TRIP TO CAMP LEE.

Mr. and Mrs. Henry Barmont and Son Harvey Visit Charles E. Barmont Last Week.

On Wednesday morning of last week, Mr. and Mrs. Henry Barmont and son Harvey motored to Chambersburg, and at 1 o'clock entrained at the C. V. Station for a short visit to Camp Lee, traveling via Harrisburg, Washington, Baltimore, and Richmond. On their trip they say:

On our way we stopped in Harrisburg eight hours. We viewed the Capitol building and paid a short visit to relatives in that city, which we enjoyed very much.

We arrived at Camp Lee at 4 o'clock Thursday afternoon. We found the cantonment a beautiful place, but learned that most of the 80th Division had left for over-sea duty. As most of our Fulton County boys are included in this Division we did not get to see many we knew, but as far as we could learn the boys are all getting along well.

We were with Charles E. Barmont most of the time while in the Camp. Earl says, "Tell my friends I am out of the Hospital again, that I send them my best wishes and I hope to be able for duty in the near future."

We found good conveniences for visitors—both around the Camp and in Petersburg. Hotel rates were very reasonable.

Returning, we left Petersburg at 5 o'clock Saturday morning, stopping in Washington. We viewed the National Capitol, National Museum, Washington Monument, the man in the air ship, and numerous other points of interest.

Leaving Washington we returned to Chambersburg via Hagerstown which is a much nearer route than by Harrisburg. We arrived home at 1 o'clock Sunday morning. The trip was very tiresome but we were treated fine, and all enjoyed it very much.

The Primary Election.

Outside those directly interested in the outcome, there was but little interest manifested in the Primaries and the vote was light. In the Republican fight Sproul won the Governorship nomination over O'Neil by a sweeping majority, and Bonniwell won over Guffy in the Democratic, which of course, means that Sproul will be the next Governor. Bonniwell is an out-and-out "wet" man, and the "Drys" are not any too sure about Sproul.

In this Congressional district, Foelt was an easy winner over Williamson for the Republican nomination and Aucker had no difficulty getting on the Democratic ticket, which of course, does not mean much in this district.

This Senatorial district being safely Republican, the fight lay between Endsley for a nomination, and Miller, a new man. The new man (Miller) ran on the Republican, Democratic and Prohibition tickets, and while we do not have the official vote, the chances are, that he has more than fifty per cent of the vote, and is, therefore, practically elected now. Miller is a good man.

In this county, Clem-Chesnut had a clear track for the Democratic nomination for Assembly, and S. A. Nesbit and George A. Comer, put up a scrap for the Republican nomination, with Comer winning the place on the ticket.

Got Rid of the Rooster.

Eggs are almost as perishable as meat and milk. Handling impairs their quality. Hence the more directly they are sold the better.

There is little doubt that the rooster is the cause of more poor eggs than any other one factor, according to the Pennsylvania State College poultry department, "Blood Rings" and black rot in eggs are caused directly by the male. Where male birds are kept in the flock during the summer months the rotten eggs are invariably produced.

Take Care of Your Tires

America's greatest need is for ships—more ships.

Every available vessel is being utilized in government service.

Many ships that have been carrying rubber from Sumatra and Brazil have been taken for active transport duty. The number now left to bring rubber to this country is extremely limited.

This will necessarily force a temporary curtailment of tire production.

So, make the most of the tires you have.

Use good tires.

Take good care of them. Keep them in perfect repair. See that they are properly inflated.

Increase their mileage by careful driving. Keep out of car tracks and away from bumps. Don't scrape the curb or apply brakes too suddenly.

Get every mile your tires have in them.

Only in that way can you be assured of your car's continuous service—and remember, your tire is a vital war-time necessity.

So again, —take care of your tires.
