Mine Cave-in on Broadtop. What is known in mining terms as a squeese was the cause Rlack's mines at Broad Top City Saturday evening, November 16. It happened in mine No. 3, known as the Cook Mine. It is one of the biggest operations in the Broad Top coal regions. 100 men were thrown out of employment and the estimated loss to Mr. Black will amount to nearly \$35,000 The squeese started after the miners had guit work and the entire mine is practically closed. All the miners cars, pumps and all sort of equipment that belongs. to the mines, together with the miners' tools are closed and smashed. Practical mining men say that they never saw anything like it in the Broad Top region before and it will take at least two years to get the mine back to anything like its capacity. Over 100 tons of iron are covered up and never can be gotten out. Along with it is 57 mine cars and three of the pumps are known to be smashed in the cave-in. The miners are all rejoicing that they were not in the mine at the time it occurred. Subscribe for the NEWS

War Risk Insurance.

Some soldiers in the service, and others who have been discharged, are inclined to stop paymachinery, oats, corn, fodder, 6 ment on their polices because no policy nor certificate has been received by their beneficiaries. This is a mistake, as no policy or certificate is necessary to keep Uncle Sam's insurance in force If any of the enlisted, or discharged, men have allowed their

policies to lapse, they may be reinstated if taken in time.
