Loyalty.

Loyalty is that quality which prompts a person to be true to the things he undertakes. It means definite direction, fixity of purpose, steadfastness. Loyalty supplies power, pulse, purpose, ballast and works for the loyal man. If you are careless, slipshod, indifferent, nature assumes that you wish to be a nobody, and grants your desire. Success hinges on loyalty. Be true to your art, your business, your employer, your "house." Loyalty is for the one who is loyal. It is a quality woven through the very fabric of one's being, and never a thing apart. Loyalty makes the thing to which you are loyal yours. Disloyalty removes it from you. Whether anyone knows of our disloyalty is really of little moment either one way or the other. The real point is, how does it affect ourselves? Work is for the worker. Art is for the artist. The mental is a man who is disloyal to his work. All useful service is raised to the plane of art when love for task—loyalty—is fused with the effort.—Era.

Cat Tails Bring in Cash.

The heavy growth of flag, familiarly known as "cat tails," that borders Cayuga lake in New York, and covers thousands of acres of the Montezuma marshes, was for many years considered of little value. The small quantity used for chair seats was not enough to develop a well-organized industry.

In recent years the flag has come into general use in cooperage shops. Where a good barrel is required the cracks are made tight with a strip of flag. The flag in this vicinity is of the right sort; it grows under water for at least four months and is large and soft.

12TH OF OCTOBER AS LIBERTY DAY

President Calls People to Celebrate Discovery of America

AND AID THE WAR LOAN

Urges Ardent Rededication To Ideals On Which Nation Was Founded. To Aid.

Washington.—The President's proclamation named October 12 as Liberty Day and requested the citizens of the United States to celebrate the discovery of America, "in order to stimulate a generous response to the Fourth Liberty Loan."

The proclamation follows: "Every day the great principles for which we are fighting take fresh hold upon our thought and purpose, and make it clearer what the end must be and what we must do to achieve it. We now know more certainly than we ever knew before why free men brought the great nation and government we love into existence, because it grows clearer and clearer what its prime service it is to be America's privilege to render to the world."

"The anniversary of the discovery of America must, therefore, have for us in this fateful year a peculiar and thrilling significance. We should make it a day of ardent rededication to the ideals upon which our government is founded and by which our present heroic tasks are inspired."

"Now, therefore, I, Woodrow Wilson, President of the United States of America, do appoint Saturday, the 12th day of October, 1918, as Liberty Day. On that day I request the citizens of every community of the United States, city, town and countryside, to celebrate the discovery of our country in order to stimulate a generous response to the Fourth Liberty Loan. Commemorative addresses, pageants, harvest home festivals, or other demonstrations should be arranged for in every neighborhood under the general direction of the Secretary of the Treasury and the immediate direction of the Liberty Loan Committee in co-operation with the United States Bureau of Education and the public school authorities."

Let the people's response to the Fourth Liberty Loan express the measure of their devotion to the ideals which have guided the country from its discovery until now and of their determined purpose to defend them and guarantee their triumph.

"For the purpose of participating in Liberty Day celebrations all employees of the Federal Government throughout the country whose services can be spared may be excused on Saturday, the 12th day of October, for the entire day."
