Rev. John Rowland, of Maugansville, Md., will conduct a series of meetings at the Stone Bridge Brethren church, beginning Saturday evening, June 15th and continuing about ten days. Every one welcome to attend these meetings.

Corp. Bernard Truax, Camp Totten, N. Y., spent the time from Friday of last week until Sunday in the home of his mother, Mrs. Nettie Truax East Lincoln Way. Bernard enlisted in the Coast Artillery four years ago last December. He likes army service and expects to be sent to France soon.

In the obituary notice of Mrs. Jacob Strait, published in the News two weeks ago, the statement should have been made that Mrs. Strait was a daughter of David and Ann Rebecca Unger, the maiden name of Mrs. Unger being Brothers. Mrs. Strait was survived by two sons, two daughters, 28 grand-children and 8 great-grand-children.

Mrs. Rhoda Deshong Everts, widow of the late Isaac Everts, and son Harvey; and Mr. and Mrs. Amos Everts and son John; Mr. and Mrs. Jefferson C. Peck and son Charlie—all of Charles Town, W. Va., accompanied by Etta Armstrong, of Chambersburg, R. R. 7, passed through McConnellsburg Monday morning going to the Sideling Hill Baptist church graveyard to visit the grave of the late husband and father Isaac Everts. It was the first visit of Mrs. Rhoda Everts to the County in nineteen years.

**Memorial Day At Littleton.**

Citizens of the upper end, and of every other end, of Fulton County are invited to assemble at Fort Littleton on May 30th and participate in special memorial services, and service flag raising. Hustontown P. O. S. of A., Clear Ridge Jr. O. U. A. M., Fort Littleton Lodge I. O. O. F., Burnt Cabins P. O. S. of A., and all Sabbath schools have been invited to be present and join in the big parade. Able speakers will be present to make the addresses. Everybody invited to attend.

**War Paragraphs.**

From the date of the establishment of flying schools and camps in this country and at Camp Bor den, Toronto, until April 24, 1918, there have been 102 deaths in flying accidents.

The Treasury Department has extended to Great Britain an additional credit of \$75,000,000, making the total of American loans to that country \$2,795,000,000, and the total to all belligerents \$5,363,850,000.

A group of 105 women telephone operators, to serve with the Expeditionary Forces, have already been sent to France, and 150 are now in training schools to meet future demand. Wives of officers and men who are eligible are not accepted.

The British meat shortage is being felt more severely than at any time since war was started. That the shortage is not confined to meats, however, is shown by the fact that effective control of the milk supply is already being considered, in order to meet a possible greater shortage later in the year, and that some sections of English labor are favoring extensions of the compulsory rationing system as to bread, cheese, and tea.

The War Trade Board has limited the importation of crude rubber to 1,000,000 tons a year, and has instructed its Bureau of Imports for the current quarter to a total of 25,000 tons up to June 31, 1918. Some changes may be made after experiences are gained by this three months' test. Imports of crude rubber during the previous year had been at the rate of 157,000 tons per annum, so the cut is over one-third.

Only members of the senior division Reserve Officers' Training Corps, now in attendance at various educational institutions maintaining such units will be eligible to attend the one month's course of training to be held from June 3 at Plattsburg Barracks, N. Y.; Fort Sheridan, Ill.; and the Presidio at San Francisco. There are 120 colleges maintaining these units, from which 6,500 students will be selected. Those who complete the course of training will not be eligible for commissions. A great number will be under military age.

**Red Cross Festival.**

The Brush Creek Auxiliary of the Red Cross will hold a festival at Crystal Springs on Saturday evening May 25.

Every member of the Brush Creek Auxiliary is urged to attend and help make it a success, also every one cordially invited to attend.—By Order of Committee.

**Pig Clubs Add To Pork Supply.**

The 45,000 members of the boys and girls' pig clubs, says a recent publication of the United States Department of Agriculture, will produce at least 19,000,000 pounds of dressed pork this year, if their work is comparable to those whose members make complete reports last year. This work is judged to be extremely important in meeting the wartime demand for increased food.

The pig-club work has spread rapidly until practically every State is doing more or less of it as a part of the general club work. Twenty-one States have pig-club agents employed in cooperation with the Animal Husbandry Division and the States Relations Department of Agriculture.

In view of the great success attending the work thus far, and because of the great need of increasing the production of pork and pork products, the department is seeking to enroll 200,000 boys and girls as "junior soldiers of the commissary" for 1918. It is expected that every boy who can do so will raise one or more pigs for Uncle Sam and thus furnish the meat supply for a soldier.

**WHICH?**

Coal or kerosene? The government needs the coal. The less coal used this summer the more there will be for winter when it's needed most. Every housewife can help by using an oil cook stove in her kitchen instead of a coal range. Will you?

**NEW PERFECTION OIL COOK-STOVES**

not only save coal for war purposes and home heating but they mean less work for the women who have them. They're less trouble to operate than a coal range. Nothing hard to understand. Simply strike a match, light the wick and regulate the heat as easily as you turn a lamp up or down. Isn't that easier than carrying wood or coal and bothering with the ashes every day?

Also, the results are better, for you have the heat at one place, right under the pots and pans—not over the whole stove and over the whole kitchen.

But for perfect results always use Atlantic Rayolight Oil. Ask for it. Don't buy unbranded kerosenes. They look the same but they're not. Atlantic Rayolight Oil is so highly refined that it gives the most heat and all without smoke, sputter or smell. Go to your dealer now and ask to see New Perfection Oil Cook Stoves. And then be sure to use Atlantic Rayolight Oil.
