Sale Register.

Wednesday, July 31 Alice McKee and Logue McKee, executors of the will of William L. McKee, will sell at the late residence of the decedent in Whips Cove, horses, cattle, sheep, hogs, farming implements, lumber and many other articles. Sale begins at 10 o'clock. J. J. Harris auctioneer.

Paragraphs and Slogans.

W. S. S. will help buy liberty and justice.
Should we not consider it a privilege to save to help our boys.
Lend your money as freely as our boys are giving themselves.
It is cheaper to spend a lot of money to win the war than not to win it.
Are you grateful that 2,000,000 of our boys, enlisted in our Army and Navy, are giving us security at home? If you are, turn your gratitude into War Savings Stamps.
Samuel Gompers says: "We can forego luxuries for a time, be content with the primary necessities of life, in order to save for the future our heritage of freedom and the things of the spirit."

George M. Reynolds president of the Continental and Commercial National Bank of Chicago, says: "If we get to be a Nation of wise savers we shall also be a Nation with a more certain business future."

If you save to the utmost of your capacity and buy W. S. S. and Liberty Bonds to the limit of your financial resources you will be as genuinely patriotic as anyone. But do not forget that this means the limit of your financial resources—the limit reached after downright hard savings—saving that represents sacrifice.

J. Leonard Replogle, a foremost man in the country's steel industry, and now Director of Steel Supply of the War Industries Board, says: "This is a crisis, and commercialism must be absolutely sidetracked. There is just one thing that we have to do—win the war!"

When one of our soldier or sailor boys makes the supreme sacrifice we say he died doing his duty. When one of us over here buys an interest-bearing Government security we want to be called a patriot. Let's buy War Savings Stamps to help our country and not to be glorified.

Too much importance has been given Thrift Stamps. They are all right in their place. But do not make the mistake of thinking you have done your duty when you have bought a Thrift Stamp when you should have bought a \$5 W. S. S. There is no patriotism in trying to deceive yourself and your Government.

Card of Thanks.

Have You Paid Your County Tax?

Don't forget that if not paid before the 28th of July, you will not get the 5 per cent. off; but instead, will have to pay 5 per cent. on and justice's costs besides. That's the law. The duplicate is at the Fulton County Bank. Call and pay it or send in the money. If you want a receipt mailed to you send a three cent stamp. A penny saved is a penny earned.

Always "Just Going To"

He was just going to help a neighbor when he died.

He was just going to pay a note when it went to protest.

He meant to insure his house, but it burned before he got around to it.

He was just going to reduce his debt when his creditors "shut down" on him.

He was just going to stop drinking and dissipating when his health became wrecked.

He was just going to introduce a better system into his business when it went to smash.

He was just going to quit work awhile and take a vacation when nervous prostration came.

He was just going to provide proper protection for his wife and family when his fortune was swept away.

He was just going to call on a customer to close a deal when he found his competitor got there first and secured the order.—Dr. Orison Swett Marden.

"Poor Richard's" Maxims.

Many words will not fill a bushel.

God helps them who help themselves.

The used key is always bright.

Do not squander time; time is the stuff that life is made of.

The sleeping fox catches no poultry.

"Time enough," always proves little enough.

He that riseth late must trot all day and shall scarce overtake his business at night.

Laziness travels so slowly that poverty soon overtakes him.

Drive thy business let not thy business drive thee.

Early to bed and early to rise make a man healthy, wealthy and wise.

He that lives upon hope will die fasting.

Industry pays debts.

Diligence is the mother of good luck.

One to-day is worth two to-morrow's.

Have you something to do to-morrow, do it to day.

Let Uncle Sam have the coal

Thousands of tons of coal will be saved this summer in homes that formerly used a kitchen range all during the hot weather. These homes are going to use oil cook stoves so there will be more coal next winter and therefore more for the government. Will your home be one of them? It should be.

NEW PERFECTION OIL COOK-STOVES

will be in the majority of these homes and there should be one in yours. You will not only save coal—you will save money. Kerosene is far cheaper than coal. And with a New Perfection you can have the same good things to eat and with less work, trouble and time. It doesn't heat up the whole kitchen like a coal fire does, either. You can regulate the heat exactly as you want it. No fire to fix. No ashes to bother with. Many good cooks prefer to use a New Perfection the year 'round. But they get the best results (and you will too) when

they use Atlantic Rayolight Oil instead of ordinary kerosene. The difference is in the quality—the way it is refined and purified. All waste matter is taken out. All the heat-producing elements are left in. Atlantic Rayolight is a superior kerosene yet the price is no more than for the other kinds. There's a dealer near you who sells Atlantic Rayolight Oil. Look for the sign, "Atlantic Rayolight Oil For Sale Here." Decide right now that you will have a New Perfection Oil Cook Stove this summer. Your dealer can show you one now. Go and see it today.
