In Appreciation.

Eggs, per dozen.....

I wish to avail myself of this method of acknowledging to the people of Clear Ridge and vicinity my indebtedness to them for the substantial assistance given, and the helpful sympathy shown my mother Mrs. Mower, during the long illness and the death of my stepfather. This same loyalty has been shown in these recent days when the work of preparing for the sale seemed almost beyond endurance. Money cannot repay such loyalty in time of need.

In a good book it is written, "Cast thy bread upon the waters, for thou shalt find it after many days." Thou shalt find it, for God hath spoken it; and, remember that God is just as good to us as we will permit him to be -no more, no less. With every good wish for all, I am, Fraternally,

Claims on Uncle Sam For War Allowance.

My attention has been called by U. S. officials to the fact that all claims for war allowance can be settled by application through the enlisted man's-Commanding office if he is in this country or through his friends and dependents, if he should be already in

Application can be made direct to the Auditor for the War Department, Washington D. C. or through the undersigned, who

Save Coal

Uncle Sam needs it for war purposes.

One way is to use an oil cook stove instead of the coal

range. That won't be a hardship, but a big advantage. That

are now giving satisfactory service in millions of American homes. A New Perfection

will give you this same satisfactory service-a really better service (especially in

hot weather) than your coal range ever has or ever will. You don't have coal or

wood to carry-no dusty ashes to fly all over. And a New Perfection does not make

the kitchen almost unbearably hot like a range does. But it will boil and fry and

bake things just as you like them. It's always ready at the scratch of a match.

Every ton you save this summer can be used to heat your home next winter.

is if you buy the right oil cook stove.
