The Jews, finding that in the flow of secular work, Saturday is not a good rest day, are agitating for a change of tneir Sabbath to the Christian Sunday. They argue that as the devine law requires every seventh day to be kept holy, to keep Sunday fulfills the requirement of the law, and it can be done more easily and perfectly than to try longer to maintain Saturday as a day of rest and holy observance. Christians everywhere will stretch out a warm hand of greeting to the movers in this proposed change. In days like these, when the tendency towards secularization is so strong a reinforcement on the side of the Sabbath-keepers like that of the Jewish communities would be a herald of good. A correspondent in the *Occident*, the organ of the Hebrews in the West, says: "Some congregations in this country have courageously adopted Sunday as the day for holding divine service, and they are at once indicated as being without the pale of Judaism. God help such a system of religion, we say, that must depend upon the observance of a certain specified day for its life giving power. The grand eternal principles of pure Judaism will be effectual if taught on Sunday as on Saturday.

Some damsels are very exacting in their demands for tokens of love and admiration for their lovers. Sadie Hayes, colored, under sentence of death in St. Louis for murder, wrote to William Lacey that if he really loved her as he said he did he would send her a gold ring he wore, with the finger on which it was worn. On Wednesday she received the little finger of his right hand, adorned with the gold ring. The man is in jail for burglary, and he had actually sawed or cut off the finger at the joint with a steel shank taken from his shoe and sharpened on the iron bars of his cell.

Steady industry is the only true path to success, remarks the *Cultivator*. The prodding man generally wins in the long run. There is no royal road to wealth any more than to learning. A few men are suddenly enriched by speculation or inheritance, but such wealth is seldom permanent. Among the speculators we only hear of those who win a prize; the nine hundred and ninety-nine who fail of success never announce their failures. Only the hard-earned money is a save in the hands of its possessor. The safe business man or farmer never speculates.

A Captain's Fortunate Discovery.

Capt. Coleman, schr. Weymouth, plying between Atlantic City and N. Y., had been troubled with a cough so that he was unable to sleep, and was induced to try Dr. King's New Discovery for Consumption. It not only gave him instant relief, but allayed the extreme soreness in his breast. His children were similarly affected and a single dose had the same happy effect. Dr King's New Discovery is now the standard remedy in the Coleman household and on board the schooner. Free Trial Bottles of this Standard Remedy at G. M. Shindel's Drug Store.

Interesting Experience.

Hiram Cameron, Furniture Dealer of Columbus, Ga., tells his experience, thus: "For three years have tried every remedy on the market for Stomach and Kidney Disorders, but got no relief, until I used Electric Bitters. Took five bottles and am now cured, and think Electric Bitters the best Blood Purifier in the world." Major A. B. Reed of West Liberty, Ky., says: "Nothing has ever done me so much good as Electric Bitters. Sold at fifty cents a bottle by G. M. Shindel.

It is said that Secretary Lamar has only had his hair cut once in twenty years, but that he expects to have the operation performed again as soon as warm weather comes. The last time it was cut was in 1876, when he fell asleep in a barber's chair and woke up to find himself looking much like ordinary people.

How can you make an overcoat last? By making the undercoat first.

Why was Eve like Sunday? She was the first of the week.

"Papa, have guns got legs?" "No." "How do they kick then?" "With their breeches, my son."

As a rule lawyers are a brave class of men. "It's conscience that makes cowards of us," you know.

Society is just like a pie. There is an upper crust and lower crust, but the real strength and substance lies between them.

It is said there are more lies told in the sentence, "I am glad to see you," than in any other six words in the English language.

A Kansas boy earned a nice Bible by committing ten hundred verses to memory, and then he traded his Bible for a shotgun, and he accidentally shot himself in the leg while making a thousand discoveries resulting from the wounds about us. A train glided into the tunnel.

MANHOOD

HOW LOST, HOW RESTORED!

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure of Spermatorrhœa or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance.

The celebrated author in this admirable essay clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.
