W R SLOAN,
WILSON L NACE
Auditors.

Much Wool for the Army.

Coming requirements of the Army for wool look large. Besides clothing for the soldiers in France and at home a reserve must be accumulated sufficient to take care of any emergency.

There are large stocks of manufactured clothing and cloth on hand adequate for essential civilian needs, but woolen suits will not be cheap or plentiful during the coming winter season.

Wool stocks from abroad to supplement the domestic supply is restricted by shipping conditions. The Shipping Board states the movement of Argentine wool will be heavier the coming year than in any preceding year. But a large portion of the raw wool stock in this country and stock to be produced or imported to January, 1920, will be needed for military uses.

The war service committee of the National Association of Woolen Manufacturers and the American Association of Woolen and Worsted Manufacturers conferred with the War Industries Board and representatives from the Shipping Board, War Trade Board, and Army and Navy over difficulties in the wool supply situation. The policy of the War Industries Board is to regulate prices and distribution when a scarcity arises due to Government demands.

Jags Cost $25 in Hancock.

Hagerstown, July 7.—Justice Remsburg of Hancock is making it very expensive to get drunk in that town and be caught by Constable Barnhart.

These two officers have decreed that Hancock must not be troubled with drunks made so by imported liquor, and every man arrested in Hancock recently for being drunk has received a fine of $25 and costs at the hands of the Hancock magistrate.

Yesterday Constable Barnhart brought two fellows to jail here, who could not, or refused, to pay their $25 fines. They were Oliver Mann and Newton Moss and each went to jail for thirty days.

Patriotic Days at Walnut Grove Camp

Saturday and Sunday August 10 and 11 will be observed as patriotic days at Walnut Grove camp. Saturday 10 a. m., Miss Grace B. Armstrong of the Farmer's Bureau, will give a demonstration on "Wheat Substitutes" and at 2.30 on "Canning Fruits and Vegetables." Sunday at 10.30 an address on Red Cross work. At 1.30 an address by Miss Armstrong on "Our Food Problems." At 2 30 address by a representative of the National Council of Defense, Regular religious services each evening until close of camp, August 18th.

Red Cross Picnic.

The Center M. E. Sunday School wish to announce that they will hold a picnic in the Center grove on the 20th of July. Benefits go to the Red Cross. We have been able to secure the aid of several able speakers. The music will be furnished by the Saltillo band. Eats will be furnished to those who desire it. Other features, including a parade, may be seen only by being there. The day will conclude with a festival. All come.

HOWARD B. KNEPPER.

Miss Ethel Logue, of Baltimore, is spending a vacation in the home of her parents, Mr. and Mrs. B. W. Logue, South Second Street.

The FUEL Administration authorizes us to say that it considers the use of OIL Cook Stoves at this time a very important help in the necessary conservation of Coal for war purposes

This is another way for patriotic women to help the government—use an oil cook stove and save coal. The best part of it is that you save work for yourself, too. But when you do buy an oil cook stove be sure it's a New Perfection.

NEW PERFECTION
OIL COOK-STOVES

mean less work—less worry—less expense. A New Perfection will do anything your range will do—bake, fry or boil—and all without the bother and fuss of tinkering with drafts or carrying coal and ashes. You always have just the right heat at the right time—no waste of fuel—no over-heated kitchen.

For most satisfactory results, though, always use Atlantic Rayolight Oil. It's different from other kerosenes—so scientifically purified that it burns in the New Perfection without smell, smoke or charring the wicks. Yet it costs no more than ordinary kinds. Always ask for Atlantic Rayolight Oil and insist on getting it. Go to your dealer now and select your New Perfection Oil Cook Stove.
