General Winfield Scott Hancock whose death was announced in last week's paper was buried at Norristown, Pa, alongside of the remains of his father, on Friday of last week. The ceremonies were conducted in the simplest and most becoming manner. In the person of General Hancock the nation loses one of its most esteemed and useful subjects. Uncompromising Drmocrat as he was, he was a universal favorite with every party, and it is not too much to say that he dies without an enemy. A faithful servant of his country, an upright and noble-hearted citizen, perfect in every personal relation of life, wise and splendid as a soldier, good and spotless as a man, we bid him farewell in sorrow, and with honor and deep regret the whole nation followed him to the grave.

In the Senate, on the 5th inst, after a lengthy discussion the Dakota bill reported by the committee was passed—yeas 32, nays 22. The only Democrat voting in the affirmative was Vorhees. The negative were all Democratic. The bill divides the Territory of Dakota on the line of the 46 parallel of lattitude; provides for the admission of the southern portion as a State, and the organization of northern portion into a separate Territory under the name of "Lincoln." The bill is not likely to pass the House.

Horatio Seymour, died at Utica, New York, on Friday, Febr uary 12, in the 75th year of his age. Mr. Seymour was a man of high character and eminent abilities, always a gentleman, and, above all, always an honest man.

Col. Ingersoll on the Political Situation

"What do you think as to the next Presidential race?"

"That is a good ways off. I think the people can hardly be roused to enthusiasm by the old names. Our party must take another step forward. We can not live on what we have done; we must seek power for the sake, not of power, but for the accomplishment of a purpose. We must reform the tariff. We must settle the question of silver. We must have sense enough to know what the country needs and courage enough to tell it. By reforming the tariff, I mean protect that and that only that needs protection—laws for the country and not for the few. We want honest money; we want a dollar's worth of gold in a silver dollar, and a dollar's worth of silver in a gold dollar. We want to make them of equal value. Bi-metalism does not mean that eighty cents in silver is worth one hundred in gold. I believe that if this country stands firm all the nations of Europe will adopt the double standard. The Republican party must get back its conscience and be guided by it in deciding the questions that arise.

The Pump that Cost $1,000,000

The largest pumping engine in the world is that at Friedenaville, Penna. used to pump water out of a zinc mine. It was built at Merrick's foundry, Philadelphia, in 1870, at a cost of nearly $1,000,000. Its parts were so heavy that all the bridges along the line of the North Pennsylvania Railroad, from Philadelphia to Centre Valley, were strengthened to insure against accident. Its cylinder has a diameter of 110 inches; the piston rod is fourteen inches in diameter. It has a stroke of twelve feet, and in one minute forces over 20,000 gallons of water, or 30,000,000 gallons daily out of the mine to a height of 130 feet.

We clip the following item from Centre *Democrat* and give it for what it is worth: The 5th Regiment of the National Guard contemplate marching to Lebanon county next summer to their annual encampment. This will be a novel feature and contain a little more of the realities of what marching life was, especially if they are put down to a double quick, and a little hard-tack.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands Chilblains Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box.

G. M. Shindel.

Thousands of able men fail in life for purely physical reasons. They are not torpid but their liver is, and the liver blocks the way. They are bilious, yellow skinned, headachy and miserable, all because that great gland declines do its work. The medicine that can restore to this organ its natural power will add one hundred per cent. to the available force of this world. We know of but one thing able to do this—Dr. Kennedy's Favorite Remedy. Feb.

— ALL SIZES —

Carrying all steam and disagreeable odor from cooking food into the fire.

The MOST COMPLETE Cooking Utensil EVER INVENTED.

No burned hands. No scalded arms. No cloth needed. No disagreeable odors filling the house, or overflow on the stove. An examination of these Utensils will convince any one that they are the nearest perfection of any kitchen now known. A priceless necessity and bottle combined.

AGENTS wanted all over the U. S. for these goods. They sell fast and pay good profits—$5 to $20 per day. Call or write for circulars.

We the undersigned, Auditors of Snyder county, do certify, that in pursuance of the 47th section of the Act entitled "An act relating to Counties Townships &c." passed the 15th day of April, 1854, we met at the Commissioners office in Middleburgh on the 5th day of January, 1886, and did audit, adjust and settle the several accounts required of us by law, according to the several Acts of Assembly and supplements thereto, according to the best of our judgment and abilities, as set forth in the foregoing statements

In witness whereof, we have hereunto set our hands and seals, this fifth day of January A D 1886.

G W SIEGER, [L. S.]
J G HORNBURGER, [L. S.]
ADAM SMITH, [L. S.]
County Auditors.
