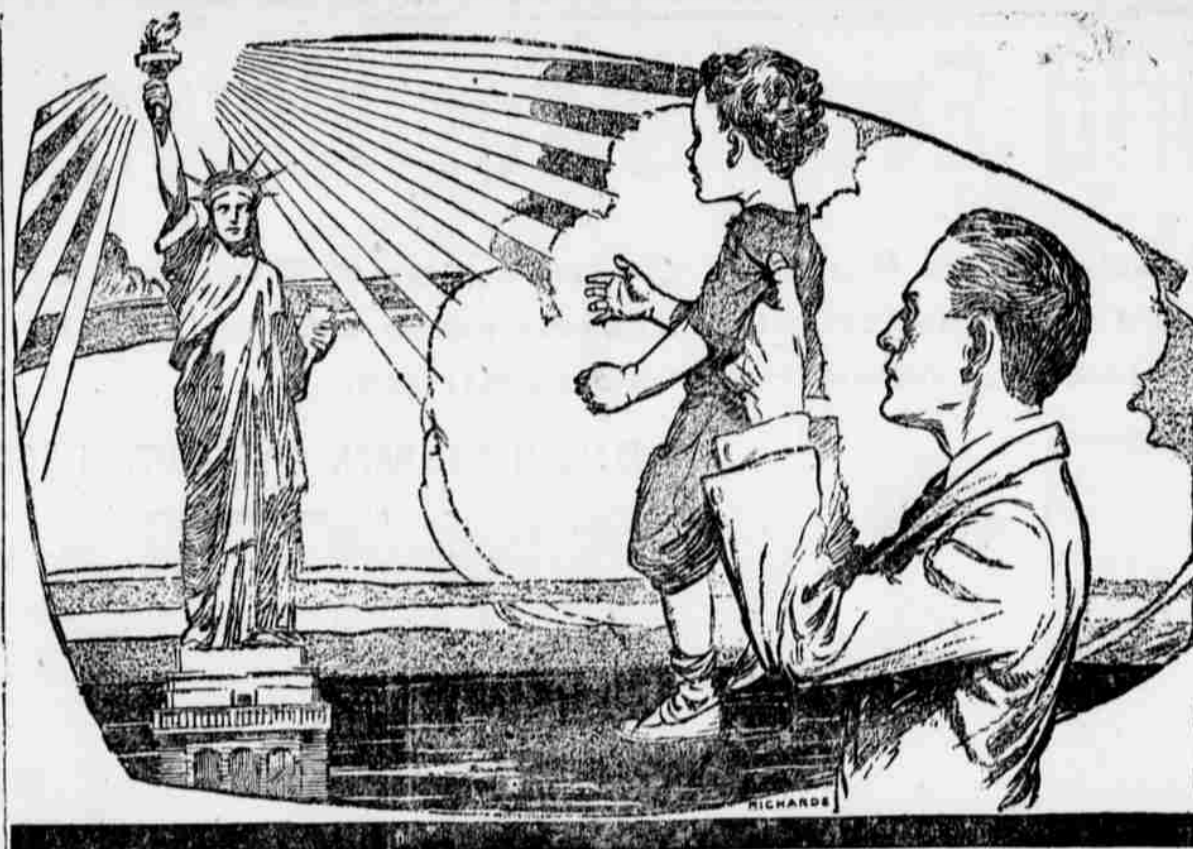

Frank Smith lost a valuable calf last Saturday.

Mr. and Mrs. Chester Truax spent Sunday at Bideis Lynch's.

Mrs. Jane Ann Morgret spent the week-end at John Bain's.

Mr. and Mrs. James Cooper spent Saturday at Chambersburg.

Rev. and Mrs. J. L. Yearick drove down from Jenners last Saturday afternoon, primarily to hear Dr. Herman in the Reformed and Presbyterian churches on Sunday, and secondarily to greet their former parishioners and friends. Mr. and Mrs. Yearick always find a glad hand extended when they come back to McConnellsburg.

Give Your Little Ones An Interest in the Future

They are your hold on the future, and America is fighting to make their future safe. They are too little to realize this now—but some day must learn to reverence the traditions of America, the ideals of America, the great cause for which the men of their father's day gave their lives.

hands bonds of their government. They will be for them inspiring evidence that their fathers planned sacrificed and invested for their sons' future. Liberty Bonds will mean more to them than money. They will make them proud of the fathers who in America's day of great need proved themselves true American patriots.

Be ready then to put in their

Care of Hen With Chicks

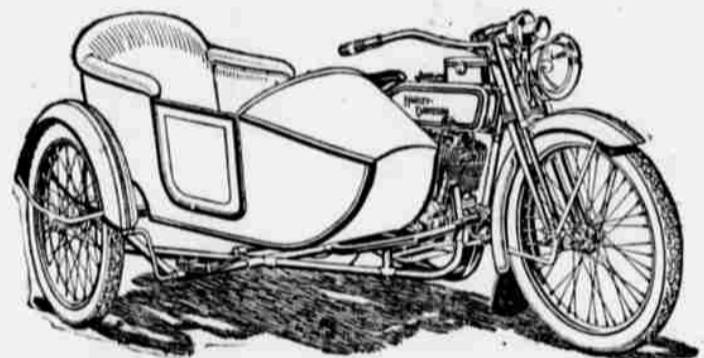

When the chickens begin to hatch, the sitting hen should not be disturbed unless she is restless and steps on or picks the chickens. In this case the chickens should be removed as soon as dry and placed in a basket lined with flannel or some other warm material and the basket placed near a fire or in some warm place until all the eggs are hatched. Another plan is to re move the eggs from the restless hen and place them under a more quiet one whose eggs are hatching at the same time.

When the eggs hatch unevenly, as is frequently the case, those which are slow in hatching may be placed under another hen.

Hens often are restless after a part of the chickens are out, which allows the remaining eggs to become cool at the very time when steady heat is necessary to successful and strong hatches. Remove the eggshells and any eggs which have not hatched as soon as hatching is over.

The mother hen should be fed as soon as possible after the eggs are hatched, as feeding tends to keep her quiet. Hens that are not so fed will sometimes leave their nests. In some cases it is best that the hen remain on the nest and brood the chickens for at least 24 hours after the hatching is over. It is important at this stage to guard against lice and mites. Before the hen and her chickens are removed to a brooding coop she should be dusted with a good insect powder. This should be repeated every two weeks, or often as is necessary, until the chickens are weaned. If lice become thick on the chickens, or if they are troubled with "head lice," a very little grease such as lard or vaseline may be applied with the fingers on the head, neck, under the wings, and around the vent. Great care is necessary, however, not to get too much grease on the chickens, as it will stop their growth and in some cases may prove fatal.

"Bill Hoke" is the name of the bestest little baby boy that came last week into the home of Wallace and Catherine Hoke Nice in Philadelphia.

Dry Quarters for Sheep.

The sheep is a native of high, dry surroundings, therefore we must imitate nature in the care of the flock to obtain the best results. In order to keep the animal's vitality at the highest possible point, plenty of exercise and abundance of fresh air should always be provided.

Nature has made ample provision to keep the animal warm, therefore a dry open shed is all that is needed for mature sheep. Very little trouble will be experienced from colds and pneumonia if dry well-ventilated quarters are provided.

Another vital factor in the health of the flock is the water supply. There is not an infectious or a parasitic disease known to sheep, according to the Pen-

sylvania State College animal husbandry department, that is not transmitted by water. Too much emphasis cannot be laid on having the water pure and uncontaminated.

The all too common practice of allowing the flock to drink from stagnant pools or even from streams that drain from other sheep pastures cannot be too strongly condemned. As long as such practices continue, parasitic infestation is certain.

Hustontown Charge, U. B. Church, J. S. Eminhizer, pastor. Sunday, April 12th. There will be preaching services at Bethlehem at 10:30; at Hustontown at 2:30, and at Cromwell at 7:30. Don't forget that the clocks have been turned ahead.

JUST RECEIVED AT Reisner's

of Ladies', Misses' and Children's Shoes, for quality they can't be beat.

Our Clothing Stock

has some splendid picking. We are selling lots of them at prices far below present value.

THE BEST

Wall Paper Stock

we have had for several seasons, and the price no higher than last year, although there has been quite an advance this season.

Floor Coverings Plenty.

Respectfully,

Geo. W. Reisner & Co., McConnellsburg, Pa.

RACKET STORE

We told you about Underwear, Shoes and Winter Clothing. Well, we have sold more of these goods than we ever did sell; and

Do You Wear Wool?

If you wear wool and have enough to last you next year, you are all right, as when we bought ours, Wool was selling around 30c. a pound. Now it is worth 75 or 80 cents, and labor much higher.

Old Prices.

We still have some Men's Wool Drawers that we can sell at old prices \$1.00 and \$1.35, and the same is true of Rubbers and Shoes. We have a nice lot that we are selling at last year's prices.

SOAP.

Just got eight 100-Cake Boxes of Cocoa-oil Butter-milk Soap, in 2 oz. cake, at 5c. cake; Lenox Soap, 5c.; Blueing, 5c. bottle. Holdfast Shoe Nails 4c. box, Hames Hooks, 8c.

Dr. Hess's Remedies

FOR ALL KIND OF STOCK.

If you have anything that is on the decline—a Horse, Cow, Hog, Sheep, or Chicken, let us show you that it can be made right. Eggs are 60 cents a dozen and it will pay you to try our panacea at 25c. 50c, \$1.00 and \$2.00 packages. Just try a small pack, and be convinced that we are telling you the truth. We are selling more of it each season. Why not try it? It will cost you nothing, and it will bring results.

We also have some good Underwear in Creton that it will pay you to buy. It will be much higher.
