The next morning when S. J. Deshong came to town with a calf, he had the boy wanted and turned him over to the Sheriff who took him to Chambersburg Tuesday evening. The boy was getting something to eat at Bert Bard's and as Mr. Deshong had heard that the boy was wanted, he thought he would save somebody some trouble by bringing the boy to town. The boys are now in the Chambersburg jail.

**Fulton House Closed.**  
The Ehalt, who had conducted the Fulton House during the past three years, left the famous old hostelry between two days last week, taking with them the furniture that is said to have been the property of Mrs. Ehalt, and leaving unpaid bills with most of the business people in town. The Ehalt, who were experienced hotel people and made their guests feel at home; but they had not learned the art of making a hotel pay without selling liquor; and when they lost their license last winter they found themselves up against it, and took this method of extricating themselves from an unpleasant situation. The proprietor, Mr. Chas. Ehalt, is a courteous gentleman, and has the sympathy of well thinking people, even though they are not in sympathy with the liquor end of his business.

**Fulton Has Good Record.**

The per capita for the United States to June 8th was \$2.49; for the District, \$3.21, and for Fulton County, \$6.01. This is better than any of our adjoining counties, and when we get through the special drive of the 28th, we will be away over the top.

The following shows the sales of War Savings Stamps and Thrift Stamps by the respective post offices in the County, the total of which represents a maturity sum of \$32,556.50.

**Drift of the War Satisfactory.**  
Notwithstanding the fact that the Germans are making Herculean efforts to break through the allied lines, rush to the walls of Paris, and there under threats of the destruction of that beautiful city, dictate terms of peace, the general trend of the war is satisfactory.

Despite progress of the enemy on the map, the Allies are making still greater progress in the matter of power. This is due in part to the rapidity with which America is now coming into the fight, plus the growing confidence of British and French in their ability to hold fast until we arrive in adequate force. Germany's refusal to admit coming defeat is quite comprehensible. Though unwilling to make the admission, Prussian leaders undoubtedly know that militarism is doomed; that the superior resources of the Allies, reinforced by the oncoming flood of American soldiers, will ere long destroy their power for good. They are too intelligent to really believe that in their present condition of decline they can accomplish their world-wide ambitions. But out of sheer desperation they prefer the chances of ruin rather than confess defeat. They are taking the gambler's chances and plunging with the utmost recklessness, hoping to secure all the advantages possible and do all the injury possible before the fateful peace parleys begin. The greater their winnings now, the greater the chance they hope of using those winnings as an offset to the Allied terms. Of course German military leaders will not admit such contingencies; and by skillfully deceiving its civilian population and buoying them up with doctored reports of great victories, dreams of Mittel-Europe, etc., they have been able to keep the war going. So the cruel game is still on for the purpose of maintaining a criminal government which has wrought horrors and immoralities that stagger humanity.

The Rehoboth M. E. Sunday school will hold its annual picnic and Children's service combined in Scotts Grove, Saturday July 22. A cordial invitation is extended to all.

**Take A Day Off.**  
Arrange your work so you can have the Fourth of July off, and take your family to McConnellsburg and help with the celebration. Never in the history of the Country has the Fourth meant so much as at this time; and in its celebration we will not only revive the spirit of '76, but we will do a good day's work in aiding the boys who are in the front helping to throttle the horde of barbarian Huns that are thirsting for the blood of the American Eagle. It too often happens that a celebration on the Fourth of July is run in the interest of the fellow who sells peanuts. The Fourth at McConnellsburg will be altogether a different affair. While it is true that every effort will be made in a legitimate way to realize money, every cent of it will go toward helping to win the war.

The executive committee requests that all mothers in the County who have sons in the service, shall bring their Service Flags along to town that day; and while parents are invited to bring all their children, they are requested to have their boys between the ages of 6 and 12 dressed in overalls, and each boy to bring a garden rake if possible. The boys will be furnished straw hats to wear in the parade. The girls to be equipped with gingham aprons and sun bonnets. The parade promises to be the most attractive ever seen in the town. It will form at the north end of town and move at 3:30 in the afternoon.

**House Burned.**  
Early Monday morning, the dwelling house of Mrs. Elizabeth Tolbert near Big Cove Tannery, was discovered to be on fire, and before help could arrive, the house and most of the contents were destroyed. This is hard luck for Mrs. Tolbert, and we are informed that she carried no insurance.
